B. S. Cook was out from Portland Wednesday.

Born to Mr. and Mrs. Ole Martin on last Sunday, a son.

D. L. Hannon, who is in the grocery business in Portland, is in town.

Fred Hutchcroft has moved to Yamhill where he expects to take up farming.

C. J. Edwards is riding in a new Cadillac machine, the only one in Newberg.

Mr. Atcheson, a brother of Mrs. Josie Everest is here from Tacoma on a visit.

Mr. and Mrs. W. S. Parker visited in Salem last Sunday with F. A. Elliotts.

Eliza Hutchens left here a few days ago for Amboy, Washington, where he will take a look at the country.

John Morgan of this place is now located at Raymond, Washington, where he has secured work in a logging camp.

R. L. Booth returned from Sheridan Tuesday evening where he went to look after his possessions in the upper part of the county.

Frank Brooks, a brother of W. B. Brooks, foreman in the Graphic office, was out from Portland with his wife and little one for an over Sunday visit.

Hiram Smith has been down from O. A. C. during the week attending at the bedside of his mother who is severely ill from liver trouble.

Conductor Lester Riley, who had the run on the Newberg-Portland local, has resigned his position and moved with his family to Turlock, California, where he will work with his father in the nursery business.

W. J. Stater and son, Verne, were down from McMinnville one day last week closing up a deal with James Iverson, the latter exchanging some North Dakota land for a small improved tract near McMinnville.

Glenn Paxson has returned to the mines in the Blue Mountains in Grant County where he has a position as assistant assayer which is just to his liking. He is under a good man where the opportunity for learning is excellent and the pay is satisfactory.

On Tuesday Donald M. Wall made a sale of the Commercial hotel to a party named E. Underwood. V. E. Way, the former owner, will continue to conduct the hotel for a week or ten days until the new purchaser can get on the ground.

Miss Grace Oliver and her aunt, Mrs. Marsh, have returned from Hornitas, California, where Mr. Marsh, A. P. Oliver and John Brown are operating a mine. They say stock is suffering in that section owing to a shortage of green feed occasioned by a lack of moisture.

In a lapse of despondency brought on by the condition of her health, Mrs. Harry Hanson left home Monday evening while her husband was away at work, taking the southbound train. The following evening she was located at Falls City where she was stopping with some friends.

C. F. Moore, a long time resident of Newberg who has been living at Whittier, California, for the past three years, came in Wednesday evening and is visiting with his brother, A. E. Moore west of town. He will remain for several days while looking after his property interests here.

Born to Mr. and Mrs. Harry Klock, of Superior, Wisconsin, May 11th, a boy.

Mrs. James Orchard is out from Portland, visiting with her brother, N. F. Byers.

Edward M. Binford and family were up from Portland over Sunday, visiting with relatives.

Miss Kathrine O'Brien returned home Thursday after a three weeks' visit in Southern California.

Mr. and Mrs. Albert Bates, of Salem, visited with W. E. Crozers last Saturday and Sunday.

Miss Anna Baker left for Newport this, Thursday morning where she has a position in the Abbey House for the Summer.

Rev. Charles O. Whitely has been engaged by the local G. A. R. Post to deliver the address on Memorial day. The services will be held in Friends church.

G. W. James affirms that he has a cow that gives six and a half gallons of milk a day. What does a man who has such a cow want with the postoffice?

Mrs. J. C. Gregory is here from Walla Walla to join her husband who is busily engaged repairing his burned building. The daughters will come when the schools close in June.

Rev. Homer Cox, pastor of Sunnyside Friends church, Portland, and Rev. F. M. George, also of Portland, were the principal speakers at Friends Quarterly meeting held here last Saturday and Sunday.

A small blaze on the roof of the John Hutzen residence, corner of College and Sheridan streets, Monday afternoon, was put out before the hose companies could answer the shriek of the fire whistle though the boys were on the job without any delay.

