MASSING TROOPS.

Mexican Government Preparing for Extensive Revolution.

El Paso, Tex., June 30.—Fifteen hundred troops have arrived in Torreon to protect that city from the expected attack by revolutionists, and the Americans are preparing to send their families to the States for safety, according to reports brought here last night by passengers on the Mexican Central.

It is reported that the revolutionists have attacked the village of Matamoros, Coahuila, about 15 miles from Torreon, and have occupied that town. Official advices relative to sending troops to Torreon say that with the forces already stationed there the town is "impregnable."

In Chihuahua there is considerable alarm among citizenry, and guards numbering from 20 to 25 soldiers in a single patrol are continually passing through the streets. A great many extra police have been sworn in to do guard duty.

Information brought here last night by passengers on the incoming Mexican Central train is that all bridges and approaches to Torreon on every road except the Mexican Central have been burned.

The international line out of Torreon, on which is located the town of Matamoros, reported to be in the hands of revolutionists, has suffered heavily, and the Coahuila Pacific is entirely tied up as the result of depredations committed by revolutionists. A pay train on the Coahuila & Pacific was attacked on Friday night, soon after leaving Torreon, but the crew succeeded in running the train back to Torreon and escaping.

There is a general movement of troops from Mexico City to north, according to news received here, and reinforcements are being rushed to Jimenez, which is said to be still in the hands of revolutionists.

"BET YOU MILLION."

John W. Gates Wakes Up Slow Old Illinois Town.

St. Charles, Ill., June 30.—John W. Gates, the "Bet You Million" man, who founded the home in this village for boys, slipped in here yesterday, and what he did during his short stay has left the town gasping. There will be no other topic mentioned here for the next six months. Epitomized, here is what Gates did in about five hours.

Kissed his old mother.

Got shaved by the town barber and gave him a \$10 gold piece.

Threw showers of quarters and half dollars to the street boys.

Was run home by a curious crowd.

Bought a fine stock farm for \$25,000 and gave it to an old friend.

Begged for "dear old 5-cent cigar" and smoked it blissfully.

Yelled at the son of a friend to come and go to Europe with him and took him along.

Left for Chicago at 11:30 last night with Mrs. Gates and the boy after one of the greatest days of his life.

Gates and his wife will tour Europe in an automobile.

Worst Ice Pack Known.

Seattle, June 30.—First to reach Nome of the fleet which sailed June 1 was the steamship Victoria, Captain Porter, who is the first home, arriving last night. The steamship brings news of the worst ice ever known in Behring sea since it has been navigated by white men, and Captain Porter is authority for the statement that vessels of the returning fleet cannot be expected on schedule time unless conditions have changed radically since the Victoria sailed. The Victoria arrived in Seattle with 62 passengers and \$650,000 in gold.

Officers and passengers of the ship describe the voyage to and from Nome as an unprecedented battle with ice. Great bergs which drifted from the Arctic ocean last fall, and are frozen in the Behring sea, packed as high as the steamer's stack, were found in 65 feet of water.

Expose Royal Grafters.

Lisbon, June 30.—A mass meeting organized by the Republicans and presided over by Bernardino Machado, the Republican leader, yesterday, passed resolutions demanding a vigorous investigation of the advances of money to the royal family and the misuse of public funds during the regime of the late King Carlos.

A strong force of police surrounded the meeting place, but there was no interference with the speakers, some of whom were most violent in their expressions. No untoward incidents took place.

Root Takes Treatment.

New York, June 30.—Secretary of State Root is at William Muldoon's health institute at White Plains, again for a course of medicine, ball-throwing, hard walking and riding, cold shower baths and plain cooking. He went there on Saturday, not because he needed this treatment as he did last year, but because he obtained so much benefit then that he and his physician decided a short course of Professor Muldoon's curriculum each year would be a good thing.

Cloudburst Floods Homes.

