David Martin is dismantling the old Levy fruit evaporator building at the lower end of First street near the bridge. With the removal of this, and the old store building near by, the passing of the old unpainted buildings in this part of town will be about complete and the civic improvement club must look elsewhere for "worlds to conquer."

Mr. and Mrs. Marsh, Mr. Blanchard and daughter, Miss Margaret took dinner at S. M. Calkins last Sunday.

The church, of West Chehalum, has proven a great success. It has brought the people together in a social way, something which the people knew nothing of in all these years. People scarcely knew their neighbors. Time and time again it was mentioned that a church was needed for the welfare of the children has well as for the older people, for the betterment of the community, but it needed the right man to bring it about. The people wanted it but did not know how to go about it. At last the right man appeared, S. M. Calkins, who with the aid of George Christenson carried it through to its present stage. It was whispered around that it would not last but it is growing better every day. Mr. Calkins would often say after the fatigue of his day's work, it was worth lots to know the real people. Great credit is also due the ladies aid. The ladies have done their part well and can be figured among the leading churches. The services of Rev. Boughton have also helped to build things up. One never tires of hearing him. He delivers some very fine sermons.