Prof. W. A. Weist who has been in the lime light at Salem recently, he having been charged with improper conduct towards a young lady student of the school which he was teaching, and as a consequence was discharged by the board, was a teacher in the Newberg public school a few years ago.

"Truthful James" made a business call at the Graphic office Wednesday afternoon in the person of a small boy. Pulling a small stone from his pocket he held it up saying, "I want to sell this agate." On being asked why he didn't call on the agate man he replied, "I did, but he said it was no good."

As we go to press we learn of the marriage of Miss Maude J. Griffith and Dale M. Haskins which occurred this, Thursday, at 2 p. m. at the home of the bride's parents, Mr. and Mrs. F. H. Griffith, Rev. George C. Ritchey officiating. The young people leave on the afternoon train for Medford where Mr. Haskins has accepted a position.

L. W. Gatchell and Lowell Bristow are about ready to launch a ten passenger motor boat at the Foot of River street, which they have been working on for some time. The engine is so arranged that passengers will not come in contact with the attendant oil and dirt so prevalent in many motor boats, and consequently it will be ideal for small excursion parties.

At the request of the G. A. R., the Civic Improvement Club is considering holding the annual Rose show during the state encampment. A final decision in the matter will be reached at the meeting this afternoon. All mothers in town and country are asked to keep in mind the baby show. Plan the decorations now for the babies' carriage and let's make the parade extend the length of First street.

Mr. and Mrs. Harry Ogden, of Portland, are in Newberg visiting her mother, Mrs. Lizzie White.

Columbia University will play the high school a game of ball on the college grounds Saturday afternoon.

Mrs. R. Donahoo brought to the Graphic office ripe strawberries last Monday, the first of the season.

Mrs. Lizzie Cook, who is recuperating from a severe attack of pneumonia, is visiting at the home of her son, Nathan in Hillsboro.

U. S. G. Miller has bought a Buick car which he will use in passing back and forth between his Newberg and Dayton merchandising stores.

Mr. and Mrs. Alfred Dixon came out from Portland the last of the week and spent Sunday at the home of the latter's parents, Mr. and Mrs. H. C. Paulsen.

Mrs. Rebecca J. Allen and Mrs. O. E. Olmstead came out from Portland one day last week in an auto with Mr. and Mrs. Ernest Stone, of Monmouth. They returned home the same evening.

The Pleasant View school taught by Mrs. Cora Diedericks closed on last Saturday night with a box social and free entertainment. The proceeds of the sale of lunch boxes amounted to \$19.50.

Ernest Bales, who has had a position with the Standard Oil Co. in Portland for the past year, is moving to McMinnville where he will have charge of the company's business for that territory.

Jesse Pressnall, who was suffering from a severe attack of appendicitis was hurried to Portland one day last week by Dr. Littlefield where he was operated on. He has been a very sick man but is getting on as well as could be expected.

The 27th annual convention of I. O. O. F. and Rebekah lodges meets at Medford on Tuesday, Wednesday and Thursday of next week. Those going from Newberg will be T. B. Duncan, C. A. Hodson, Walter Cooke, Mrs. T. B. Duncan, Mrs. W. W. Nelson and Mrs. C. C. Ferguson.

Rev. Robert E. Pretlow, who for several years has been pastor of Friends church in Brooklyn, New York, and who is taking up the work as pastor of Friends church in Seattle, has been secured to deliver the address on commencement day at Pacific College. He is a man of fine appearance, standing six feet three inches, well built and of pleasing address, and the class is very fortunate in being able to secure him for the occasion.

William Schorne, after twenty-four years of active service, has resigned his position with the Southern Pacific at Woodburn says the Tribune. He first entered the service as a transferer of freight from the Narrow Gauge which ran from the river to Woodburn on the Oregon California line, which was absorbed by the Southern Pacific. Having reached the age limit, he is entitled to a pension from the company and his application for it is up for consideration at the present time.