Beatrice, Neb., June 30.—The Boute river at this place is on another rampage, caused by a two-inch rainfall and a cloudburst. The precipitation is placed at seven inches. The rise here was very sudden, and water is running over West Court street for several blocks. Thirty families in a low-lying section were compelled to abandon their homes. Traffic over the Union Pacific is abandoned, water running over one section of the track to the depth of eight feet.

Sherman Improves.

Cleveland, O., June 30.—Congressman James S. Sherman continues to gain strength. He slept much Sunday. His condition remains normal, and there has been no change made in the plans for him to leave the hospital no later than next Wednesday.

OREGON STATE ITEMS OF INTEREST

OFFICIAL RETURNS.

Largest Plurality for Congressman Ever Recorded.

Salem.—The official returns from the recent election give Chamberlain a plurality of 1,522 over Calk for United States senator. While the official canvass has not been made, Secretary of State Benson has tabulated the figures from the different counties, and the result is definitely known. There are some of the abstracts yet to be corrected by the county clerks before the official canvass can be made. The official returns gave Chamberlain a gain of 100 votes in Crook county, as compared with unofficial reports.

The total number of ballots cast was in the neighborhood of 115,000, the exact number not being reported by all counties. Since there are some voters who do not mark their ballots as to all offices, it is not possible to determine from the number of votes for any office the total number of votes cast. The largest vote was that for senator, which was as follows:

Amos (Prohibition) 3,787
Calk (Republican) 80,323
Chamberlain (Democratic) 52,421
Cooper (Socialist) 5,267

Total 112,378

Party strength is computed according to the vote on congressman, and by this test it is found that the Republican plurality in the state is 38,762, Hawley having a plurality of 17,048 in the first district and Ellis a plurality of 21,714 in the second district. This is by far the largest plurality ever recorded for congressman in either district. The plurality, however, is about 4000 short of the plurality for Roosevelt over Parker four years ago. The vote on senator by counties is as follows:

Table with columns: COUNTY, United States Senator (Amos, Calk, Chamberlain, Cooper), Oregon State Senator (Baker, Benton, Clatsop, Columbia, Coos, Crook, Curry, Douglass, Gilliam, Grant, Harney, Jackson, Josephine, Klamath, Lane, Lincoln, Linn, Malheur, Marion, Multnomah, Polk, Sherman, Tillamook, Umatilla, Wasco, Wheeler, Yamhill, Total)

NEW ROAD FILES ARTICLES.

Astoria, Seaside & Tillamook Line is Incorporated.

Astoria.—Articles of incorporation of the Astoria, Seaside & Tillamook Railway company were filed in the county clerk's office yesterday, by F. L. Evans, E. Z. Ferguson, H. G. Van Dusen and W. E. Buffum, as incorporators. The capital stock is \$2,000,000, divided into 200,000 shares of \$10 each. The principal office of the company is to be in Astoria, and, according to the articles its object is to construct and operate an electric railroad and telegraph and telephone lines from Astoria to Tillamook via Warrenton, Hammond and Seaside. It is also authorized to erect and maintain elevators, docks and warehouses, and to operate steamers on the Columbia and Willamette Rivers, Tillamook Bay and the Pacific Ocean.

Josephine County Going Dry.

Grants Pass.—Judge Jewell, of the Josephine county court, has ordered that all saloons be closed in Josephine county on and after July 1. The liquor dealers have been notified, and so far as now appears no objections will be made to the order. The 10 saloons of this city, and nearly all the country and mining camp saloons of the outside precincts are already preparing to close. The goods on hand are being disposed of as rapidly as the thirsty will buy, and it is evident that after July 1 there will be very little liquor on hand in this county.

Good Job Vacant.

Salem.—The election of Robert G. Morrow to the office of circuit judge in Multnomah county will create a vacancy in the position of supreme court reporter, which Morrow has held for a number of years. There are already four or five candidates for the place. The supreme judges select the court reporter. His duty is to arrange copies of supreme court decisions for the printer and to write syllabi to be published at the head of the decisions. His compensation is \$500 per volume, which means about \$750 per year. The work does not interfere with private practice.

