SOME TESTIMONIALS

Newberg, Oregon, May 5, 1913

To whom this may concern:

I take great pleasure in recommending Mr. Marion George, magnetic healer. I had rheumatism in my shoulder and hip for over two years and he removed it entirely by a few treatments, over a year ago and it has not returned. I can heartily recommend him to the public. Yours very truly, J. E. Hale.

Marion George, Magnetic Healer

Residence 1106 North St., directly north of College boarding hall.

Home Health

is largely a matter of good sanitation. The best modern plumbing fixtures are designed not only to look well and to wear well, but also to afford hygienic conditions of the highest possible standard.

It is impossible to secure good sanitary conditions with cheap plumbing. Fine plumbing fixtures and good workmanship are expensive, but the far-sighted householder chooses them because they afford a feeling of sanitary security that is inestimable.

You want only the best plumbing for your home, and you may obtain it by having us install "Standard" guaranteed fixtures.

Expert Piano Tuner

There are piano tuners who work at your piano an hour or so and charge a good round price, but in a few years your piano makes lots of noise, but not smooth, sweet music like it used to. There is a tuner who makes quite frequent visits to Newberg, who will take a cheap to medium priced piano and after a few tunings and regulations improve the tone not unfrequently 25 to 50 per cent—the same with old pianos. Dozens of Newberg references. If you don't know him, write your address to E. U. Will, 1125 Williams Ave., Portland.

FREE COPY OF BULLETIN

EDITOR GRAPHIC:

Will you kindly announce that there are fifty copies of a bulletin at the Larkin-Prince store that any one may have a copy of for the asking. It is on the "Business Side of Farming," and deals with the marketing of farm produce and the purchase of farm supplies, which I think will have some bearing on the "trade at home" question, lately under discussion.

This bulletin is edited by Hector Macpherson, Ph. D., of the G. A. C. Department of Political Economy and Rural Organization Investigation, who is now in Europe as a member of a commission that is engaged in such work, and we hope to hear more from him when he returns.

If those reading these bulletins will return them or hand them to someone else they will go farther around. M. G. Oakley.
