L. G. Carpenter and family, in company with Mrs. Williams, the mother of Mrs. Carpenter, who recently came to Oregon from Amarillo, Texas, were in town last Saturday and Sunday visiting with Clifford Terrell and family.

E. G. Anderson, of Portland, who has the contract for the new high school building says that when he first came to Newberg in the early Spring to figure on the job, the weather was bad and he went away very much displeased with the town, but that with his frequent visits here during the season his opinion of Newberg has undergone a change, and he now likes it better than any other town in the valley. He also says the home labor he has employed has been the best contented and most satisfactory he has found anywhere. He figures that it will require about three weeks more time to complete the building.

Clifford N. Terrell has purchased the Wm. Stratton home on Wynoski street.

On Friday evening Governor Bowerman is billed to speak in McMinnville. This will probably be the only speech he will deliver in the county during the campaign.

Hon. Robert G. Smith, of Grants Pass, who is the Democratic candidate for congress in this district, was in town Tuesday night as the guest of W. E. Purdy, they having been friends some years ago in Grants Pass. On November 3 he will return to Newberg to speak in behalf of his candidacy.

L. Seeley and family arrived in Newberg last Saturday from Willistore, North Dakota and have rented property in town for the present, with a view of locating permanently near by, soon. Mr. Seeley is a painter by trade and expects to follow that occupation. Mrs. Seeley was a playmate with Mrs. Behnke and Mrs. Otis in their girlhood days.

Miss Olive Read having completed a trip to Europe has arrived in Newberg and is now visiting her sister, Mrs. D. H. Kopp, on Hancock and Edwards streets. She reports a fine time, especially her visit to Ober Ammergau where she witnessed the Passion play, this being the year for that exhibition. On her return she visited relatives and friends in Penna.

Mr. and Mrs. C. J. Edwards were in Portland Monday in attendance at the funeral of Dr. Edna Timms, who was instantly killed in a collision when on her way to see a patient, in answer to an emergency call. On crossing a street car track her automobile collided with a car, throwing her sixty feet, and she was dead when picked up. The news of the sad accident was quite a shock to Mrs. Edwards as the two ladies were very good friends.

J. K. Ellis who recently sold his home near Newberg on the north, left here on Saturday for Springfield to join his wife, when they expected to leave for Waco, Texas. Mrs. Ellis has been an invalid for several months and the change is being made on her account.

W. S. Bean has bought of W. E. Purdy twenty-five feet frontage on First street adjoining the C. B. Cummings furniture store on the east, and expects to put up a building which he will occupy with his grocery stock, but his building plans are not entirely matured.

Mrs. Margaret Cone, widow of the late Oscar Cone, aged 69, was married to J. S. O. Wilson, aged 69, at the home of Mr. and Mrs. W. E. Purdy in Newberg, on Wednesday. Rev. F. C. Stannard was the officiating minister, while our friend, Jack Smith was best man. The bride was first married at the age of 16 and proved a faithful wife for 53 years, when her husband died.

Frank Wood was seen on our streets Monday carrying a very nice hand bag of feminine dimensions, and it was at first surmised that he was looking for the lady to match it, but later investigations proved that he was out as agent for Teddy's new book which tells of his hunt for big game in the Jungles of Africa. It is the only authorized edition and makes very interesting reading being full of valuable information about plant and animal life in that country.

Col. J. C. Cooper, who went East in August to attend the big Esperanto Convention as a delegate from Oregon, passed through Newberg Monday evening on his way home, wearing a smile that continued to broaden as the train bore him nearer the home nest. After the convention was over he spent the time traveling about the country showing samples of Yamhill products and making boosting speeches for Oregon in general, and more particularly for McMinnville, his home town. On being asked if there were many people headed for Oregon he said that the people of the whole earth were on the move just now and many were headed this way. He is an enthusiastic booster for the new Esperanto lingo, and remarked that Newberg ought to organize a club and be in line to send delegates to the convention to be held in Portland next year.

Dr. A. T. Hunt and son arrived here from Westfield, Indiana, on Monday evening and have taken rooms at the home of Mrs. Lizzie White on Third street. For twenty years Dr. Hunt has been a practicing physician in Indiana but close confinement to practice has impaired his health and he is here for the purpose of taking up other work with a view of recuperating his strength. His wife and the other children are in Indiana where they will remain during the winter and will probably come on in the spring. Dr. Hunt spent three years about Newberg some thirty years ago and will still be remembered by a number of our people. The writer has not forgotten that he was one of our party who drove a team of big red oxen all the way to Newport and return, in the summer of 1881, and that on our arrival at the camping ground where the Monterey hotel now stands, on July 5 we first heard of the assassination of President Garfield. People may come and people may go by railway trains and by autos and by every other twentieth century conveyance, but that was by far the most interesting journey we have ever made to the beach, if the largest ox of the two, weighing 1800 pounds, did go lame and we had to call on John Brown, who was one of our party of more than forty, to show him, and we were nearly a week on the road.

Brown, Mrs. Maude Newman and Mrs. Hattie Patterson.

Mrs. Mary Harris Armor, president of the Georgia W. C. T. U., spoke to a packed house at Friends church on Wednesday night, in behalf of the campaign for state wide prohibition in Oregon. She went after the Greater Oregon Home Rule association, hammer and tongs, and in her talk of two hours proved herself to be all that she had been advertised as a speaker for prohibition. She deserves a good house wherever she is billed to speak in Oregon for she has the faculty for setting people to thinking.

Paul V. Maris, a member of the class of 1906 in Pacific College, and now Deputy Dairy and Food Commissioner, is arranging for a meeting of the creamery men and butter makers of Oregon to be held at Eugene on December 7. The object of the meeting is to organize a state association along the line in vogue in other states, and in this way work up better interest and better organization among the dairymen of Oregon. The movement should meet with a hearty response from the cow men all over the state.

O. B. Westfall and wife went to Portland last Friday to attend the funeral of his half brother, F. J. Stimson, who died of consumption at St. Vincent's hospital on Wednesday, October 12, at the age of 35 years.

Many of the troubles that we see coming down the road toward our farm pass by without stopping.

Why are some newspapers like a man with cold feet? Because they suffer from poor circulation.
