PURDY IS OUT FOR GOVERNOR OF OREGON

Newberg, Ore., Mar. 14, 1913.
To the Public:

It is a well known fact, which no honest man, who is acquainted with the truth, can dispute, that I have been robbed and swindled out of a valuable piece of property in Portland by officials and ex-officials of the State of Oregon and of Multnomah County. It is my honest belief that this was done by a collusion of individuals whose object it is to hold on to this property through the pretext that there are heirs on the one hand and escheat proceedings on the other, until I am worn out and the public is disgusted with the whole affair. While doing so, they are collecting \$450 per month rents, which keeps soul and body together while all this monkey business is going on. To justify themselves this clique had to attempt to blacken my character, and in this attempt they have used men and women who are void of character and honor like unto themselves.

Now then, these officials and ex-officials are about to go before the voters again for office.

That I may be in a position to measure myself up along side of these men, that the public may know who has honor and who has corruption, I have decided, after being repeatedly urged by my own conscience, to become a candidate for Governor of Oregon at the next general election.

It makes no difference which political party is in control in Oregon, it is graft and corruption all along the line, from the highest to the very lowest official throughout our state.

Political parties are all right, but those who are holding the reins in these several political parties are most of them, I believe, corrupt.

Therefore, that I may be free from the association of these unscrupulous politicians and in a position that I may wage into a free-for-all fight for the greatest office within the gift of the voters of this state,

I do here and now offer myself as an unpartisan candidate for Governor of Oregon at the next general election.

In the near future I shall publish my platform or politics, which I can assure you will not be ratified by the several political parties.

Respectfully,
Will E. Purdy.

\$250,000 BURGLARY IN NEW YORK

New York.—An East Side burglary perpetrated by clever cracksmen some time Sunday netted the thieves the largest haul obtained in New York city in many years. Martin Simons & Sons, pawnbrokers in Hester street, were the victims and the property stolen includes \$200,000 worth of jewelry, diamonds and other precious stones, and \$50,000 worth of negotiable securities.

The thieves gained access to the pawnbroker's richly stored vaults by means of a tunnel from an abutting building on a neighboring street. They made a clean getaway with their valuable loot.

The police found that the tunnel had been begun in the cellar of a house in Eldridge street, adjoining Simons' place. It was driven through the wall of the Eldridge street house and into a wood bin in the cellar of the Simons store. There, leading up into the pawnbroker's shop, is a flight of stairs which are wired for burglar alarm. The thieves avoided them and sawed away the overhead flooring at a spot directly in front of the treasure vault.

The vault, which stands 12 feet high and is built into the wall, was entered by chopping away the masonry.

Kohler is Found Guilty and Ousted Cleveland, O.—The civil service commission announced that it had found Chief of Police Fred Kohler guilty of "gross immorality, conduct unbecoming an officer and gentleman and conduct subversive to good order and discipline in the police department," and immediately discharged him from office.