A number of Southern Pacific officials were out from Portland Tuesday to inspect the new style of truck for freight cars, the patent for which a number of Newberg people are interested in. The special claim made for the invention is that the adjustment is such that the car wheels follow all curves perfectly, avoiding the grinding friction that is always in evidence with all car trucks now in use. A practical demonstration was made for the visitors with the freight car that has been in use on the track leading to the sawmill during the past year, the loaded car being hauled with the mill locomotive as far as Rex and return, all curves being rounded perfectly, much to the surprise of the railroad men.

TELLS BEST METHOD OF FEEDING YOUNG CHICKS

A good quality of rolled oats is suggested as an excellent first feed for chicks by the poultry husbandry department of the Oregon Agriculture College.

Bread crumbs or stale bread soaked in milk and squeezed dry are also very good. Another good feed for the first few days is a raw egg mixed with bran and a little shorts or middlings, fed in a crumbly condition twice a day. Any of those may be fed twice a day with the addition of cracked wheat and cracked corn.

Until the chicks have learned to eat, the food should be given on clean sand. After a couple of days the cracked wheat and corn should be fed in chaff so as to make the chicks scratch. The depth of the chaff should increase with the development of the chicks.

After the first week the bran and eggs or bread and milk should be discontinued and in its place a mash of bran and middlings with ground corn (about three parts bran to one of corn) should be fed.

If the ground corn is too high priced, finely ground oats, with a pinch of salt and enough milk or water added to make a crumbly mixture.

As much as the chicks will clean up readily in an hour or less should be given once a day. The cracked grains in the chaff should be fed until the chicks are six weeks old when whole wheat may be given them. The soft food should not be left in the feeding troughs after the chicks have had all they will eat.

DUNDEE

Miss Bertha Reed and C. W. Barber were week end visitors to the Red Hills.

Mr. and Mrs. Spargur and Mr. Frank Jones, of Seattle, spent Sunday at the Graeper home.

Rev. Downs, who was pastor of the Dundee church last year but is now located at Cornelius, visited friends here last week.

Mr. Lyons, of Medford, is a guest of G. A. Dearborn.

H. Hunter Brown, who is on his way from England to New Zealand, is visiting his sister, Mrs. T. A. Harper.

Miss Nellie McNeill visited friends in Monmouth and Dallas on Saturday and Sunday.

Mr. and Mrs. G. W. Byers Sr. spent Thursday with friends in Dundee.

On Friday the ladies of the W. C. T. U. surprised Mrs. Frederick Hess by calling to spend the afternoon with her. They carried with them a beautiful set of cups and saucers which were presented to Mrs. Hess in recognition of her work for the society, especially in drilling contestants for the medal contests.

The friends of Miss Ella Crawford will be interested to know that she has worked out a series of study plans for primary children which is meeting with much approval in educational circles. Miss Crawford's plans have been combined with Montessori's ideas and are in use in the lower grades of the Seattle schools.

Among improvements noted of late are the repainting of the Forcht home, the installing of various kinds of electrical implements for farm work by the Lundquist Brothers, and the building of a new stable by John DeVore.

Mrs. Mary Stevens, of Oregon City, is visiting her brothers, John and Fred Crawford.

There was a good attendance at the last meeting of the Patron-Teachers Association. The formal program consisted of a song by the audience; recitation, Avis Eddens; exercise, the B's; recitation, Fleeta Leland; recitation, Sevilla Ricks; dialogue, Selma Woisky and May Fowler; recitation, Gertrude Fowler; recitation,

YOUNG MEN'S STYLES

as we show them are not especially different from styles for older men; there's a smartness of color in the fabrics that older men may think a little too loud; there's a snap to the cut of the garments that young fellows particularly like; we enjoy supplying these young men with such clothes; made for us by

Hart Schaffner & Marx

We will discontinue giving premium tickets after May 10th

We Pay Cash for Eggs

The Miller Mercantile Co.

Cecil Alford; Song—Twenty Frogs. The program was followed by an enthusiastic discussion of Domestic Science and Manual Training, the topics of the day, and several other matters of interest concerning the welfare of the school.

