THE BIG CIRCUS AT PORTLAND

Barnum & Bailey Show to be Seen There on Thursday-Friday, Aug. 25-26.

Announcement is made that on Thur-Fri., August 25, 26, the Barnum and Bailey Greatest Show on earth, will visit Portland. This is the best news of the day to those who are fond of the circus form of amusement. For fifty-five years this has been the leading show of the world. This year it comes forth with an entire new equipment which cost the management \$3,500,000.

The main performance is given in three rings on two stages, on an immense Roman race track and in the dome. The climax of the program is the appalling performance of Desperado, a mad Frenchman, who leaps from the dome of the tent and lands on his bare chest. Additional thrills are given by Jupiter, a pure-white Arabian horse. It rides to the dome of the tent in a balloon and descends amid a Niagara of exploding rockets and fireworks. Then there is Charlie the First, beyond all question the most remarkable animal that ever came to the notice of scientists. Charlie the First, is merely a chimpanzee, but he has become the greatest bicycle rider and acrobat in the world. He does an act on one of the stages that is the wonder of the age.

In the menagerie is found the most remarkable zoological exhibit ever seen outside of the interior of the African jungle. It is Bumbino, the first and only baby giraffe ever born or exhibited in America. Only once before in history has the stork visited the giraffe pen of a captive zoo of animals. That event happened over fifty years ago in London, England. The youngster died before it could be placed on exhibition. Bumbino is only three feet tall, less than one-seventh of its mother's height. The youngster is worth its weight in gold.

On the list of performers are the names of 400 of the world's most talented performers. The new parade is a marvel of interest. It is a panorama of a thousand wonders. There are three miles of it. Here is an opportunity for the people of Newberg and vicinity to see the greatest circus ever organized. The railroads will lower the rates of fare and special excursions will be run.
