The members of the Baptist church are very much elated on account of the acceptance on the part of Rev. F. C. Stannard of a call to return to Newberg to again take the place as pastor of the church and others who knew him when he was here, members of other churches and those who are not associated with any will be pleased to know that he is to return to the work here again. Randall, a man who has had twenty-five years experience in the canning business in California, has charge of the work and he and four other men are putting everything in readiness for the machinery which is soon to arrive. Contrary to the custom in vogue in most canneries the comfort of the women workers is to be provided for by the use of stools for them to sit on while working at the tables, and a large number of stools are already made.
