NO. 50

## THE PRIMARY ELECTION

### Anti-Assembly People Win in Most Instances Where Contest Was Made.

In the primary election held on last Saturday afternoon little interest was taken outside of Portland and a few of the larger towns, and consequently the vote cast was very light. In Portland a very acrimonious contest was waged, especially on the one side by the anti-assembly people; and a fairly good vote was polled, but in the country the farmers were busy with their work as the day was fine, and few took the time to go to the polls.

Here in Newberg little interest was taken even by those near at hand, and it looked for a time after the polls were opened like the election boards would not be given enough to do to earn their money. More voters strolled in as the evening shadows lengthened, but when the votes were all counted in the four Newberg precincts the totals only footed up 197 votes cast out of a total of 687 voters registered, making hardly any better showing than would ordinarily be made under the convention system.

#### STATE TICKET.

Governor—Jay Bowerman, Assembly.  
Congressman, First District—W. C. Hawley, Assembly.  
Congressman, Second District—A. W. Lafferty, Insurgent.  
Judges Supreme Court, four-year term—H. J. Bean, Anti-Assembly; T. A. McBride.  
Judges Supreme Court, six-year term—G. H. Burnett, Assembly; F. A. Moore.  
Secretary of State—F. W. Benson, Assembly.  
State Treasurer—Thomas B. Kay, Anti-Assembly.  
Attorney-General—A. M. Crawford—Anti-Assembly.  
School Superintendent—L. R. Alderman, Assembly. No opposition.  
State Printer—W. S. Duniway—Anti-Assembly.  
Commissioner of Labor—O. P. Hoff.

Railroad Commissioner—Frank J. Miller, Assembly. No opposition.  
State Engineer—John H. Lewis, Assembly. No opposition.  
Water Superintendent, Division 1—J. T. Chinnock, Anti-Assembly.

In the four Newberg precincts the totals for candidates on the state ticket footed up as follows: For congress, Hawley 84, Mulkey 64; governor, Abraham 31, Bowerman 68, Dimmick 25, Hofer 14; Secretary of State, Benson 100, Wingate 41; Treasurer, Hoyt 73, Kay 77; Supreme Judges, Bean 86, McBride 80, McCammant 72, Burnett 120, Moore 101; Attorney-General, Crawford 87, Hart 51; State Printer, Clarke 71, Duniway 69. S. M. Calkins won out for county commissioner over Potter. As there was no other contests in the county the vote is not given.

The democrats nominated Oswald West for governor and they consider him to be a formidable candidate in opposition to Bowerman.

### Early Morning Wedding.

At seven o'clock this, Thursday, morning, at the home of the bride on Seventh and Willamette streets, Miss Eva Comic, daughter of Mr. and Mrs. James Comic, long residents of Newberg, was quietly married to Mr. James Walsh, of Willamina, Rev. F. C. Stannard officiating. The guests

consisted of the immediate relatives of the bride, Mr. and Mrs. Roy Wassam, of Salem, Mrs. Edith Hubbard, of Ranier, Mr. Clayton Pleasant, of Willamina, and Miss Guila McCrea and Joseph Ruble, of Newberg.

A sumptuous wedding breakfast was served, after which the young couple departed on the morning train for Willamina, where they will make their future home.

The bride has grown to womanhood in Newberg where she has made many friends. The groom came to Oregon from Tennessee about four years ago, and is now in the employ of the Willamina Brick Company. He is a young man of industrious habits and upright character.

Their friends in Newberg and Willamina unite in wishing them a happy and prosperous career.

## WHERE EVERY PROSPECT PLEASES

While passing up and down the railroad between Newberg and Portland we always take a keen interest in noting the changes being made in houses and lands, for new life is being shown all along the line. Doubtless our readers interest themselves in the same way, and if so they must have noticed the phenomenal changes that have taken place about the property formerly known as the Frank farm and on adjoining lands below Rex.

To anyone at all interested in horticulture, the large young orchards of the Chehalem Mountain Orchard Co. prove the most interesting and inspiring sight to be seen on the ride and the interest of the traveling public is clearly manifested by the questions asked when this point is reached.

The neat picket fences, the newly painted houses, the long rows of apple trees, the nursery and strawberry plantings, all give an impression of prosperity and naturally attract the attention of those passing on the train.

The fine growth the trees have made this season gives ample evidence of the fertility of the soil and also speaks well for the care and close attention given to cultivation of the orchards. We doubt if an orchard anywhere in the valley is getting better care, and it is the good fortune of Newberg to have this important enterprise backed by a pushing, enterprising company in its vicinity.

We understand that over half of the tracts near Frank and Rex are sold but hear that another 1000 tract has been bought and will be placed on the market next year. Three hundred and fifty acres are set out to apples and an additional tract of 350 acres is in readiness to receive the trees during the coming winter.

The view from the company's tracts over the Willamette valley is magnificent and we are not astonished that this together with the other good points of the land, is very much admired by prospective buyers.

Capt. Paul Reimers who is at the head of the management expressed to us that it is a real pleasure to take customers out to look the property over, as he says they are easily pleased and that they don't hold back their expressions of admiration either and the company is selling fruit tracts rapidly, and mostly to buyers from points east of the Rockies.