St. Johns Must Go Dry.

Portland.—St. Johns will go dry in accordance with the vote at the last election. Judge Gantenbein, in the circuit court yesterday morning, upheld the motion of County Judge Webster and Commissioners Lightner and Barnes to dissolve the temporary injunction which had previously been issued against them compelling them to refrain from declaring St. Johns and University Park dry until a hearing was had in court.

Fair at The Dalles.

The Dalles.—The mid-summer meeting of the State Horticultural Society and Cherry Fair will be held at The Dalles on June 30, July 1 and 2.

OPENING LAKE MINES.

Stockmen Let Go of Claims and Development Begins.

Lakeview.—It is now more than two years since the first discoveries of gold were made in this section, but still no mine has been opened up. Most of the good prospects are owned by sheepmen and ranchers, who are not familiar with mining, and have held onto their claims, expecting that some one would make a rich strike and that they could then dispose of their possessions at a big price. Since this has not been the case, some of them are letting go now, and the properties are passing into the hands of practical mining men. This spring a number of capitalists and men of experience in mining have visited this section, and some of them have secured either leases or options on some of the best claims both at New Pine Creek and at Plush. One of the biggest deals was consummated a few days ago, when a group of claims in the Pine Creek district was leased for a term of years, and the payment made was \$4000 in cash.

SETTLERS IN HARNEY.

Stock Ranges Are Disappearing Before the Plow.

Burns.—The recent heavy rains have insured the farmers and stockmen large crops of grain and improved the wild hay crop, which was almost a failure, owing to the light snowfall last winter. More people are farming in this county this year than ever before. Localities where a few years ago only cattle grazed are now occupied by progressive settlers, who are turning land that had never produced anything but sagebrush and bunchgrass into grain fields, orchards and alfalfa meadows.

There has been a heavy immigration to this county during the past year. Most of the new settlers are well pleased with the country, stating that the land is better than they ever expected to find open for entry under the homestead laws.

The 60,000 acres held under the Carey act by William Hanley, of this county, and some Portland business men is being contested by the Pacific Livestock company in the general land office on the grounds that the land sought is not desert land and will produce crops without irrigation. If this tract is reopened for settlement, it will be the means of increasing the population of the county by several thousand people, besides bringing under cultivation the best farm land in Harney valley.

Wins Oratorical Contest.

University of Oregon, Eugene.—In the Failing-Beckman prize oratorical contest last evening in Villard hall, Bert W. Prescott, of Baker City, was awarded first place, and the failing prize of \$150 cash. Miss Miriam Van Waters, of Portland, won second place, and the Beckman prize of \$100 cash. Bert Prescott is president of the associated students, and this year won the intercollegiate oratorical contest. Miss Van Waters is editor of the Oregon Monthly.

Warehouse for Canby.

Canby.—Work has begun on the new warehouse of W. H. Bair, and the new building will be one of the best and most complete warehouses in the valley. The structure will be 50x100 feet in size, with concrete cellar, and two floors, with paper-lined air spaces in the walls, making the building frost-proof. This makes four warehouses of this kind at Canby, and makes Canby the best market along the Southern Pacific, in this vicinity.

REBELS ADVANCE.

Apparently Going to Loot Rich City of Torreon.

El Paso, June 29.—El Correo, the conservative daily Mexican newspaper of Chihuahua, in its issue yesterday morning, which arrived here last night, has a story that an army of a strength variously estimated at from 4000 to 7000 men is marching on Torreon, one of the richest cities in the state of Coahuila.

The story, after reviewing the attack on Viesca tells of reported attempts to rob the pay train of the Mexican Central railroad, and says that the country around Torreon, which is so closely settled that there are stations about every four kilometers, is swarming with armed men, who appear at the railroad stations with guns and cartridge belts.

