Editors and Publishers

\$1.50 Per Year in Advance.

THURSDAY, APRIL 8, 1909.

If the fall styles of ladies hats show any perceptible increase in size, orders for new show windows about town should be placed early.

The town of Amity is said to be showing some signs of new life. An electric lighting plant was recently established and the Amity Mutual Telephone company has been incorporated, with a capital stock of \$5000.

The big mayoralty contest which had been on at Eugene for some time and in which the two local papers crossed swords, was ended last Monday when J. D. Matlock the present mayor was elected over State Senator Bingham by a majority of 260.

The grass is beginning to make a rapid growth along the streets and on vacant lots and if the city daddies delay cleaning up day much longer it will cover up much of the rubbish that ought to be hauled away. Get busy.

Lincoln county is out of debt, but that's easy. Any county ought to be able to get out of debt with her people selling stove wood at two dollars per "bushel," as they do at Nye Beach during the mermaid season.

A meeting of the State Editorial Association is called to meet at the rooms of the Commercial Club in Portland on Friday morning of this week at 9:30. It is proposed to hold a two days session and every newspaper man in the state ought to be in attendance.

In commenting on the recent furor over the marriage of the California white girl to a Jap, the Albany Herald says:

"She may be foolish, but she is no more foolish than thousands of American girls who marry cigarette smoking, guzzling white men, about which no one makes any fuss at all."

But the Democrat man is said to be old fashioned and not up to date, dont you know.

Ex-Constable Harry S. Wiley has been the proud father of 16 children in 12 years. He is 38 years of age. During the first three years of married life five children were born—twins first, then triplets. In the following nine years five sets of twins arrived, and a child came alone. Wiley's old schoolmates have sent a petition to ex-President Roosevelt asking for a medal for Wiley.—Townsend Del. Dispatch.

Give the medal to the mother of the children and turn Harry out in the back pasture.

May Day Festival.

The student body of the High School have decided to give a Festival on May first. There will be an unending variety of festivities. One of the most significant features will be the crowning of the May Queen who is to be chosen by popular vote.

The morning routine of enjoyment will take place in the grove, also the crowning of the Queen after a series of parades, drills, songs and other pleasing performances. The High School girls will have refreshment booths on the grounds where a picnic dinner will also be served.

A try-out of the local track team and a baseball game between North Yamhill H. S. and Newberg H. S. will be held in the afternoon on the College campus. Ballot boxes will be left in a

number of business places for the purpose of voting for May Queen. All those wishing their favorite young lady to be queen may vote for her by paying one cent for each vote.

Arbor Day.

Tomorrow is Arbor Day, and the occasion will be fittingly observed by the teachers and pupils of our schools. A tree entertainment, in which pupils from all the grades will participate, will be held at Edwards' Grove. The exercises will commence at 2 P.M. Mr. J. C. Hodson will address the pupils on the important subject of conserving our forests. Parents are especially invited to be present. All others are welcome.

Marriage License.

Maud Hudson aged 19 years to Emil Schuman aged 28 years. Inez Adair aged 26 yrs to Stuart Grenfell aged 26 yrs.

High School Items.

(By the Priores Press Committee.)

Watch for the Senior Annual Prospectus.

The grammar school pupils are preparing our Arbor Day program to be given Friday afternoon at the Edwards grove.

The Y. W. C. A. girls have a candy booth in the school house this week. They are doing splendidly in the sale of their candies and are deserving of their success, since they are working for a conference fund.

The student body of the H. S. have decided to give a May Day celebration Saturday, May 1. The general committee having this matter in hand consists of Erwin Pease, chairman, Bonnie Bales and Iola Gorman, assistants.

Election of Society officers took place last week. Those elected were, Priores officers; Pres. Ira Fox, Vice Pres. Celia Burgess; Sec. Minnie Bancroft; Treas. Devere Tendall; Critics, Vernon Motschenbacher and Ella Moffit; Organist Ione Stewart. Zeta Alpha officers, Pres. Vera Stannard, Vice Pres. Maude Gregory, Sec. Louise Austin, Treas. Ralph Hanville, Critics Dale Trew and Belya Strait, Organist Etta Andrews.