## OPENING OF PACIFIC COLLEGE

### Good Enrollment and Splendid Address by Rev. John F. Lyons.

The new year for Pacific College was ushered in on Wednesday morning when a splendid audience met in the chapel to hear the most excellent address by Rev. John F. Lyons, pastor of the Presbyterian church. There

WM. J. REAGAN  
Acting President Pacific College

were a large number of new students present for registration and yet the old students were on hand in sufficient numbers to make the hall ring with the college song, "Old Gold and Navy Blue," following which, President Reagan rapped for order.

Rev. A. J. Weaver read Job 28, and followed with a fervent and effectual prayer in which he gave thanks for the good work done by Pacific College in the past, which was exemplified in the students that had gone out from the institution and made good in many responsible positions to which they had been called. Also for the splendid body of students now entering on the new year, and for the loyalty of the many friends of the college in making it possible to erect the new building which is now in course of construction.

OLIVER WEESNER  
Mathematics and Physics

Mrs. Hull followed with two piano solos and was heartily applauded, after which Mr. Lyons was announced as the speaker of the morning. He said in part that he was sure he was speaking for the ministers of the city when he said they were all thankful for the helpful influences exerted by the college and they were also glad of the new inspiration that was already in evidence as a result of the successful campaign waged for a new building. By way of illustration he told of a fisherman who fell into a mill pond and on being asked how he came to fall in replied that "he did not come to fall in, he came to fish." Said the students probably did not come to hear a sermon but that he would give them a text anyway and scripture passages were a sermon in themselves. All will agree that it is a shame to grow up in ignorance when all our schools are open to all our young people, and especially so

in the Willamette valley where there has been made such ample provision for college training without any being compelled to go far from home. And here in Newberg with all the splendid provision that has been made for the education of the young, great indeed would be the shame of anyone who should willingly grow up in ignorance.

Pittsburg is proud of Andrew Carnegie for the \$15,000,000 he has given for public improvements in that city and Chicago honors John D. Rockefeller for

of which he stated what Pacific College stood for and said he hoped the students would endeavor to maintain the standard. Said a baby had a good deal of difficulty in locating its month, but with growth and experience the feat became easy. Pacific College is here to help young people get control of themselves. It is well to remember that no one can give you something you have no desire for. The Lord does not plant a pumpkin seed when he wants to grow an oak

MISS MABEL BECK  
English and Bible

the \$21,000,000 he has given to Chicago University, but the speaker asserted that the people of Newberg had given proportionately larger than either for our new college building and they were entitled to much more credit.

Massachusetts, which is considered the hub of the universe from an intellectual standpoint has four per cent of illiteracy in her population, Alabama has seven and two-thirds per cent, while the per cent of illiteracy in Oregon is only one and a half per cent.

In closing the speaker congratulated the students in the choice they had made in the college to attend.

President Kelsey made a few felicitous remarks in the course

MISS EUNICE LEWIS  
Greek and German

MRS. EMMA M. HODGIN, Latin

tree. Don't try to clinch a nail in a boiled potato. Horses don't store up hay and grain for winter—they simply take what is given them. With us nothing is worth while except, what we work for. If you don't want to work this is no place for you. The social side must be looked after and we want you to enjoy yourselves, but you should not ask simply for a good time at the expense of parents who are making sacrifices for you.

The new members of the faculty were introduced and after Mr. Beuhler had given a vocal solo, "A Red, Red Rose," the audience was dismissed and the real work of the new year was taken up by the students.

The enrollment is about seven-

WM. JOHNSON  
Science and Athletics

ty aside from the music students, making in all one hundred the first week which is a good showing.

PAUL F. BRISSENDEN—Chemistry

### Farewell Reception Tendered Mrs. E. Spaulding

A most pleasing farewell reception was tendered Mrs. Elizabeth Spaulding by the members of Shiloh W. R. C. No. 28, at the last meeting of the Order, which occurred last Thursday afternoon. At the close of the business session the members seated themselves in a large circle with Mrs. Spaulding in the seat of honor.

Several members of the Post were also present. Dainty refreshments were served and a pleasant social time indulged in.

In behalf of the Corps, Mrs. Mary Scott, with a few appropriate remarks presented Mrs. Spaulding with a gift. She also received a beautiful bouquet from Mrs. Pike. Mrs. Spaulding responded most feelingly to these tokens of appreciation and assured us that her heart would always be with the members of Shiloh Corps. Mrs. Spaulding's future home is to be in Salem and it is with feelings of deepest regret that her friends in the Corps see her leave. She has been a faithful member, one whose place cannot easily be filled. We wish her all happiness and prosperity in her new home.

"When we assunder part,  
It gives us inward pain,  
But we shall still be joined in heart,  
And hope to meet again."  
MILLIE WHITTEN, Press Cor.

A majority of people demand this version of the new commandment: "A new commandment I give unto you, that ye love me and let me do as I please about loving you."

Atchison people tell of a certain man who was very fond of his stomach, and who ate good things at all hours. He dropped dead one day, thirty years before his time.
