

DUNDEE

William Bickle, a Red Hill prune grower who is at present residing in Portland, attended annual meeting of the Dundee Fruit Growers and Packers Association.

Mr. and Mrs. Claude Lane are guests of Mr. Lane's uncle, Mr. Edwards.

H. B. Powell, W. S. Allan, B. Edwards, Mr. and Mrs. C. Lane and Alfred Allan were Portland visitors last week.

Mr. and Mrs. Roe Robison went to McMinnville on Friday to attend the funeral of Mr. Robison's cousin, Thomas Brown. Mrs. Robison will remain near McMinnville a few weeks visiting Mr. and Mrs. W. C. Sanders.

At the annual meeting of the Dundee Fruit Growers and Packers Association on Saturday, F. W. Meyer was elected president, G. A. Dearborn, vice president, and T. A. Harper, secretary and treasurer. G. A. Dearborn was elected sales-manager for the coming year.

Pauline Powell celebrated her tenth birthday on Saturday with her cousin, Salome Woisky, whose eighth birthday was also celebrated. Of course there were two birthday cakes and loads of goodies to go with them. The ten little girls who were invited to join in the merrymaking were: Isabella Allan, Avis Eddens, Laurel Alford, Esther Emerson, Mabel Swink, Mary Kellog, Mellic Kellog, Frances Crowl, Dorris Parrett and Florence Morris. Mrs. Shannaker and Miss Sophie Growth assisted Mrs. Powell and Mrs. Woisky in entertaining the children. Bon bon favors were used for place cards and the funny caps added to the hilarity of the occasion. The afternoon was spent in games.

W. S. Allan says he does not have to knock on wood; that geranium is still blooming. We will see what the ground hog has to say about it.

The local branch of the W. C. T. U. held a most interesting and profitable institute in the Dundee church on Friday. All of the papers and addresses were carefully prepared and well delivered and the music good. The devotional services were directed toward the work of the W. C. T. U. and were heartfelt and helpful. At noon the ladies served a bountiful picnic dinner to those present and to the men working in the vicinity who could leave their work long enough to partake. There was a large attendance and much interest shown in the reports of the various branches of the union and some new members added to the roll. Following is the program:

Mrs. Rhoda Pool is confined to her home on account of illness.
Clark Noble and Mr. and Mrs. William McLellan, of Portland, were Sunday guests of Mr. and Mrs. W. J. Bennett.

Mr. and Mrs. Dearborn spent two days in Portland last week. It is expected that the Dundee library will be open for the cir-

culating of books on this coming Saturday, the seventh of February.

The ladies of the Neighborhood Circle will give a social and entertainment at Groth Hall on the evening of February twenty-first. A millinery contest for the men, a box-making contest for ladies, music and dialogues are promised besides a chance to invest your small change in home made candy.

Fred Janssen spent a few days in Dayton this week.

Velma Imus, the little granddaughter of Mrs. Hanna Imus is very ill with pneumonia at her home in Dayton.

Miss Edith Hopkins, Kalispell, Montana, and Ralph Smith, of Dundee, were married in Kalispell Wednesday of last week. They came to their home in Dundee on Saturday.

REPLICA OF GRAND CANYON OF ARIZONA

San Francisco, Special Correspondence.—With largeshipments of gray sandstone, mountain sage, and cactus taken from the rim of the Grand Canyon of Arizona already in San Francisco and ready for use, work is progressing rapidly on the miniature of the canyon, which will be one of the most expensive and attractive concessions of the Panama-Pacific International Exposition.

This concession, which is being constructed by the Santa Fe railroad at a cost to exceed \$350,000, will be an exact replica of Nature's masterpiece. While it will occupy only five and a half acres, scientific devices will show the canyon in its proper perspective and give the visitor a true conception of its great heights and distances.

To make the resemblance between the canyon and the miniature, as close as human ingenuity will permit, great quantities of rock and shrubbery are being brought to San Francisco from the canyon and will be used in the building of the concession. A large quantity of gray sandstone has been received from the canyon together with tree, mountain and desert sage, cactus and yucca.

A trainload of red sandstone from Winslow, Arizona, resembling the native stone of the canyon, has arrived and a considerable quantity already has been placed over the entrance of the Pueblo Village, a concession also being installed by the Santa Fe adjoining the "Grand Canyon." The village will extend over the entire front of the Santa Fe's concession. Engraved in the stone opposite the main entrance to the village is the caption, "The Life of a Vanishing Race."

