Former partner and successor to R. Jacobson & Co.

Three Points

to consider in selecting your bank

- First: Will my money be safe?
- Second: Can I get it when I want it?
- Third: Will my bank be able and willing to give me financial aid when I need it?

With capital and surplus of \$70,000.00, conservatively managed by directors who have been successful in their business affairs, this bank offers safety and prompt and liberal service to depositors of responsibility.

WINSLOW FOR DISTRICT ATTORNEY

Has Had Practical Experience And Is Well Qualified.

W. G. Winslow, candidate for District Attorney, is making his campaign solely upon the ground of efficiency and experience.

He has been directly associated with John H. McNary, our present district attorney, for four years, acting as his deputy for Marion County during that time. Has also represented Mr. McNary as acting district attorney in every county in the district, having full charge of the work, and is thoroughly acquainted throughout the whole of the district with the work of the office to which he aspires. If nominated and elected he promises to give us an honest economic and efficient administration. If you believe in promoting one of experience he is asking for your support.

paid adv.

THE MAN WHO HAS MADE GOOD

H. W. Herring has made good as County Surveyor. This is not denied. He is opposed by a man who is city surveyor of McMinnville but who also wants the other job. In other words, he would sidetrack a man who has made good in office in order that he may have two offices, either one of which is sufficient to employ one man's talent. This is making a trust out of the county offices. R. W. Jones once was county surveyor and vacated the job. He was asked by the court to return but refused. Mr. Herring was appointed to fill the vacancy and has given the county good service and is favorably known. Ballot number 62.

paid adv.

Get The Graphic, only \$1.50 a year.

GALE S. HILL, OF LINN COUNTY

Have been engaged in the active practice of law for twelve years. For eight years have been Deputy District Attorney for Linn County, during

Candidate for Republican Nomination for District Attorney.

which time have had practically entire charge of the office, and am familiar with and experienced in the duties of the District Attorney's office in all departments.

If nominated and elected, I pledge myself to use all honorable means to enforce every law. I believe in effective work based on good judgment, rather than election promises. Results are what count and my record shows I have secured the actual convictions. If elected, I will vigorously prosecute all violations of the law, at all times using my best judgment in bringing cases in order to save the taxpayers the cost of ill-advised, unsuccessful and spite work prosecutions.

If you believe in promotion and agree with the above principles your support will be appreciated.

Respectfully submitted,
Paid adv. Gale S. Hill.

CANDIDATE FOR JOINT SENATOR

To the Republican Voters of Yamhill County:

I am a candidate for the nomination, at your hands, for Joint Senator from the four counties of Lincoln, Tillamook, Washington and Yamhill. The time is too short for me to see many of you in person, so I am putting my candidacy before you in this way.

I have been a resident of Tillamook County for more than ten years. I stand for State-ment No. 1, Oregon's system of government and a clean and efficient, but economical government. If elected, I promise to faithfully guard the interests of all the people, to the best of my ability.

Neither Yamhill nor Lincoln has a candidate for this office. Senator Barrett is now Joint Senator. He is from Washington County. My only opponent, Mr. Hollis is also from Washington County. It has one senator by itself and three representatives in the legislature. Tillamook has only joint representative with your county and its turn, when it gets it, for this joint senatorship. Yamhill held the joint senatorship before Senator Barrett was elected. Tillamook County has not held the position for many years.

Justice to the people of Tillamook county requires that one of its citizens be chosen for this position at this time, and I am asking for no more than justice to them in asking your support, as I am its only candidate for the position, becoming a candidate only at the repeated urging of many of my fellow citizens. I will appreciate your support and know it will also be appreciated by the people of my county.

Very Sincerely,
H. T. Botts.

Announcement.

I wish to announce my candidacy for the re-nomination for the office of sheriff of Yamhill county, subject to the will of republican voters of said county at the primary election to be held on Friday, April 19, 1912.

If I am accorded the nomination and am elected I promise a continuation of my past endeavor to give the best possible administration of the sheriff's office, devoting my entire time and attention to my official duties. (paid adv) W. G. Henderson.

APOPLEXY.

Quiet and Calm Should Be the Rule For Those Who Fear an Attack.

