ISSUED EVERY THURSDAY MORNING

E. H. WOODWARD. W. C. WOODWARD.
Editors and Publishers

\$1.50 Per Year in Advance.

THURSDAY, APRIL 2, 1908.

The registration books close on April 7. Will your name be found written there when election day comes round?

Immediately following the primary election "Ballard's Snow Liniment" will no doubt have a big sale. It is highly recommended for old sores you know.

When the Portland dailies fail on every other hand for big scare headlines they fall back on the poor old Madison street bridge which is always "In a Dangerous Condition."

It is claimed that Yamhill county is paying \$10,000 in state taxes in excess of what is just and a taxpayers meeting is called to meet at McMinnville Friday afternoon at one o'clock.

I. H. Amos is the prohibition candidate for United States Senator. With Amos alongside of Ben Tillman several prongs would have to be added to the pitchfork to make it halfway adequate.

It is reported the Log Cabin Syrup people are contemplating establishing a factory in Portland that will employ two hundred or more people, which may be taken to indicate that they have figured out that it will be cheaper to ship the raw material that goes to make up the sweet stuff from "back east" to Oregon than it will be to ship the poles for the cabin from Oregon to the eastern factories.

Parties that make up their tickets with names "just to fill in" with a view of being counted on the side they stand for, often make some misfit nominations. For instance, a certain party has named a man for dairy and food commissioner, who if elected to that office would be as awkward in the position as a cow with her first calf. He is simply not a cow man, but he knows more about the fruit business than a whole township of other fellows that might be named. It is simply a case of putting a willing horse in the wrong stall.

It is polite for a man to ask the women in the house if smoking is offensive to them before he lights his cigar. It is polite for the women to say no, whether it is offensive or not. It is always polite for a man to have his own way and for the women to look as though his way was theirs. But speaking about real politeness, the man who is really polite will not attempt to smoke in any home but his own, no matter what the hostess may say.—Eugene Guard.

And the man who cares to treat his wife with the same courtesy he would show to other ladies will cut it out at home.

The club plan that was organized at Corvallis to defeat the local option law soon after Benton county was voted dry, has been knocked higher than Gilroy's kite and the instigators are out \$1200 in fines and forfeitures of bonds, to say nothing of lawyers fees that have been heavy. The decent element in Corvallis enlisted early to see that the law was respected and they have won out in every legal battle. Prohibition will prohibit anywhere if the leading citizens will take off their coats and make the sacrifices that are necessary to make any good cause win. Goody-goody people can talk against the saloons in public as glibly as anybody and tears flow

easily while listening to the harrowing tales of the stock lecturer, but there comes a time when men of backbone must show up if final battles are to be won.

C. C. Hammerly, editor and publisher of the News-Reporter, has announced himself as a candidate for Joint-senator from the district composed of the counties of Yamhill, Washington, Lincoln and Tillamook, subject to the approval of the republican voters at the primary election. While Mr. Hammerly is comparatively a new man in Oregon, having come here from the state of Washington, he has thoroughly identified himself with the interests of our state and particularly with the interests of Yamhill county, and the spirit of push and enterprise that he has exhibited will commend him to the voters who must choose the candidate for the republican party for senator in this district. Our acquaintance with Mr. Hammerly has convinced us that he is a thoroughly clean man and that if nominated he will be found on the right side of public questions as he shall see them from honest convictions. Yamhill county republicans ought to give him a solid vote.

The Springbrook boosters have taken up the good roads problem and have appointed a road commission, composed of F. A. Jones, L. S. Otis and Horace Newlin to work out a proposition for more efficient road work. This is about the best thing we have heard of for several moons and we hope that the movement will prove to be "catching." No one man can make good roads alone but should the people once get awakened up to the real situation and get in and drill with unity of action, there is really no reason worth considering why we should not have first class roads over the country. In the past a few people have talked good roads during the winter and early spring when nothing but talk was possible, but all good resolutions were smothered as soon as good weather came and something could have been done to improve the roads. Some talk followed up with effective organization and enlistment for good hard work during the proper season for road work, would, in the course of a few years, work such changes for betterment about Newberg that we would all wonder why we hadn't got down to business sooner.

Card of Thanks.

We wish to extend our heartfelt thanks to the Newberg band for the music rendered at the burial of our loved one.

Mrs. HATTIE HASKIN
and FAMILY.

District Prohibition Convention.

In line with a well established custom of the prohibition party of the First Congressional District, a nominating convention was held in Newberg on Thursday of last week. It is easier to get a hundred members of the party together at this point than anywhere else in the district and consequently honors come easily to our town.

D. A. Snyder, of Dayton, presided at the meeting and C. E. Newhouse, of Springbrook, acted as secretary. Many speeches were made but the most noteworthy of all was that of W. P. Elmore, of Brownsville, who handed several body blows to Senator Fulton. He cited the fact that the senator as a member of the sub-committee of the Senate with two others, the vote standing three to two, decided to report adversely to the full committee on the propositions giving states power to deal with shipments of liquor consigned to points within their borders from outside states.

The nomination for congress went to Daniel Staver a retired Congregational minister of Forest Grove.

