chased a valuable farm in this
vicinity, returned to Newberg

farm of 180 acres west of town to
a new arrival from Texas is
reported, the purchase price be-
ing \$20,000. This represents a
profit of \$14,000 since 1907.

Miss Icy Rallston returned to
her home in Seattle Wednesday,
after having spent two weeks in
Newberg visiting with her sister,
Mrs. L. B. Ferguson. She was
a student in the academy here
when the building stood on the
present site of the Friends

lamook business man, was in

they contemplate disposing of
their Colorado property pre-
paratory to making Oregon their

Pemberton and wife called on

sleigh into a huge snow drift.
She has been honored by election
to the office of president of the
women's literary society of
which she is a member.

Charles M. Watson who re-
cently lost his wife at Santa
Cruz, California, arrived here the
first of the week, bringing his
little girl to make her home with
her aunt, Mrs. S. S. Sloan west
of town. Mr. Watson is a
carpenter and contractor and
will remain here for a time at
least.

G. A. Graves left town on the
southbound train Tuesday
morning all togged out in his
Sunday best, and seemingly in
that far away frame of mind, all
the same as a youngster bound
for the county clerk's office with
a note in his pocket from the
parents, giving consent for the
issuing of the necessary legal
documents, but he may have been
faking.

It would hardly be fair to lay
it to the hot weather this time,
but anyway L. M. Smith and
son, Jay, went to Newport Tues-
day. It has been whispered
about that there is likely to be
something doing in real estate
over there the coming season,
and it is not unlikely that L. M.
on scouting the battle from this
distance has gone over to per-
form the function of the early
bird.

The annual preliminary orator-
ical contest which is held for the
purpose of selecting a represent-
ative for Pacific College in the
state contest to be held in Salem
in March, will occur on Friday
evening in the college chapel. In
order to help pay the necessary
expenses an admission fee of
twenty-five cents will be charged.
In the past the P. C. represen-
tatives have brought Newberg in-
to favorable notice by the honors
carried off in these annual con-
tests, and Newberg owes it to the
young people to give them a
good house on Friday night.

Mrs. Josie Everest received the
sad news of the fatal shooting of
her nephew, Carleton Eugene
Acheson, at Salem last Sunday,
at the hands of a playmate, Her-
man Viesko. The two boys were
target shooting with a 22 rifle,
young Viesko having just sped a
bullet at the target and his victim
hurried forward to see the result,
when the gun was again acciden-
tally discharged, the bullet pass-
ing through Carleton's head
killing him instantly. The boys
were aged 12 and 11 years.
This should be another lesson for
parents who allow their children
to handle weapons of this nature
before they have reached an age
to insure judgment.

J. D. Gordon has purchased the
Mrs. Eggers property on First
street at \$4500.

Samuel Atkinson went to Port-
land Thursday morning to at-
tend the annual meeting of the
Stock Breeder's Association.

gave her a surprise party last
Friday evening. The instigators
of the plot all report a happy
evening. We have not heard the
victim's version yet.

Arthur Conklin, editor and
proprietor of the Mining Journal
published at Grants Pass, who
was in town Wednesday attend-
ing the annual meeting of the
stockholders of the Newberg
Brick & Tile Co., dropped in to
extend the glad hand.

In the forenoon on Wednesday
fire destroyed the Ira K. Van-
tress property on lower River
street and practically all the
household effects of the occupant,
Charles Kollermin, as well as
some of the household effects of
Mrs. Lewis Platts. The fire
caught from the chimney in the
garret and before the city fire
department or other help could ar-
rive the flames were beyond
control. On account of the
serious loss to the Koellermien
family money is being raised to
give needed assistance.

ty cents to Hannon's Millinery

OFFER NO. 3.

And now don't think we are
slighting the men. To you we
give the opportunity of giving
your wives the twenty cents to

ner. Don't fail to avail your-

the chance of your life time to
eat a piece of a perfect cake.

Colonist Rates.

Low one-way colonist rates
from all parts of the East to
Pacific Coast terminals are of-
fered by the railroads from March
1 to April 15. The opportunity
to bring thousands of new set-
tlers to Oregon is a valuable one
and commercial organizations of
the state will take advantage of
it to the fullest extent.

The attractive literature sent
out during the past year and the
wide publicity given all parts of
Oregon have been fruitful of
results and inquiry about this
state was never so general as at
the present time. Because of
this widespread interest in Ore-
gon, it may be expected that the
state will receive a large im-
migration during the coming
Spring.

Oregon people should do all
they can to add to this move-
ment to the Pacific Northwest
by arousing interest among their
friends in other parts of the
country who are looking for new
homes and information should be
supplied them on the opportunities
here for newcomers and particu-
larly those who desire to en-
gage in agriculture, horticulture,
stock raising or dairying. These
lines of endeavor are rewarding
those who are engaged in them.

Pacific College Notes.

The delegates to the Y. M. C. A.
convention, held at Corvallis,
January 21 to 23, gave a very
interesting report, last Monday
morning, of the convention and
the marvelous growth of the as-
sociation in the last few years as
pointed out by the prominent
workers present.

Homer Parrett is back in
school again after a few weeks
of enforced absence on account of
a scarlet fever quarantine.

Leslie Hubbard has been out of
school a few days this week.

Mrs. Douglas is continuing her
chapel talks concerning proper
ventilation at proper intervals,
so that we are kept properly en-
lightened on the subject.

Rev. Lyons, who conducted
chapel Friday morning, spoke
about the benefit of good ideas
and showed how the ideas of
John Knox influenced Edinburgh.
The college basketball team
defeated the Chemawa Indians
Friday night in a fast game on
Chemawa's floor. The final score
was 15-19. The college boys
were not in good condition and
were discouraged, but this did
not keep them from playing a
hard consistent game. The In-
dians played a very fast game, but
were inferior in team work. Of
the 8 free baskets Hammer and
Lewis each caged 3, Smith and
Rasmussen each threw one.
Hammer three foul goals. Al-
though Armstrong did not get a
basket he spoiled several for the
Chemawa star. Tenton, of
Dallas, was referee.
