Local Events.

Dr. Snapp left for his new job
with the railroad people at
Huntington the first of the week.

Ralph Ackley, the Tillamook
representative of the Portland
development league, was in town
Tuesday.

Harvey Saunders came up from
Portland Saturday evening to
spend a little time with "the
folks." He was looking well.

L. W. Charles has rented the
Miss Ella Hadley property on
River street and will move his
family and effects up from Port-
land.

Harlan Smith has a neat cot-
tage well under way, located
north of the Baptist church in
"Smithville," which he will oc-
cupy when completed.

The log train from Falls City
started on the run again the first
of the week and everybody is
hoping that it may keep up the
gait all through the season.

Being in very poor health, H.
C. Johnson has been brought
from Salem, to be cared for at
home. Friends are kindly re-
quested not to call expecting
to see him, as it cannot be al-
lowed.

J. W. Trew, who has been
working in a mill at Hoquim,
Washington, for some time is at
home with his family again and
has a job with M. H. Pinney
running his planer at the little
plant on the railroad.

Principal Kirk and his assist-
ants in showing Superintendent
Belt what they could do in case
of fire recently, cleared the build-
ing of six hundred pupils in fifty-
eight seconds at the sound of the
gong.

Charley White came over from
Scotts Mills last Saturday to
visit with his mother, Mrs. Mary
White, and his son Harvey who
is in college, but he failed to con-
nect with the latter as he and
Olin Hadley had gone hiking to
the latter's home at Marion.

L. B. Charles, foreman in the
Graphic office left for Lake coun-
ty the first of the week in com-
pany with his sister, Mrs. Alice
M. Noel, to take a look at the
country with a view of locating
on homestead land. His brother
L. W. is holding down the job in
the office during his absence.

John Gower has begun work
on a new green house which is
to be 20x80 feet. He finds a
ready market for all the hot
house stuff he produces and he is
so well pleased with the outlook
that he will continue to branch
out to meet the demands of the
trade. It is all in the know-how.

Mrs. C. S. Hulin's father, D. G.
Smith, sold his place in Lane
county and came to Newberg
last Thursday and was so well
pleased with this part of the
Willamette valley that he bought
forty-one acres last Monday
from Mr. Brown near Dundee
and will make this county his
home.

J. H. Smith, son-in-law of J. W.
Wiedman, who removed from
Newberg to Euclid, Lincoln coun-
ty, three years ago, died April
10 as the result of an accident
that occurred in falling a tree.
While improving his homestead
and in sawing down a tree the
tree fell sooner than he expected,
striking the unfortunate man,
breaking both legs below the
knees and injuring him internal-
ly. He died thirty-six hours
after the accident. Ten years
before he had both legs broken
in a railroad accident. The de-
ceased left a young wife, the
daughter of Mr. and Mrs. Wied-
man, four small children, his
father and two brothers. The
above account was furnished by
Dr. H. J. Minthorn, of Newport,
who attended Mr. Smith.

Prof. Broughton, of McMinn-
ville College will preach at the
Baptist church next Sunday
morning.

S. M. Hoskins and wife arrived
here from Danville, Illinois, last
week, coming with a view of lo-
cating. Mr. Hoskins is a brother
of Mrs. J. H. Rees, of Spring-
brook.

J. O. Swisher, of Centralia,
Washington, visited from Friday
till Monday of this week with
Mr. and Mrs. J. H. Ingle. They
were Kansas neighbors eighteen
years ago.

Herbert Satchwell, who has
been holding down a position as
conductor on the Portland elec-
tric lines for some time, has been
at home during the week taking
a needed rest while slightly in-
disposed.

Herman Smith arrived home
from Kansas last week where he
spent the winter. He has the
same story to tell that others
are bringing which is that busi-
ness is better in Oregon than it
is east of the Rockies.

Work on the milk condensing
plant is progressing nicely and
the building will be ready for in-
stalling the machinery in a few
days. Mr. Ross says he hopes
to be ready to begin to receive
milk in about a month.

A. M. Hoskins has rented his
residence on River street to C. D.
Ross of the milk condensery, and
the first of next month he will
store his furniture and he and
Mrs. Hoskins will go to Lents
and live in the house with Mrs.
Lizzie Hoskins.

Arbor day is to be observed at
the college on Friday by setting
trees and engaging in putting
the campus in better order. The
ladies will furnish lunch at noon
and a big day is to be made of
it. A general invitation is ex-
tended to all who are interested
to attend and assist in the good
work.

C. T. Long, who is a republi-
can candidate for county com-
missioner, was down from Mc-
Minnville Tuesday getting ac-
quainted with the people. Mr.
Long is a carpenter and con-
tractor and has had consider-
able experience in bridge build-
ing, which his friends think gives
him a peculiar fitness for the po-
sition. He has resided in the
county for years and is one of
our substantial tax payers.

