troubled with a peculiar spasmodic affection of the throat. It would seize me suddenly and for a few minutes I would be unable to speak audibly, and my breath would be greatly interfered with. I would be obliged to gasp for breath.

"I finally concluded that it was some catarrhal affection which probably excited the spasm. It interfered with my vocation as a preacher, attacking me occasionally in the pulpit.

"I had heard so much about Peruna as a catarrh remedy that I determined to try it. After taking two bottles, my trouble has disappeared. I feel sure that Peruna has greatly benefited me."

Rev. P. E. Swanstrom, Swedish Baptist pastor, Box 228, Grantsburg, Wis., writes that from the use of Peruna he is perfectly well, entirely cured of chronic diarrhea and catarrh.

Peruna in Tablet Form.
For two years Dr. Hartman and his assistant have incessantly labored to create Peruna in tablet form, and their strenuous labors have just been crowned with success. People who object to liquid medicines can now secure Peruna Tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

BILL IN CONGRESS TO CURB GAMBLING

Measures Introduced by Texas Members Would Prevent Operations in Cotton and Grain.

MAY COVER DEALS IN STOCK

Idea Threatens to Place an Embargo on Market Speculation of All Kinds.

Washington correspondence:

HERE has been a sudden awakening throughout the country to the fact that some thing is going on in Washington which threatens gambling in cotton and grain and possibly, too, which aims to place an embargo on speculation in stocks. Indications of this awakening appear in a regular flow of letters from the interests threatened to the members of Congress, who are identified with the proposed restrictive legislation.

The reason which calls forth these letters lies in two bills introduced by Senator Culberson, of Texas, and Representative Burleson, of the same State, designed to wipe out speculation in cotton futures. The bills are identical and while they apply only to cotton, as originally drawn, there is likelihood that if either of them is reported out of the committee to which they have been referred the provisions will be extended to apply to wheat and other grains.

The central idea in the Burleson bill is the application of the power to regulate interstate commerce so as to restrain telegraph and telephone companies from transmitting messages relating to a contract for the future delivery of cotton. The use of the mails also is prohibited to publications containing notices or records of the transactions of any produce exchange wherein the contracts aimed at in the measure are made. Heavy penalties provide the means of restraining the telegraph and telephone companies. It is the contention of Representative Burleson that if information of the kind prescribed can be kept away from the people living outside New York and New Orleans it will put the New York Cotton Exchange out of business. Frankly, it is admitted, that such is the object of the bill.

The Boards of Trade in several cities are aroused. Probably what they chiefly fear is that public sentiment against speculation in both stocks and bonds, which has been accentuated by the recent financial condition, may hasten a demand for the passage of the bill.

In addition to the Burleson measure, Representative Heppburn, of Iowa, has in hand a plan to regulate dealing in stocks.

Both France and Germany have adopted radical restrictive measures relating to dealings in stocks, grain, cotton and other things on margins, and their example is being pointed to by American legislators who are earnest in their intention of doing something along the same line. The laws of France prohibit gambling in several securities and provide heavy fines and imprisonment for infractions thereof. The French penal code also prohibits "corners" or attempts to control the supply or affect the prices of grain, flour, bread and other food products.

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