The Grand Canyon concession is taking form quickly and 1400 feet of trestle have been constructed. Rails will be laid soon and the visitor to this concession will be taken around the rim of the miniature canyon in cars built as train coaches.

Walter Street, the widely known scenic artist of New York and Gian Benvenuti, the celebrated Italian decorative artist, are among the painters engaged upon the superb panoramas for the concession.

Mr. Casey's Rejoinder.

Mrs. Casey (sitting up in bed)—Moike, did yez put out the cat? Mr. Casey—Oi did.
Mrs. Casey—Oi don't believe it.
Mr. Casey—Well, if yez think Oi'm a liar, get up and put 'er out yerself.

41 LIVES LOST WHEN RAMMED LINER SINKS

Atlantic Steamer Goes to Bottom in Ten Minutes After Struck by Nantucket.

Norfolk, Va.—The story of how 43 persons went down to death in the chill waters of the Atlantic when the liner Nantucket rammed and sank the steamer Monroe, was brought to port by the 99 survivors of the sunken ship, who were rescued and brought to shore by the Nantucket.

It was a story of awful and sudden death, sweeping out of the dark and fog and taking unawares the doomed half hundred with the heaviness of sleep still on them. It told how the stricken Monroe, with her side gored deep by the knife-like steel prow of the Nantucket, filled rapidly, rolled over on her side, and in a few minutes turned over and plunged to the bottom, carrying with her the passengers and members of the crew who had failed to get clear of the wreck.

When the crash came those aboard the Monroe were in bed and asleep. Only Captain Johnson and the crew on deck were up. But the shriveling of the stricken vessel and her listing motion, as the water poured through the gaah in her side, awakened the sleeping passengers and sent them clambering toward the deck. Warned by the officers, they hurriedly adjusted life preservers and made for the tilted deck. The time was too brief. Those rescued agreed that from the time the Monroe was struck until she settled beneath the waves not more than 10 minutes elapsed.

DEMOCRATS FIGHT MURPHY

National Club By Resolution Rescues Tammany Boss Out.

New York.—Disorder ended a meeting of the national democratic club after a resolution demanding that Charles F. Murphy be retired from the leadership of Tammany Hall had been declared adopted on an aye and nay vote.

When the chairman announced the result of the vote, Murphy partisans and those favoring his retirement started a demonstration. Flats were shaken freely, threats were made and hard names used. It was 10 minutes before a semblance of order was restored.

Friends of Murphy assert the resolution had been carried by an illegal vote, and they will lay the matter in the form of a protest before the board of governors of the organization.

MANCHUS' RELIGION ADOPTED BY CHINESE

Peking.—A bill prescribing the worship of heaven and of Confucius by the president of the Chinese republic was passed by the administrative council, which took the place of the Chinese parliament, recently dissolved by President Yuan Shi Kai. The measure was submitted to the council by Yuan Shi Kai himself.

It is understood that the president's idea is to set an example to the Chinese nation, which he thinks needs the moral influence of religion.

The question of the introduction of a state religion has created considerable controversy in China, the christian missionaries of all sects opposing such a step. The constitution adopted by the Chinese parliament made no provision for any state religion.

School Teachers of England Strike. London.—A strike of school teachers, the first of its kind in the British Isles, is in full swing in Herefordshire. Eighty out of the 120 elementary schools were closed. The teachers say they will remain out until they gain their demands, which are for a minimum salary of \$500 per annum, an increase of \$50.

West Will Release Liquor.

Salem, Or.—Governor West notified the saloonkeepers of Copperfield, who were put out of business when he declared martial law in the town, that he would give them until next Saturday night to take from the warehouse in Baker the whisky and other intoxicating beverages which were seized by Colonel Lawson and his men.

Mrs. Ben Lindsey Will Help Husband. Denver.—Mrs. Ben B. Lindsey, bride of the judge of the juvenile court whose fame is nation-wide, has celebrated her return to Denver by appointing herself an "assistant judge" in her husband's court. She will serve without pay.

Would Eliminate Unions.

Boston.—Profit-sharing and the elimination of the labor union were declared by Dr. Charles W. Elliot, president emeritus of Harvard, to be the only way out of the present industrial warfare.

