Something to "Lean On"

and visible means of practical support is a good, substantial bank account. Once you have a good balance at your banker's, you do not care how things go, because you feel independent. And the only way to get a bank account is to save, and save, and acquire riches by patient thrift. We can help you do this by taking care of your savings and paying you a good interest thereon. Do not delay, but start saving at once.

Last Call.

The annual meeting of the Commercial club will meet at council room Friday, February 28, at eight o'clock. Other towns in the valley are taking active measures to secure the incoming migration. Newberg is not doing what she ought to do in this direction, and we believe this can best be done through some kind of an organization. There are various things of interest to the community that should be discussed and action taken. Everybody come.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. For sale by C. F. Moore.

The Correct Time

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for some time the treatment will be longer, but the cure is sure. Sold by Moore's drug store.