Candidate's Column

SAM'L L. PARRETT

Republican candidate for the nomination for the office of County Clerk.

Dundee, Oregon

R. B. LINVILLE,

Candidate for County Recorder, subject to the decision of the Republican Primary Election, April 17, 1908.

For Recorder.

W. W. Nickell, of Bellevue Precinct, who is a candidate for County Recorder on the Republican ticket, was in the city on Wednesday and from reports gathered from different parts of the county he has many friends. Mr. Nickell solicits your support and influence, and will guarantee that he is competent in penmanship, typewriting and general clerical ability to fill the office of Recorder.

For Commissioner.

I hereby announce myself a candidate for County Commissioner subject to the approval of the republican voters of Yamhill county. I nominated and elected I promise economy to the best of my judgment and equal favors to all parts of the county.

F. M. YORK,
Carlton.

For Assessor.

I am a candidate for the office of Assessor on the Republican ticket. If nominated and elected I will conduct the office strictly on a business basis, and shall endeavor to give a just and equitable valuation of all property within the county.

G. A. HEINZ.

For Assessor.

I am a candidate for Assessor, subject to the vote of republicans at the primary election. Have been a resident of this section practically all my life and having served as deputy Assessor for a number of years am familiar with the duties of the office. If I am nominated and elected I will show equality to all and special privileges to none.

MARTIN MILLER.

For Assessor.

Believing in a fair and equitable assessment for all; knowing that the office of assessor becomes more important as the valuation of the property of the county increases, and having had several years experience as field assessor I believe I can discharge the duties of the office in a creditable manner. I am a candidate subject to the vote of the republicans of the county.

A. B. WATT.
Amity.

Yamhill Man for Senator.

C. C. Hammerly, publisher of the News Reporter, McMinnville, is a candidate for senator for this district, now represented by Dr. Wright, and composed of Lincoln, Tillamook, Yamhill and (recently added) Washington counties. Mr. Hammerly was born and raised on a farm in Iowa, taught school a number of years in country high school and academy; but for the greater part of the time he has lived here in the west (over twelve years) has been an editor. He is a life-long republican. If elected he will make a special effort to represent every portion of the district.

For Sheriff.

I am a candidate for the nomination for the office of sheriff, subject to the will of the republican voters of the county at the primary election April 17. I have been a resident of Yamhill county for more than forty years and have a good knowledge of the duties of the sheriff's office.

Your vote is solicited.

W. G. HENDERSON.

For Sheriff.

A word for North Yamhill's candidate for sheriff. H. V. Stott is a native son of Yamhill, was educated at Pacific University, Forest Grove, and would make a competent and resolute officer. Mr. Stott was the only man who was willing to make a personal sacrifice by filling up the republican ticket two years ago. The present incumbent of the sheriff's office was known to be a very efficient and exceedingly popular man and his re-election was conceded. Now there is a chance. Would it not be fair and honorable for republicans to support Mr. Stott?

A Republican.

A Special Word.

Unless the delicate, exactly adjusted parts of a watch are kept clean and lubricated, they are certain to become worn to a greater or less extent and the movement will surely lose its accuracy. Tiny particles of grit are bound to work into the best protected movement; the oil will become gummed in time and these combined will serve to cut and grind the pivots and cause friction.

Every watch should be thoroughly cleaned and oiled at least once in eighteen months, and if yours has not been cleaned within that time, it should have immediate attention.

We will clean your watch precisely as it would be done in the best watch factories—take the movement entirely apart, clean each wheel, cog and pivot separately, assemble and regulate it—and when you get it back you may depend upon it being in "perfect shape."

Plumbing!

Give us a chance at that new home. We would like to put in those Bath Fixtures, Etc., and do your plumbing.

LET US FIGURE WITH YOU.

Clemenson & Evans

Nursery Stock for Sale.

Lambert, Royal Ann and other varieties of cherries, apple and peach trees as well as a stock of various kinds including quite a lot of English walnut trees, all grafted of the best varieties. The latter will be sold for about half the price such trees have been selling for. Stock will be found on J. W. Child's block west of public school. Come soon as I wish to close out as soon as possible. Will give full worth for your money. J. B. FORSYTH.

Noireau.

The Belgian Stallion, Noireau, will make the season of 1908 at my farm 4 miles east of Carlton and 3 miles north of LaFayette. Terms, \$12.50 to insure in foal; money due when mare is known to be in foal, sold or removed from county. Saturday and Sunday reserved. W. L. Walker, owner.

Love may be blind but its sense of touch is very acute. What's the use of having neighbors if you cannot use them.

RUBEROID ROOFING.

IF you are to put a new roof on your barns, poultry houses, outbuildings, or even your residence, use the "Grand Old Roofing"—RUBEROID. You can apply it yourself. We furnish Free all the necessary fixtures. No experience required.

During the hot summer Ruberoid will not melt because it contains no tar. It will stand the cold of winter because it retains its pliability indefinitely. Sparks or burning brands will not ignite it.

For your own safety, look for the registered trade mark "RUBEROID," stamped on the under side every four feet. None other is genuine. Send for samples and Booklet R.
