Representing ten Western states, the executive committee of the Western Development League met at the commercial club during the past week and mapped out a plan that promises to be of great benefit to the whole West. The purpose is to attract people from the crowded East to vacant lands of the West where there is room for millions to build happy homes. The big drawing card proposed by the league is a special train of exhibit cars that will tour the East next Fall and will give the people of that part of the country an object lesson of the opportunities to be found here. In this movement the commercial bodies, railroads, state officials and the Panama-Pacific Exposition will co-operate and share the expense. Prominent westerners will accompany the train and they plan to call on governors of the states visited and other leading men, interesting them in the campaign, which will be of such a magnitude as to be free from any selfish boosting by any narrow section. At least five cars of exhibits will be taken along, showing the products of the West in a comprehensive fashion. This will be the biggest showing ever attempted along this line and is certain to attract much attention. The exhibits will later be placed at the Eastern land shows during the Winter.

Mining men completed the organization of the Oregon Chapter of the American Mining Congress in Portland during the past week, the whole state being well represented. Steps were taken at the convention to put the industry on a better basis and considerable benefit to all engaged in the development of the state's mineral resources will result.

Oregon pioneers will hold their annual reunion and banquet at the Masonic Temple in Portland on June 21. Arrangements are now being made for this gathering by the Oregon Pioneer Association. Secretary George H. Himes is arranging a program of unusual interest and a large number of the sturdy pioneers who laid the foundations of our state will meet and recall the incidents of the past. Indian War Veterans will meet here on June 20.

Portland people are making their plans for the annual Rose Festival, June 5-10, and the whole city is looking forward eagerly to the event. It will be bigger and better than ever this year and the latch string to the whole city will be out. Residents of other Oregon cities will be given a warm welcome.
