**H. M. Cake, Republican Candidate for U. S. Senator**

**SMOKED OUT.**

The Dallas Observer says: "The Statement No. 1 republicans are not in the least worried as to Mr. Cake's loyalty to that principle. The only place where there is worry is in the mind of the editor of the Portland Journal. The efforts of the Journal to find some reasonable objection to the republican candidate for Senator are amusing. It cannot question Mr. Cake's republicanism, and it does not dare to boast of Chamberlain's democracy. All it can do, in its efforts to pull the wool over the eyes of the voters is to tout Chamberlain as a Roosevelt republican and pretend that Cake has abandoned Statement No. 1. The truth is that Chamberlain is a Bryan democrat, and that Cake is standing exactly where he has always stood in reference to the election of senators by a direct vote of the people. The republican voters fully understand the situation, and will not permit themselves to be blinded by the Journal's sophistry. The nomination of Mr. Cake smoked that paper out of its democratic hole, and it is no longer able to pose as an independent journal. Its frantic efforts to find some argument against Mr. Cake's stand on Statement No. 1 have proved to the voters that it is not so much interested in the success of that principle as in the election of George Chamberlain, democrat."

Ab Hembree, who was tried last week at Dallas for the murder of his daughter at his home in the wilds of Tillamook county, was found guilty of murder in the first degree and June 24 is the date set by Judge Burnett for pronouncing sentence. Hembree is one of the long list of 27 murderers who have been released from the Oregon penitentiary by the hand of Governor Chamberlain, he having been sent up for the murder of his wife. More than one Newberg man who has known Hembree all his life and who belongs to Chamberlain's party has been heard to say that Hembree should have been hung on the first charge, as there is no doubt of his being guilty of the atrocious murder of his wife and daughter. The Governor will have to do a whole lot of explaining in order to convince people that he has not gone wrong in the matter of releasing murderers from the Oregon penitentiary.

At a meeting of the Ohio Liquor Dealer's Association a few years ago, the following was uttered by one of the speakers: "Gentlemen: The success of our business is dependent largely upon the creation of appetite for drink. The open field for the creation of this appetite is among the boys. After men are grown and their

habits are formed they rarely ever change in this regard. It will be needful, therefore, that missionary work be done among the boys, and I make the suggestion, gentlemen, that nickels expended in treats to the boys now will return in dollars to your tills after the appetites have been formed. Above all things, create appetite." This is certainly good logic from the standpoint of the liquor dealer but Yamhill county went out of the business two years ago and there is little indication that our people want to go into it again. The trouble seems to be that nobody wants to furnish the boys.

**Newberg Graphic a Live Paper.**

It is gratifying to note, says the Newberg Graphic, that not one single name (on the petition asking for re-submission of the liquor question) is credited to Newberg.

That certainly is a record for any city to be proud of. This could hardly have been accomplished however without the aid of a good live local weekly paper whose editor is above the average of men, who has convictions of his own and backbone enough to stand up for them.

Newberg is to be congratulated in having an editor who has the ability, the grit and the will to stand foremost in the fight for a clean city, county and state.—Telephone Register.

Thanks for the early spring bouquet.

The purchase of a gasoline road roller by the county commissioners is a subject of much newspaper comment on the part of the two McMinnville papers, the News-Reporter commending the purchase and telling of the good work the roller is doing, while the Telephone-Register thinks it was a piece of extravagance and prophesies failure. Don't waste any valuable time brothers, newspaper comment may either tickle or burn the ears of the commissioners to be sure, but it will neither lubricate the machine nor cause it to rust or corrode. Time alone will tell.

The argument being used against Sam Cummins in the upper part of the county is that he is on friendly terms with Newberg. There is no occasion for ringing in sectional matters in the election of a county commissioner, as a man ought to be broad minded enough to act impartially for the best interests of the whole county, but this kind of campaigning ought not to lose Mr. Cummins any votes in this end of the county.

If the voluntary acts of a candidate, either public or private, have been such as to blacken him in the eyes of the better element among voters isn't the public entitled to the information? The Graphic takes the ground that it is.

Prof. F. K. Jones is a safe and sane man for the legislature. He is a man of convictions and every measure coming before the legislature will receive his careful scrutiny before he passes on the merits of it.

Prof. Jones is the only man on the republican ticket from this end of the county and he ought to receive a big vote. He is honest and capable and will prove to be a strong representative of the people in the legislature.

It is just possible that for a democratic-nonpartisan sheet the Journal is overdoing the thing in its efforts to instruct republicans how to vote.

On election day go early and avoid the rush. The ballot is as big as a horse blanket, being three feet long and as wide as a merry widow hat.

In the long list of referendum measures it is a pretty safe proposition to vote no on such as you don't understand.

It has again been demonstrated today that Newberg is a banner "picnic" town.

Vote X 43 for W. G. Henderson, the republican nominee for sheriff. It goes without saying that he will enforce all laws impartially without any statement of the fact. He is built that way.

No republican worthy of the name will scratch the name of H. M. Cake and vote for Chamberlain.

We're all "neighbors" to-day—especially the candidates.

**Candidate's Column**

**Surveyor.**

H. W. Herring, the candidate on the republican ticket for county surveyor is the present incumbent, having been appointed by the county court to fill a vacancy. He is a young man of ability and is giving good satisfaction in the work he is doing. As he has practically no opposition we feel assured of his election by a good majority. He is No. 58 on the ticket.

**Sheriff.**

When you enter the election booth to vote on June 1, please remember that I received the nomination for sheriff at the hands of the republican voters at the primary election. Yours for a square deal for all classes.

W. G. HENDERSON.

**To Yamhill County Voters.**

Having received the Democratic nomination for Sheriff of Yamhill county and knowing myself competent to fill that office so that I will not be entirely dependent upon my deputy, I solicit your vote at the June election. If elected I promise to enforce all the laws impartially. I shall not favor any person or persons above another, or others. I am not only competent to attend to the outside work of the office but am competent to act as tax collector, and to know that the accounts are correctly kept. If elected I shall treat all persons calling at the office courteously and fulfill the duties of the office faithfully so that no one will regret having voted for me.

DAN W. FEELY.

**For County Recorder.**

The nomination for County Recorder having come to me unsolicited I feel it my duty to accept, and beg leave to submit the following statement: I first came to Yamhill county in 1873, and a continuous service as surveyor and notary since my election as county surveyor in 1880 has made me familiar with the land records in Yamhill county. As to my qualifications for the office, I am willing that my long residence in your midst attest. I served during the Civil War in Co. "D" 4th Tenn. Vols., and my record was such as to earn my chevrons at sixteen, and a lieutenant's commission at eighteen years of age. In the last battle of the ballots two of our late comrades were overcome, and left by the wayside; yet I do not feel that my comrades have outlived their usefulness or forfeited the appreciation of our countrymen, but rather believe that the mystic chords of memory stretching backward to battlefield and bivouac will refresh the ties of comradeship welded during the most heroic period of our country's history.

Very respectfully,  
H. S. MALONEY.