NEWS FROM OUR NATIONAL CAPITAL

Senate Invites Suggestions Regarding the Regulation of Trusts.

Washington.—Winding up a week of consideration of the administration's anti-trust legislative programme, members of committees of the house and senate predicted that the bills suggested in President Wilson's message would be ready for congress before March 1.

Hearings before the house, judiciary and interstate committees, it was announced, would be prolonged and the senate interstate commerce committee, with the approval of the president, will receive suggestions by mail from men of affairs interested in the subject instead of conducting formal hearings.

Besides giving the trade commission authority to regulate the size of corporations, Senator Cummins has proposed amendments which would also empower it to determine whether any person or corporation is violating the law with respect to sales below actual cost for the purpose of inflicting injury upon a competitor, and whether any corporation is violating the law with respect to the amount of its capitalization as compared with the value of its property.

Monopoly of Wires Urged.

Government monopolization of telegraph, telephones and wireless communication, "and such other means of transmission of intelligence as may hereafter develop," is recommended in a report submitted to the senate by Postmaster-General Burleson.

Immediate government ownership of telephone lines is recommended, with a system of license for the other agencies of communication, establishing a government monopoly even where there is not actual ownership.

The report recommends immediate acquisition by purchase at appraised value of the "commercial telephone network," except the farmer lines.

Waiting Treaties Ready for Action.

Responding to President Wilson's appeal, made at the white house conference last week, the senate committee on foreign relations ordered a favorable report on a large number of arbitration treaties between the United States and the leading countries of the world.

The far-reaching character of this group of treaties is shown by the long list of first-rate powers with which they are made, including most of the great powers of Europe, South America and the orient.

Aside from the importance of these treaties in the cause of arbitration some of them have a larger significance in affecting the political and industrial relations between the United States and other countries.

Factory Women Plead to Wilson.

Women workers who toll in the mills, sweatshops and the factories of the nation pleaded with President Wilson Monday for his assistance to the cause of woman suffrage. The president regretfully told them, as he did a delegation last December, that he could not urge anything on congress which had not received the organic consideration of the democratic party.

Persons close to the president say he believes it is a problem for the states to decide, although there is reason to believe he never has made up his mind definitely on the merits of the question. He does not feel it incumbent upon him, however, to take a stand on it until the democratic party has fully considered it.

National Capital Brevities.

A total of \$305,000,000 is provided for in the record-breaking postoffice appropriation bill passed by the house. The house passed the annual fortifications bill, calling for \$5,175,200 for use in the country's defenses.

Henry M. Pindell, of Peoria, confirmed January 27 as ambassador to Russia, has resigned. His resignation is believed to be due to the fact that Russia is reported to have taken steps to protest against the Peoria man, notwithstanding that charges were proved unwarranted.

The Chamberlain-Johnson bill authorizing the construction of the Portland-Vancouver bridge across the Columbia river has passed the senate and now goes to the president for signature.

With assurance that the place will be accepted, President Wilson sent to the senate the formal nomination of Colonel Goethals to be governor of the canal zone.

The senate was much stirred by the charge of Senator Lane, of Oregon, that report of the interstate commerce commission had been "doctored" at the request of Senator Newlands. The vice-president ruled that Senator Lane's remarks were a reflection on the committee and the senator's exclusion from the floor, in a parliamentary sense, was prevented only by his withdrawing the remarks.

Speaking Before One Thinks.

A friend was telling another friend the other night that Blank's was an interesting place to spend an idle hour of an evening.

"But what sort of people go there?" asked the one who was a bit particular.

"Oh, all sorts. The best people go and the worst people go—and even the common herd, like you and me."—Cleveland Plain Dealer.

The Famous Aetna Brand of Lime and Sulphur Solution

Read what some of our experts say of the Aetna brand:

W. V. Newell, president State Board of Horticulture, says: I have used the Aetna Brand in my orchard for years and I am sure you are making a good article.

A. C. Goodrich, Commissioner First District: I have used and found every barrel full up to test and very free from sediment.

H. C. Atwell, Ex-President State Horticultural Society: I don't think there is a better spray made.

S. J. Calloway, County Fruit Inspector: After severe tests, I find the Aetna Brand O.K. I desire to congratulate you on the superior article of Lime and Sulphur solution, the Aetna Brand; it gives results and universal satisfaction—Ben S. Worley, Fruit Inspector for Clatsop County, Oregon; and hundreds of others.
