FOR SALE.—The above house consisting of 9 rooms, also halls, closets, bath-room, hot and cold water, electric lights. Lot 100x120, fine oak shade trees, grape arbors, fruit trees, roses and other shrubs. One block from college and two from business. Terms. C. F. MOORE, Newberg, Oregon.

'ALL-STEEL TEDDER

If you raise hay you need a Tedder. It shortens the time between cutting and haying—which often means it saves the crop. Tedded hay is always worth more on the market and for feeding than untodded hay; also the saving in the item of help is worth considering in these days of scarce and expensive help.

The Walter A. Wood All-Steel Tedder is substantially built and braced, nicely balanced, equipped with cushion springs, fitted with roller bearings, provided with convenient levers for throwing in and out of gear and for regulating height of forks. It is a smoothly running, easy riding, long lasting machine. Without a Tedder you are losing money on your hay.

Think that over, then write for catalog describing our Tedder and you'll see how it will save you money in many ways. Don't buy a Tedder or a Hay Rake until you know all the good features of the Walter A. Wood machines.

HAY RAKES can be depended upon for good clean work and loss of it. They clean up the field thoroughly and quickly and can be managed by anyone who can drive a horse. Our rakes are substantially constructed for the most part of angle steel, the teeth are, however, made of iron and the axle end is of steel. Teeth are made by a special process and are carefully tested before sending out. They have easily renewed three-piece hubs. If the hub wears out you need only a new hub—not an entire wheel. A slight pressure on the foot-lever and the teeth raise until the releasing adjustment allows them to return to the ground. The position of the teeth and their return to the ground are both regulated by simple adjustments. Drop a postal card for Catalog.

The Man Who Starts In Business To-day

must have money or credit—to be successful he should have both.

The real starting point of any business is: The time at which one begins a systematic saving.

If he begins right he opens a bank account, and gradually builds up both his account and his credit.

If YOU begin NOW it will bring YOUR day for starting just that much nearer.

BRING in your pay checks, milk and butter checks, egg checks, or checks received from whatever business you are in, and open an account.

We will cash checks at par, no matter where or on what bank they were issued.

Pay your help by check, pay your store bills by check—it is systematic to pay by check.

Your bank book will show your income, and what it costs you to run your business. Your checks will be your receipts for accounts paid, and probably the means of saving you, at some time, a costly lawsuit on account of some dispute.

This bank does a general commercial banking business—we co-operate with and assist our customers in the upbuilding of their business.

Your account, whether large or small, will be appreciated.

We invite you to come in and inquire about our SAVINGS DEPARTMENT for old and young. \$1.00 or more will start an account.

Our CUSTOMERS have the privilege of keeping their DEEDS, INSURANCE POLICIES, VALUABLE PAPERS, and LOCK-BOXES in our spacious, fire-proof VAULT—without cost to them.

For Sale.

Too MANY GUNS—Selling at bedrock prices to reduce. ST. PIERRE.

"Oh, no; I don't claim to be any different or any brighter than the balance of mankind. I expect I shall marry some fool woman some of these days."

"If you ever marry that's the kind of a woman you will marry, all right."—Rochester Union.

"Why do you consider women superior to men in intelligence?"

"A bald-headed man buys hair restorer by the quart, doesn't he?"

"Er—yes."

"Well, a woman doesn't waste time on a hair restorer, she buys hair."—San Jose Palladium.

"Pa," said the senator's little boy, looking up from his book, "what is a 'nemesis'?"

"A 'nemesis,' my son," replied the senator, wearily, "is a female office-seeker that you foolishly promised to assist."—Catholic Standard and Times.
