**H. M. Cake, Republican Candidate for U. S. Senator**

The passage of the bill for the appropriation for the support of the University of Oregon will increase your taxes a little more than two cents if you pay taxes on \$1,000 worth of property, but all progressive citizens will be willing to pay this much to save Oregon from the brand of a "mossback" state.

Please let Mr. Cake run on his own record, not on the president's.—Albany Democrat. But isn't Chamberlain claiming to be a better Roosevelt man than Cake or any body else in Oregon, and is he not trying to boost himself into the senate through his declarations for Roosevelt policies, while at the same time he is legging for Bryan as a presidential candidate? When it comes to political acrobats Chamberlain is certainly the whole show.—Eugene Register.

If Oregon republicans are to accept the statement of Chamberlain that it is just as well or better to send a democrat to the senate than to send a republican, and to sustain him in the contention by voting for him, then they may as well admit that it is just as well or better to elect a democratic president than to elect a republican president. Of course it is to be expected that a democrat, who believes in his party will take this view of it but the republican, so called, is no longer a republican when he takes this stand and he ought to go over and train with the other fellows in order to be consistent.

Every resident of Yamhill county who is opposed to the licensed saloon should at once take it upon himself to see that voters are posted on two measures bearing on this subject that will be voted on at the coming election. One of them is a plain issue, for the county alone, between those who favor allowing saloon licenses granted in the county and those who are opposed to it. The other is a proposition to allow incorporated towns and cities in the state to have full control of the saloon question regardless of the vote outside the corporate limits. The latter proposition will appear on the ballot worded with the view of confusing the voter. Instruct your friends to vote against both these propositions.

The university appropriation which has been held up by petition and which will be voted on at the coming election is a matter that is causing a great deal of discussion, but from the trend of the newspaper comment it is evident that there is little doubt but that it will be sustained by the people. Many people feel that it would have been better to have made the appropriation smaller, owing to the many heavy demands made on the tax

payers, but they also realize that in order to sustain the university as it should be more money must be forthcoming and that it would work disaster to the institution to cut the appropriation off entirely. We shall vote to sustain the bill making the appropriation and we believe it will be upheld by a large majority. Oregon ought to have a university of high rank and in order to place it in that class it must be backed up by money and the money must come from liberal appropriations.

The Graphic does not regret the fact that the saloon question is to be voted on in Yamhill county again this year. In fact on second thought we are rather glad the matter is up again. We have had two years experience in the county without saloons and the opportunity will now be afforded for getting an expression from the people indicating how they like it. Here in Newberg where we have never had saloons no change has been noticeable as things have been running along in the same channels, and consequently it is to be expected that if the vote this year shows any very great change either way it will come largely from other towns in the county where the saloons were put out of business. Very favorable reports come from some of these places and we confidently expect to see the majority for a dry county largely increased. There is a feeling that the matter of re-submission has been pressed by the wholesalers who are rapidly losing ground, and that there is no indication of a change in sentiment that justifies calling a vote at this time, but since we believe in majority rule it is probably just as well to have the matter come up again. There will be something doing all along the line on election day and the wholesalers will know where they are hit this time. Unless we have made a wrong diagnosis of the case it will be a long resting spell before they again call for a vote on the saloon problem in Yamhill county.

**Candidate's Column**

**Assessor.**

As the regularly nominated candidate for county assessor by the republicans of Yamhill county, I solicit your support on election day.

MARTIN MILLER.

**Recorder.**

W. W. Nickell, republican candidate for County Recorder regularly nominated under the direct primary law, solicits your support and influence, and will appreciate the same. Twenty-two years devoted to private life and the best interests of Yamhill county.

**Sheriff.**

When you enter the election booth to vote on June 1, please remember that I received the nomination for sheriff at the hands of the republican voters at the primary election. Yours for a square deal for all classes.

W. G. HENDERSON.

**To Yamhill County Voters.**

Having received the Democratic nomination for Sheriff of Yamhill county and knowing myself competent to fill that office so that I will not be entirely dependent upon my deputy, I solicit your vote at the June election. If elected I promise to enforce all the laws impartially. I shall not favor any person or persons above another, or others. I am not only competent to attend to the outside work of the office but am competent to act as tax collector, and to know that the accounts are correctly kept. If elected I shall treat all persons calling at the office courteously and fulfill the duties of the office faithfully so that no one will regret having voted for me.

DAN W. FEELY.

**For County Recorder.**

The nomination for County Recorder having come to me unsolicited I feel it my duty to accept, and beg leave to submit the following statement: I first came to Yamhill county in 1873, and a continuous service as surveyor and notary since my election as county surveyor in 1880 has made me familiar with the land records in Yamhill county. As to my qualifications for the office, I am willing that my long residence in your midst attest. I served during the Civil War in Co. "D" 4th Tenn. Vols., and my record was such as to earn my chevrons at sixteen; and a lieutenant's commission at eighteen years of age. In the last battle of the ballots two of our late comrades were overcome, and left by the wayside; yet I do not feel that my comrades have outlived their usefulness or forfeited the appreciation of our countrymen, but rather believe that the mystic chords of memory stretching backward to battlefield and bivouac will refresh the ties of comradeship welded during the most heroic period of our country's history.

Very respectfully,

H. S. MALONEY.