The ladies of the W. C. T. U. are planning a very interesting program for the gold medal contest to be held in the church on the evening of Friday the sixteenth of May. Contestants from Newberg, LaFayette and Chehalis will compete. Tickets on sale at both general merchandise stores in Dundee.

A MACEDONIAN CRY

Editor—A few words as to the Civic Improvement Club of Newberg. The Civic Club has been organized nearly four years, and while much lies behind us that has been accomplished, much more is ahead, to be achieved in our civic work.

While a goodly number have become members, yet, as in all organizations the brunt of the work lies with a few, who assume it, in order to perfect the plans that have been laid out.

Every woman of our city should consider it her duty, as well as pride, to become of us and with us, to help further the work, that our city may be indeed a "City Beautiful."

The dues are only fifty cents a year, and no fee is charged, reports to the contrary notwithstanding.

We earnestly desire the mothers, sisters and daughters to inquire when and where we meet and come to the meetings. You will do us good.

Yours for a "City Beautiful,"
Verona H. Nelson.

CHICKEN PIE

The popular, annual chicken-pie supper, prepared by the Ladies' Auxiliary to Pacific College will be served, Friday evening, May 23, at the Odd Fellows hall, beginning at 6 o'clock. Supper only 35 cents. Patrons last year were so well pleased with the bountiful supper that many calls have been coming in the last few weeks as to the date of this year's supper. Don't forget the date, we will remind you again next week.

West Chehalis House

Good house, big barn, well with engine for pumping, lots of fruit. For rent cheap or will take work in exchange. Call phone 19a5.—H. L. Amoth. 26tf

Born to the Life.

Willis: "I suppose you think that baby of yours will become President some day."

Gillis: "Maybe not President, but he will be in the race after the nomination all right. He keeps the whole place in an uproar, uses indescribable language, and can go without sleep for a week."

BALANCE OF THE SEXES.

Reasons Why Women Outnumber Men in Almost All Civilized Lands.

The fact that in almost all civilized countries women outnumber men has been ascribed to the higher birth rate of girl babies, yet statistics show that 105 boys are born to every 100 girls. According to figures compiled by a European statistician, the girl has a better chance than the boy of attaining maturity.

He finds that from the third to the fifteenth year the mortality for both sexes is the same; from the fifteenth to the nineteenth year, the critical age for girls, the girl's chances are slightly better than the boy's; from the thirtieth year to the thirty-fifth the mortality among women is smaller than among men, and it continues smaller until the seventieth year. Then, for a decade and a half, the sexes once more have the same chance of survival, but above eighty-five years of age woman again stands a much better chance than man.

To account for this difference the statistician points out that woman has greater resilience in shaking off diseases than man. It is true that the physical strength of man is greater than woman's, but a woman's power of endurance is more robust.

One reason for this is that woman possesses a finer perception of her power of endurance than a man, and when her perception warns her of fatigue, she stops. A man does not stop until his power is exhausted. His nervous system is not as finely organized as a woman's, and as Mosso, the Italian physiologist, has pointed out, men and women are entirely dependent upon their nerves for caution not to overexert. While it is true that women more easily contract many diseases, particularly nervous and mental diseases, than men, they overcome them more easily.—New York Sun.

The Famous Kew Gardens.

The pre-eminence of London's Kew gardens in the botanical world dates from 1773. In the preceding year George III. was induced to send one of the gardeners to the Cape of Good Hope, "provided his expenses do not exceed £200 a year," and he brought back 400 species of new plants. This collection, being entirely new to Europe, placed the gardens at Kew above all those on the continent. Similar expeditions were sent out at the expense of the government to India, China, Brazil, Fiji, Australia and the Philippines. Before the close of the eighteenth century Kew gardens were generally admitted to possess the finest variety of plants in Europe. Till then this distinction was claimed both by the Paris Jardin des Plantes and the Upsala botanic gardens.
