There should be a full house at the mass meeting called for this evening at Duncan's Opera House. The sewer question is an important one and should receive careful consideration before Tuesday's election.

Twenty-four cars of freight handled—sixteen out and eight in—is the record of Monday's business as done at this point by the Espee. Newberg is coming down the line, and the balance of trade is right too.

Prof. and Mrs. W. J. Reagan and the Hodgins girls, Louise, Irene and Harriet, are doing "light housekeeping" at the Milton Newlin place in the Springbrook neighborhood and are rusticated in the berry patches.

Prof. Oliver Weesner and Harry Haworth returned Monday from the annual Y. M. C. A. conference of the Northwest, held at Columbia Beach, reporting a highly successful gathering. Nearly one hundred and fifty were in attendance.

Ex-Governor T. T. Geer was in town for a short time Tuesday afternoon, having ridden up from Portland with a friend in an auto. He remarked at the great improvements in our berg since last he was here. By the way that was when he was occupying the governor's chair at Salem and he came down to help boost at the big wind-up of our strenuous beet sugar factory campaign. We can't say just when—in fact we've been forgetting about beet sugar as fast as possible ever since. But it wasn't the Governor's fault that we didn't get that aircastle factory. Our Tall Timothy came through with the goods as he has a habit of doing.

Miss Beulah Blum gave a miscellaneous shower Tuesday evening at the home of Mr. and Mrs. H. R. Morris in honor of Miss Beulah Spaulding in view of her approaching marriage to Mr. Roy H. Mills.
