**OLD WISCONSIN MAN
GIVES UP LONG FIGHT**

Six Years of Warfare Is Ended
When John Dietz Displays
White Flag.

St. Paul—Old John Dietz, the famous defender of Cameron Dam, has been beaten at last, after a desperate rifle battle with the deputy sheriffs at his cabin on the Thornapple river in Sawyer County, Wisconsin, that lasted nearly all day.

Dietz surrendered and brought to an end the stubborn resistance of the men whose stand for the last six years against what he considered an injustice, has attracted wide-spread interest. The surrender did not come without death and bloodshed. One man is dead, four men and a woman are wounded and much property has been destroyed.

The surrender of Dietz was dramatic. The alert lumbermen leaning on their rifles at the edge of the clearing and gazing intently at the windows of the log cabin, suddenly saw the flutter of a white handkerchief at the door. Then little Heisen appeared and advancing with the cloth over her head, walked to the edge of the clearing, where she announced that her father was willing to surrender.

Dietz was wounded while firing from the barn during the afternoon, when a bullet went through a crack and passed through his left hand.

In the little cabin broken jars and dishes lay scattered on the floor, they having been struck by bullets, of which more than 2000 had been fired during the day. Bullets lay on the bed, having bounded back after striking against the wall. It was a miracle that the entire family was not wiped out.

**LOS ANGELES TIMES
RELIEF FUND LARGE**

Los Angeles—Funds for the relief of families left dependent by the Times' explosion may equal the amounts appropriated for the capture and conviction of the conspirators. Banks have joined with the newspapers in collecting the funds, and it was announced that the total so far collected was more than \$30,000.

Seventeen of the 30 or more men who lost their lives in the explosion which wrecked the Times newspaper plant were laid to rest Sunday in graves ranged side by side in Hollywood Cemetery. One funeral service was held for all, in Temple auditorium, which was packed by 2500 men and women, while a greater crowd, unable to enter, stood outside in silence.

China Welcomes New Era.

Pekin.—One hundred of the wealthiest Chinese merchants, recognized as the most conservative class, gave a farewell banquet to the delegation of American business men, representing the Chambers of Commerce on the Pacific Coast. The American speakers referred to their amazement at their reception, which they characterized as overwhelming throughout China, culminating in Peking, where they had been admitted to the palaces of the Forbidden City, which seldom have been opened.

T. R. DIFFERS FROM TAFT

Says Nation Should Drain Swamp Lands.

Hot Springs, Ark.—Theodore Roosevelt placed himself on record here as opposed to the view expressed by President Taft on one phase of the work of the conserving and developing of the National resources of the country. Colonel Roosevelt declared that the Federal Government should do all it could do legitimately to assist in the reclamation of the great swamp areas of the Mississippi Valley.

In a speech at the National Conservation Congress at St. Paul, September 26, President Taft said he believed the work should be done by the states themselves, and deprecated the idea that the National Government should do it.

Railways Win Lumber Case.

St. Paul.—The United States Circuit Court has upheld the findings of Master in Chancery Dickson in the Pacific Coast lumber rate case. This is a victory for the Great Northern, Northern Pacific, Chicago, Burlington & Quincy and Union Pacific railroads.

10 Years, 10 Lashes.

Vancouver, B. C.—Ten years with ten lashes was the sentence imposed by Judge McInnis on Herbert Halliwell, of Tacoma, a young man charged with attacking nine-year-old Glenn Walters.

READ THESE BARGAINS

STOCK RANCH—10 miles due north and a little west of Condon, 1200 acres; 90 acres under cultivation, but some more could be cultivated. Lies in the breaks of Ferry Canyon on Hay Creek. Has good buildings and a fine orchard and fruit of all kinds; raised about 15 bushels of peaches this year and has lots of fruit to sell. Live in the bottom of a deep canyon 5 miles from R. R. but a good wagon road to his place. Some outside range. Can winter 2000 head of sheep with the feed he raises and on the range. This is a good proposition for somebody that wants to make money in an easy way and has no children to send to school; you buy up the sheep in the fall, winter them and shear them, and sell them in the spring. Can clear from \$2000 to \$4000 on the deal, depending on the market price for sheep. Will exchange for good valley land, but don't want a fruit proposition. Price \$7 an acre.

WHEAT FARM—in the Mayville country, 6 1-2 miles from town, 400 acres; 250 acres in cultivation. Fenced with 3 wires and cross-fenced; water runs through the farm.
