

Oregon Wheat Farms

FOR SALE

Now is the time to buy a wheat farm, wheat \$1.00 per bushel and the best prospect for a big crop for years. We have farms from 160 to 10,000 acres. We can take some valley land in exchange for wheat land, prefer to take small places in the valley as first payment on wheat land.

A FARM OF 668 ACRES, 610 acres of it in cultivation, 520 acres in growing wheat, located 2 miles from R. R. Station, and good school, all well fenced but poor buildings, plenty of water, and 10 acres bottom land that would grow alfalfa, price only \$12.50 per acre, 1-3 cash, balance terms. The crop this year should nearly pay for the place.

He set out ornamental shrubs and trees, parked the woods and persuaded his neighbors to follow his example in building board fences around their orchards.
