THINKING OF FURNITURE?

Furniture that has a lot to do with your comfort, and everything to do with your pride in your home. You will certainly be judged by your furniture. Buy your furniture carefully

Here is the Best Way to buy it

IN THE FIRST PLACE—You don't want furniture that will soon go to pieces, or furniture that is ugly or that looks just like your neighbor's furniture. Therefore let us show you furniture that is well made, correct in design and exclusive.

SECOND—Select from our immense stock pieces that are comfortable and handsome in themselves and that harmonize with your rooms.

THIRD—Satisfy yourself that our prices are right (if you are in doubt) by comparing them with what others ask.

We have earned the reputation of carrying more furniture of the kind that every woman is proud to own. Naturally, you would prefer to buy this furniture if the prices are no higher than you are asked for the other kind.

All WE ask is a chance to help you make a comparison.

A CITIZEN'S LETTER

Newberg, Ore., Oct. 29, 1912.
Editor Graphic:

If you have room in your valuable columns, please publish this writing. In the first place, when we have a man or a bull moose running for president of the United States who presumes that he is bigger than the party that he was president of seven years or more, and the party was good enough for him during that period of time, and who said he would not accept again the nomination of the high office of president, under any circumstances, that the people had honored him enough, and then jumps in against the man that he himself chose to be his successor, and at the Chicago convention sees he is fairly beaten then bolts and starts a new party to overthrow the party he was over seven years president of and was well pleased with, also the people, and now wants the recall system, even to the president, I think it is time to recall him at the polls next Tuesday before he gets to far advanced in his cowboy ideas. It will do to be a cowboy on the plains where they shoot up the villagers and paint them red, but it won't do in the White House. The cowboys take the law into their own hands and make as many new laws as they please, and execute them. This seems to be what Roosevelt wants to do, it was instilled in him during his cowboy days and is now returning to his mind. After failing the nomination, now he wants to shoot up and paint red a hundred million American citizens and have them do his bidding. It is too big a job for any living citizen to accomplish except he be endowed by God, the creator of all, and we don't believe he is because of his actions. No one man is capable of dictating to a hundred million people what to do, and having the power of recall even to the president, so let's recall him next Tuesday and have it over with.

Yours Respectfully,
K. C. Hollingsworth.

WHY CONGRESSMAN W.C. HAWLEY SHOULD BE RE-ELECTED TO CONGRESS

Because in point of ability, experience and qualifications no opposing candidate can compare with him at all.

Because of large abilities and efficiency is added his known honesty, manhood and a character without blemish.

Because, born in Oregon, he knows her needs and has already secured millions of dollars for public improvements in the First District.

Because he travels thousands of miles over his district annually, conferring with his constituents and learning their needs.

Because it has been proven that he is industrious, able, efficient and successful in serving all the people and not a favored few.

Because he has been a faithful public servant, working up to a position of influence in national affairs, so that Presidents Taft and Roosevelt, his associates of all parties and constituents generally, praise him in terms similar to those used by Governor West, after a visit to the National Capital, when he said in an interview: "In intellect, oratorical ability and devotion to the interests of the people, Hawley stands head and shoulders above the great majority of the members of the National House of Representatives."

Announcement.

The work of the office will not permit me to make a personal campaign and as many people have recently settled in our midst, I desire to say that I am one of those East Tennesseans who cast his lot with the cause of the Union.

I served in Co. K 8th and Co. D 4th Tenn. Inf. My record was such as to earn promotion at 16 years of age. I came to Oregon in 1873. On March 1 next, I will have been an Oddfellow 40 years. I was a charter member of the G. A. R. Post at Sheridan more than twenty-five years ago, and I like all fraternal organizations.

I have been a notary continuously since 1880 and as such have tried to be of service to my comrades, their widows and orphans. I have been closely associated with the land surveys and records of Yamhill county, for the past thirty-four years, which experience I find valuable in this office. Two years ago there was no contest for the office of County Recorder because the salary was not at that time commensurate with the work. The law authorizing a deputy went into effect May 20, 1911, since which time only, has the office been on a paying basis.

I have endeavored to be kind and courteous at all times and if the verdict of the people shall retire me, I shall ever feel grateful for kindness shown me in the past.

Respectfully,
H. S. Maloney.