"These same reports," says El Correo, "say that three bridges on the railroad between Parass and Torreon have been burned, probably with the object of impeding the passage of troops into Torreon. The incendiaries also probably selected Torreon for invasion because they considered it a rich city to loot. Among the reports that we have heard is one which says that about 4000 armed men, nearly all of whom are inhabitants of ranches, are said to have passed Hornos, in the state of Coahuila, on the Coahuila & Pacific railroad, about 63 kilometers from Torreon.

"Whether the movement is directed against the government of Coahuila or against the federal government, no one is able to say. It is generally supposed the movement is not against the state, but against the federal government. One version says the revolution is wholly against the state of Coahuila, that the governor is not acceptable to the people of that state, and that he was forced upon them by the president of the republic.

"It is also said that a train of infantry has been sent to Torreon from Monterey and a small detachment of cavalry."

Torreón, the town named by El Correo as the object of attack, is one of the richest towns in the state of Coahuila. There are six banks—the Banco Minero de Chihuahua, meaning a branch there; a branch of Banco Nacional de Mexico; the Banco de Coahuila; the Banco de Nueva Leon, and the Banco de Durango. The Banco Laguna, recently organized, has a capitalization of \$6,500,000. There are about 25,000 inhabitants.

DEATH IN TORNADO.

Minnesota Twister Kills Seven and Does Immense Damage.

Clinton, Minn., June 29.—A tornado struck this town at 5:25 o'clock yesterday afternoon, killing seven people and injuring twenty-five, some seriously. Twenty houses, a printing office and two churches were blown down.

The tornado, which was unaccompanied by rain, started three miles north of the town, destroyed two farmhouses that were in its path and swept over Clinton, which is a place of about 400 people.

A Chicago, Milwaukee & St. Paul mixed train was just pulling into the station as the storm struck the town and 15 cars were blown off the track, as was also a passenger coach containing 17 people. All were injured, among them Father Keavey, of Graceville, Minn.

SAW MRS. GUNNESS.

Two Witnesses Inform Detroit Police She is Alive.

Detroit, June 29.—The Detroit police believe they are on the trail of Mrs. Belle Gunness, of La Porte, Ind., who is accused of wholesale murders on her farm near that city.

Two young women, Lulu Raymond and Grace Benson, whom the police had in custody yesterday afternoon and evening, are said to have met Mrs. Gunness since her supposed burned body was found in the ruins of her home.

The police claim that the statements of the two young women convinced them that Mrs. Gunness is still alive. They gave the names of other persons who are also said to know that the woman is alive.

Bomb for Spaniards.

Barcelona, June 29.—A bomb was exploded yesterday in a lavatory in one of the public squares, seriously injuring two persons and slightly injuring many others. A panic followed the explosion, which did much damage, a policeman being badly torn by a portion of the wreckage. Many women and children were crushed and bruised during the stampede. The bomb exploded while a procession was passing, great crowds lining the streets and points of vantage.

Bryan's Fortune.

Lincoln, Neb., June 29.—The taxable property belonging to Mr. and Mrs. William J. Bryan, real and personal, has been listed with the assessor at a total valuation of \$84,500. The returns show that Mrs. Bryan owns 50 acres of real estate, and Colonel Bryan 87 acres, a total of 137 acres. This is valued at \$29,125. The residence is returned at \$21,000, the Commoner at a valuation of \$19,000, and personal property not mentioned above at \$12,500.

Deadlock Broken.

Charlotte, N. C., June 29.—Congressman W. W. Kitchin was nominated for governor of the 6th ballot at 6 o'clock Saturday night by a majority of 60 votes in the Democratic state convention.

MEXICAN REBELLION

Las Vacas Captured and Looted by Armed Bands.

RAID ON AMMUNITION WAGONS

Government Troops Surprised and Horses Captured—Firing Heard Across Rio Grande.