The word generally means a sudden paralysis caused by the rupture of a blood vessel in the brain. It is popularly called a "stroke." It is a result of a softening of the arteries that often follows primary hardening, or arteriosclerosis. The disease is a common accompaniment of old age, so common indeed that it is regarded by many as the one characteristic senile change.

It is not confined to old age, however, for many comparatively young men who have gone too fast and too far in the pursuit of wealth or who have met with reverses and have worried unduly over them have hardened arteries and are killed or disabled by apoplexy. In their hardened blood vessels there may be softening spots which, bulged by the hydraulic pressure of the blood, form little aneurisms. A little extra strain on the vessels, caused by some violent emotion, or the lifting of a heavy weight, or running to catch a train, may then rupture one or more of these little aneurisms and so let the blood pour into the brain tissue.

If the blood escapes rapidly and in large amount it causes immediate loss of consciousness and paralysis; if the blood escapes gradually and in small amount it causes either severe headache and tingling and numbness in one or more of the limbs or progressive loss of power, gradual dulling of the mental faculties and ultimate unconsciousness.

Apoplexy is not always fatal. Indeed, complete recovery without any paralysis sometimes occurs. The sufferer's immediate fate is commonly decided in two or three days. Either he dies without regaining consciousness or his mental faculties gradually return. He is then seen to be paralyzed in either one arm or in one leg, or in one side of the face, or in all three. In less serious cases the paralysis lessens, the facial expression becomes normal and the limbs regain their power. Even when the paralysis is permanent there is almost always more or less improvement for some weeks after the stroke.

Apoplexy can be treated only by the physician, but those who fear an attack can do much to avert it. Quiet and calm should for them be the rule of life. They should never make any severe muscular effort. They should never run for cars or climb stairs quickly. They should avoid hearty meals and the drinking of much fluid, even water, at any one time.—Youth's Companion.

Long Ranges of Sound.

The cannonade of Florence was heard beyond Leghorn, about fifty-six miles off; that of Genoa 100 miles off. In 1762 the cannon of Mayence was heard at Timbeck, a village 148 miles off. When the English landed in Egypt the firing was distinctly heard 130 miles away. In 1809 the booming of the cannon in Helgoland reached Hanover, which is 157 miles distant. But the greatest distance at which artificially produced sounds are known to have been heard was when, on Dec. 4, 1832, the cannon of Antwerp were heard in the Erzgebirge, 370 miles distant. The noises produced by an eruption of Mount Cotopaxi, in South America, in 1744 are said to have been heard at a distance of 600 miles.

His Handicap.

"You don't mean to tell me that frumpish looking little woman is his wife?"
"Yes."
"How in the world did a man with his taste ever happen to pick out such a person for a life partner?"

"They say she is very clever—writes most of his speeches. I believe she was a school teacher before their marriage."
"Dear me! Isn't it too bad? Think what a place he might have won for himself if he had married a woman with style and a family that amounted to something back of her."—Chicago Record-Herald.

Mending Hot Water Bottles.

Rubber hot water bottles may be mended as follows: Cut one cubic inch of clear para rubber into small pieces and place in one pint of benzine, cover tightly and leave two or three days, or until the liquid is about as thick as honey. Apply this cement to the surface of the bag and the patch, which should also be of rubber. Join the two, press down evenly, and in a very few minutes the mend will be perfectly complete.—Woman's Home Companion.

Bitter Provocation.

Counsel—Why did you strike this man? Defendant—What would you do, sir, if you were owner of a grocery shop and a man came in and asked if he could take a moving picture of your cheese?

Administrators Notice of Final Settlement.

Notice is hereby given that G. W. Hume, administrator of the estate of Eva Hume, deceased, has filed his final account in the County Court of the State of Oregon, and that the 15th day of May, 1912, at 10:30 o'clock a. m. of said day at the Court House in McMinnville, Yamhill County, Oregon, has been fixed by the court as the time and place for the hearing of said account.

Now therefore, all persons interested in said estate are hereby notified to appear at said time and place and show cause, if any they have, why said account should not be allowed, and said administrator together with his bondsmen discharged from further administering upon said estate, and why said estate should not be finally and forever settled.

G. W. Hume,
Administrator of the estate of Eva Hume, deceased.
