Busy Season at Long Beach.

The fine weather prevailing on
the North Beach, is bringing
hosts of visitors to the ocean
shore, intent on securing rest and
a good coat of tan.

The outlook is particularly
bright for a remarkably busy
season this summer, the number
of visitors at this time being far
greater than ever before at the
same time of the year.

The march of progress is
evident throughout the entire
length of the beach, and develop-
ment being assured, prosperity is
but a matter of course. Work
on the Automobile Boulevard is
progressing very rapidly, beach
houses by the score are being
erected, and new rooming houses
and old are being rapidly put in-
to shape to take care of the
hordes of summer transients
which will soon be down upon

us. The North Beach Push Club
with its combined effort, should-
ering the wheel of progress, has
awakened an era of activity,
which will undoubtedly secure
the proper recognition of the un-
surpassed advantages of the
North Beach for enjoyable out-
ings, and, at the same time, all
the comforts of home.

Negotiations are now pending
with Portland capitalists for
the installation of a water system
to supply the beach and sur-
rounding country side with fine
mountain water. With the cul-
mination of this project, one of
the obstacles to an otherwise in-
comparable locality is obliterated.

It's on page 6—Earl Lutz.