San Antonio, Tex., June 27.—Las Vacas, Mexico, directly across the Rio Grande from Del Rio, Tex., yesterday afternoon witnessed its second battle of the day in what may be the opening of a general uprising against the administration of President Diaz. All wires on the Mexican side leading across the river have been cut.

At 5:30 yesterday morning a band of 150 revolutionists silently stole upon the camp of the Mexican cavalry at Las Vacas and captured all of the horses, as well as making a raid upon the ammunition wagons. They were discovered just as they were about to leave, and a pitched battle took place. Firing continued until 10:30 A. M. More than 3000 shots were fired, and several men were killed. One wounded man made his way across the river to Del Rio, but he refused to say whether he was with the government force or the revolutionists.

Yesterday afternoon the firing upon the government troops had been renewed, and the sounds of shooting were plainly heard in Del Rio. Where the revolutionists were gathered is not known, but that the attack upon Las Vacas was to follow immediately upon that made upon Viesca, a town in the interior, there is little doubt. Viesca was attacked and captured by the revolutionists last Thursday afternoon, when several were killed and wounded.

Del Rio, Tex., wired last night that revolutionists and Mexican regular soldiers came together across the river from that point yesterday; that several on both sides have been killed and two Mexican officers seriously wounded. All communication is cut off, for the authorities will not permit any one to cross the river.

Mexican official statements that the rebel invaders were repulsed from Las Vacas are not wholly credited here.

El Paso, Tex., June 27.—In an encounter between revolutionists and troops of the Mexican government in the town of Las Vacas, in Coahuila, Mexico, near the border across from Del Rio, Tex., early yesterday morning, between 40 and 50 were killed and the Mexican commandant badly injured.

The sheriff of Valverde county, this state, telegraphed Governor Campbell, of Texas, that the revolutionists had been repulsed, and that a number of them were fleeing to the United States.

NEGROES TO DEFEAT TAFT.

Conference to Meet in Denver and Control Negro Vote.

Springfield, Ill., June 27.—Colored voters of the United States who are antagonistic to the candidacy of W. H. Taft, Republican nominee for president, will hold a national conference at Denver on Tuesday, July 7, the day the Democratic national convention opens. The purpose of the gathering, as stated in the call, is to "consider their political affiliations and conditions, and develop plans to change the political complexion of states wherein the negro vote is the balance of power."

They will also memorialize the Democratic convention "to declare against degrading a soldier of the United States army without the preliminary of a trial, and pronounce for a strict adherence to the constitution and all of its amendments; discuss the feasibility of nominating a candidate for president on the Civil Liberty party ticket, or vote direct for the Denver nominee, and issue an address to the colored citizens of the nation."

Mother Dies for Child.

Long Beach, Cal., June 27.—The body of Mrs. William D. Watkins was found yesterday floating in the West Naples canal. On the bank of the cap of her seven-year-old daughter, Eva, was found, and efforts are being made to recover the child's body. The horse and buggy with which Mrs. Watkins and the girl started from home early yesterday morning, was found near, tied to a signboard. The theory is that the child slipped and fell into the water, and that the mother was drowned in trying to save her.

Grain Elevator Burns.

Duluth, Minn., June 27.—Elevator D. of the Consolidated Elevator company, was destroyed by fire yesterday, entailing a loss on the building and contents of \$1,000,000. An adjoining dock and warehouse belonging to the Northern Pacific railroad suffered to the extent of \$30,000. The elevator contained 300,000 bushels of wheat, 90,000 bushels of flax and 7000 bushels of barley. The buildings and grain were fully insured. The origin of the fire cannot be determined.

Steel Mills Resuming.

Pittsburg, June 27.—Ten departments of the Homestead steel works of the United States Steel corporation, will be in operation tomorrow, the first Saturday that they have operated during the past three months. This will add an extra day's pay to the 2000 men employed in these departments. It is generally expected there will be almost a general resumption of the entire works next week.