The Newberg H. S. basketball team was one of the five best basketball teams in the state invited to compete for the state championship held under the auspices of O. A. C. at Corvallis on April 2 and 3. On Friday night Newberg defeated Hood River by a score of 22 to 20 playing one of the closest games of the season. Silvertown defeated Albany by playing a fast rough game. In drawing for the next game Newberg was unfortunate in drawing the game Saturday afternoon leaving them two games to play inside of six hours, while Silvertown had only one to play.

Newberg easily defeated Pendleton, who claimed the eastern Oregon championship, by a score of 26-20. Every man on the Newberg team played the game for all there was in it. Claude Larkin and John Larkin being picked as the all round players.

In the evening game Silvertown defeated Newberg in the final game. Silvertown was fresh, having the whole day to rest up in, while the Newberg team was tired out from the game played just a few hours before. We feel confident that Silvertown would have been defeated by a larger score than Pendleton if they had been played in their stead.

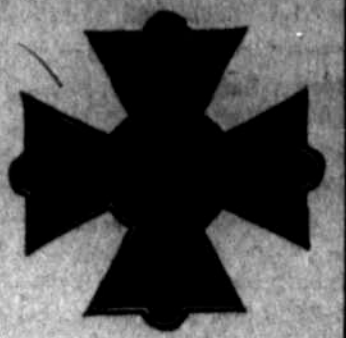

The boys showed remarkable endurance playing hard and fast. Motschenbacher and Brunton played a star game to the finish.

The Newberg team was the favorite all the way through. Even if they did not win the championship, the fact that they showed a great many that Newberg was on the map was sufficient.

We will now be quiet and see what we can do during the track meet to be held on May 21-22 at Corvallis.

**"1892" Pure Spun Aluminum Ware
15 Days at Our Risk**

Buy any piece of this ware from your dealer—try it fifteen days. If in that time you find that all the claims we make for it are not true, and if it is not just as represented, take it back and get your money.

Here at last is the ideal kitchen and cooking utensil—"The Ware That Wears"—made from Pure Spun Aluminum, and guaranteed by the makers to last 25 years with average usage. "Spun" Aluminum, mind you, not cast Aluminum, which will sometimes crack and scale. Spun Aluminum Ware will never crack, peel, scale or break.

Enamel ware is iron coated with colored glass. Iron expands with heat. Colored glass does not, but chips off into the food with dangerous results to those who eat it.

See newspaper clipping.

"1892" Pure Aluminum Ware Saves Doctors' Bills.

It enables you to bake bread, pies, pancakes, etc., without grease, which is the great cause of dyspepsia and indigestion. Aluminum griddles require no grease; hence are smokeless and odorless.

"1892" Pure Aluminum Ware Will Not Scorch or Burn

—is easily cleaned, will not rust or corrode. Handsome in appearance. Looks like silver, but weighs only about one-fourth as much, and is light and convenient to handle.

The original and only genuine Spun Aluminum Ware is made by the Illinois Pure Aluminum Co. at Lemont, Ill. Every piece bearing their trade-mark, the Maltese Cross, and marked "1892" Pure Aluminum Ware is absolutely pure, wholesome and hygienic—guaranteed for 25 yrs.

See that you get the right goods and accept no substitute.

ENAMEL WARE CAUSES CANCER, SAYS DOCTOR

Tells Homoeopaths Particles From Dishes Start Growths in Stomach.

Special Dispatch to The North American.

ATLANTIC CITY, Sept. 11.

INTRODUCTION of modern enamel ware in the kitchens of the country is responsible for many cases of cancer, was the striking theory advanced by Dr. William H. Dieffenbach, of New York, in a paper entitled, "Observations on the Etiology of Cancer," read before the Bureau of Sanitary Science and Public Health, at which leading experts of the International Homoeopathic Congress met today to discuss questions of public health.

The argument advanced was that chipping of the hard-coated dishes used in preparation of meals allowed minute but dangerous particles of foreign matter to become mixed with the food. These are taken into the stomach, where the cancerous growth is caused by abrasions which they make in the walls of the organ.

Clipping from Philadelphia North American, Sept. 12, 1906.