Mr. and Mrs. Allen Smith, who
went to Kake, Alaska, seven
months ago to assist in the work
at Friends Mission on the island,
arrived home Tuesday evening.
They remained considerably
longer than they had expected
when going as changes that were
made in the work seemed to re-
quire it. Mr. Smith and his two
sons Harlan and Herman have
associated themselves together
as a firm to do carpentering and
contracting during the coming
season and as they are all first
class workmen they will no
doubt find plenty to do.

Rolly Watson and wife, of Til-
lamook, who passed through
town Tuesday in their big red
touring car on their way home,
made a pleasant call at the
Graphic office. Mr. Watson spent
several years in the navy and
was on board Dewey's flag ship
at the battle of Manila Bay, but
since retiring from the service he
has until recently been engaged
in the newspaper business as
publisher of the Herald at Tilla-
mook, and the shots that have
passed back and forth between
his office and that of the Head-
light with Baker behind the gun,
have been about as warm as
anything seen at Manila. At
present Mr. Watson is promot-
ing a scheme for improving the
wagon road into Tillamook by
way of Grand Ronde. He has
four men at work on the road
now and he hopes to be able to
interest others to such an extent
that the road may be made pas-
sable for autos by the middle of
the summer, when he intends to
put his touring car on the route
from McMinnville to Tillamook.
He figures that he can make the
run with safety in nine hours.

Dr. Harrold went to McMinn-
ville the first of the week to at-
tend a meeting of the advertising
committee of the County Devel-
opment League.

Rev. J. E. Blair, pastor of the
Presbyterian church went to
Lebanon the first of the week to
attend a church conference.

The High School students are
promising something good in the
way of an entertainment to be
given in the High School room
Friday evening April 24th. The
money will be used for a good
purpose, half going to help the
boys prepare for the county field
meet here, and half to assist the
girls to send a delegate to the Y.
W. C. A. conference.

The many friends of Porter
Skinner will be sorry to learn
that he is at home on his dairy
farm on Chehalem mountain in
poor health. Mr. Skinner has
been a very active man of affairs
during his whole life and having
crowded the machine to the
limit, continued rest will no
doubt be necessary in order to
give nature time and opportuni-
ty to make repairs.

Everett Heacock has bought a
two acre tract of N. C. Christen-
son, being a part of the A. B.
George place near town on the
northwest, and has laid it off
in lots with a view of building
houses on same and selling. He
has plans matured for a 20x30
bungalow of very neat and tasty
design which he will build at
once.

The Friends church at Rex was
dedicated last Sunday with all
day services and a big basket
dinner at noon. Rev. Isom P.
Wooton preached the dedication
sermon in the afternoon. Two
hundred dollars was subscribed
for clearing the house of debt
and for the purchase of an organ.
The Rex people are very proud
of their church and they have
cause for the feeling as it is a
very neat and attractive build-
ing, and it was built and fur-
nished at a very low figure.

Paul V. Maris came up from
Portland Tuesday evening and
remained over night. He has re-
cently been appointed deputy
under J. W. Bailey, dairy and
food commissioner, and during
the week he has been getting in-
itiated into the duties of the of-
fice. His work will be in the
country mainly where he will
visit the dairy ranches, test each
cow's milk, find out what each
man feeds his cows, ascertain re-
sults, and learn all the best
methods pursued by the most
successful dairymen, and this in-
formation he will carry to others.
It is a step taken by the dairy-
men with a view of gaining all
the information possible that
will help them to get the most
out of the business at the least
possible cost. Mr. Maris will
put his best efforts into the work
and his friends feel confident that
he will succeed in his new field of
endeavor.

Newberg has figured promi-
nently this week in a kidnaping
case, Seattle and Portland par-
ties being the participants. A
young couple in Seattle named
Manard have had trouble and
their little five year old daughter
was given to the husband by the
court. A week ago the parents
of Mrs. Manard kidnaped the
child, taking her to Portland
and later bringing her to the
home of Mrs. Bass in Newberg.
Mr. Manard with detectives fol-
lowed the trail and located the
child and her grandmother here.
The Bass home was closely
guarded day and night until
Wednesday when the parties ap-
peared before Judge Bird at Mc-
Minnville, Attorney Clarence
Butt appearing for the mother
and Attorney Roswell Conner
for the father. Judge Bird placed
the little one in charge of Deputy
Sheriff J. J. Woods to be returned
by him to Seattle for final dispo-
sition in the courts there. Jo
left Wednesday evening with his
charge looking as happy as a
father with his first born. And
why shouldn't he for she is a
pretty little thing.
