The Perfect Fence

If you want your farm to look neat, fence it with PITTSBURGH PERFECT FENCE. Why?

Because: the strands and stays are electrically welded. Because: it stretches up perfect and even. Because: it stays tight in summer. Because: it adjusts itself perfectly to uneven ground. Because: being electrically welded the stay wires cannot slip. Because: no top and bottom board required; and because it has no wraps to hold moisture and cause rust. Sold by
