He writes that Brown is being boosted for mayor of New Castle, a city of \$15,000 population, by one of the daily papers. For two years he was foreman in the Graphic office and he has the push to make good.

In former years it was largely the custom here in the Willamette Valley for the horse market to be supplied from the ranges from Eastern Oregon and Washington, but the tide seems to have changed. UNIQUE PRESBYTERIAN SOCIAL

A free translation of the word "unique" is "nothing else like it," and the title of "unique" was certainly earned for the entertainment given by the women's society of the Presbyterian church last Thursday evening. The prime object of the meeting was to promote the spirit of sociability among the membership and an exceedingly pleasant time was enjoyed by every one present. The ladies exercised the privilege of inviting whomsoever they pleased but the most enjoyable and thoroughly original special number was the hat trimming by the men. A package, carefully wrapped and bearing a numbered tag, was given each gentleman, who at a signal proceeded to open the bundle and finding there-in a hat form with trimmings, were ordered to trim the hat according to their own fancy.

The assortment of stock was tremendous, running the entire scale of adornment of plumes, ribbons, magpie wings, pom-poms, stick-ups, pheasant tails, mercury wings, curled eagle quills, feather bands in marabon and flats, aigrettes in Heron and Numidas, and other et ceteras ad

infinitum and in all the colors of two or three mid summer rain-bows. It is a very easy matter to guess that the creations that came from the hands of experienced men milliners like N. E. Britt, J. D. Gordon, Mr. Palmer and others of like skill were fearfully and wonderfully made. Prizes were awarded for three grades of work, Alexander Hull having first place, second and third places being held by Mr. Cook and Mr. Wilkins respectively and if judgement was passed on the basis of violation of every requirement of good taste in hat trimming, no one would think of contesting the awards.

The repast served just before the departure of the guests was appreciated, for the hours of merriment and good fellowship had promoted splendid appetites.

The committee, to whom much credit is due for the success of the social event were, Mesdames Wm. Langton, Francis A. Morris, Howard Best, J. D. Gordon, Arthur Palmer and Miss Jessie Britt.

COLLEGE NOTES

The glee club has held several rehearsals and good progress is being made. The new music which was ordered several days ago has arrived. One of the numbers is a cantata which will be sung with orchestra accompaniment.

The Chemawa "braves" were too husky for the "palefaces" last Friday, capturing the big end of a 27-0 score. The game, however, was hard fought throughout. The Indians are fast and heavy and used several trick plays to good advantage. A return game will be played November 8.

"The Halls" furnished the chapel music on Monday of this week, playing two more numbers of the Peer Gynt music, which was much appreciated.

Steps have been taken toward the organization of two literary societies. The ladies will meet bi-weekly on Tuesday immediately after school. The time for the men's society has not yet been determined.

The foot ball fans of Newberg will be given their money's worth Saturday p. m. at the college grounds when a double header will be played. Pacific College will clash with Pacific University and Newberg High will line up against Forest Grove H. S. Both local teams expect to win and two good contests are assured.

The Greater Pacific club met Tuesday at noon. The work for the year was outlined, especial emphasis being placed upon athletics, oratory and debate. Several new members were received.

The regular college work was suspended for half an hour Tuesday p. m. while the students and faculty listened to a talk by "Tom" Richardson, the "father" of the Oregon Development League. Mr. Richardson is a natural "booster" and is particularly enthusiastic about Oregon. He emphasized the need of loyalty to home, community and state as well as nation. He believes that one's patriotism should deepen in intensity as it narrows in scope.

PANAMA PACIFIC EXPOSITION NOTES

Up to and inclusive of August 31, 1913, the cash receipts of the Panama-Pacific International Exposition Company amounted to more than \$6,000,000. The expenses to that date amounted to less than \$5,000,000, and investment expenditures to \$467,581.16, leaving a cash balance on hand of \$1,279,264.64. The actual present available assets of the exposition company aggregate \$11,978,811.50. It will require about \$12,000,000 more to complete the work, and the actual net assets amount to this, without considering the sums to be derived from concessionaires, interest on money in bank and receipts from divers pre-exposition operations.

More than 6,000 applications have been received for amusement and other concessions at the Panama-Pacific Exposition in 1915. One hundred accepted to date involve a total expenditure of about \$7,000,000. More than 7,000 people will be employed in the concessions district, and the total amount to be invested in amusements in 1915 will probably aggregate \$12,000,000. Among the most important concessions will be "The Grand Canyon of the Colorado," a working model of the Panama Canal; naval sub-marines in

operation; "Creation," based on the first chapter of Genesis; "Toyland," a reproduction of the famous city of Nuremberg, Germany; "Fire and Sword" or the fall of Adrianople; an ice palace; "Forty-niners' Camp," "Mohammed's Mountain," a Chinese City, and others.

HOW MUCH DO YOU VALUE YOUR EYES?

Is Your Children Getting Along in Their Studies as You Wish?

Mrs. Heater, Springbrook: My glasses are just fine; don't have any more dreadful headaches. I just couldn't get along without my glasses.

Eye Strain Relieved

Headaches Gone!

Mrs. Johnson: All my life I have worn glasses, but never before did my glasses give me such comfort and fit me so well.

Many a student is dull, makes a failure in life, just because of their parents' neglect in not having their eyes properly cared for.
