## WHARTON AGAIN HEADS BANKERS

### Newberg Man Re-elected President of Group One Oregon Association.

Hillsboro, Or., May 9.—Election of officers of Group One of the Oregon Bankers' Association, in session in Hillsboro today, resulted in the re-election of W. H. Wharton, president of the First National bank, of Newberg, as chairman. Leroy D. Walker, vice-president of the Canby State bank, was elected vice-chairman; Paul S. Dick, of the United States National, of Portland, secretary; W. M. Ross, president Columbia County bank, of St. Helens, treasurer. The executive committee will select the next meeting place and announce it later.

Before convening this afternoon the delegates witnessed a test of Hillsboro's new automatic fire alarm system and a trial run by the fire department. Chairman Wharton read a paper dealing with the problems that confront the country banker. He said he believed the same co-operation observed in the city banks would work great benefit, and that too often directors of country banks were not on friendly terms. He hinted at the lack of progressiveness and said many banks overlooked profitable business and confined themselves to straight loans.

A feature of the afternoon was the address of Lydell Baker, of the Pacific Banker, who prefixed an exhaustive review of the new currency act with a monologue containing hits both at local and visiting bankers. Mr. Baker made clear many obscure points of the new act, and showed its manifold benefits.

J. L. Hartman, of the Portland Clearing House Association, and George E. Frost, of R. G. Dun & Co., were other speakers. The visitors were given an automobile tour through the farming section after adjournment,

and the day closed with a banquet at the Hotel Washington.

## PHYSICIANS' PRESCRIPTIONS

Editor Graphic.—Concerning the manner liquors are to be sold in dry territory in Oregon, I submit a section of the law relating to the subject. The only thing lacking is authority to obtain a list of the prescriptions filed, so that the name of the patient, the quantity of the liquor obtained and the name of the doctor prescribing could be published. Private citizens have not the authority but the officials have, if they were willing to use it. You will notice that a prescription can legally be used only once and that the druggist should cancel and retain it on file, which I understand is not done in Newberg. Following is the section of the law referred to:

"The preceding article shall not be so construed as to prohibit the sale of pure alcohol for scientific and manufacturing purposes, or wines to church officials for sacramental purposes, nor alcoholic stimulants as medicine in cases of actual sickness, but such stimulants shall only be sold upon the written prescription of a regular practicing physician, dated and signed by him, and certified, on his honor, that he, the physician, has personally examined the applicant, naming him, and that he finds him actually sick and in need of the stimulant prescribed as a medicine; provided, that a physician who does not follow the practice of medicine as a principal and usual calling shall not be authorized to give the prescription provided for in this section; and provided further, that no person shall be permitted to sell more than once on the prescription nor shall any person be permitted to sell at all on the prescription of a physician not herein authorized to give it, nor on a prescription which is not dated, signed, and certified as above required; provided, that every person selling such stimulants upon the prescription herein provided for shall cancel such prescription by endorsing thereon the word 'canceled' and the date of cancellation and shall file same away."

## COW STOLEN

### Thief Caught at Hillsboro and Now in Jail at McMinnville

Mr. and Mrs. Dan Bateman, who reside at Twelfth and Pacific streets, are rejoicing over the recovery of a valuable family cow that was stolen from their place on Thursday night of last week and which was located at Hillsboro.

As soon as the cow was missed a thorough search of the town and surrounding territory was made for her without avail. Mr. Bateman then began to use the telephone, notifying various officials throughout the valley, giving a good description of the cow, with the result that in a short time he received word from the sheriff of Washington county that he had the cow and the thief as well.

The sheriff met a man leading a cow that answered the description and took them both in. The fellow admitted the theft, stating that he lived in Portland where he had a wife and two children. He claimed that he took the cow with a view of selling her to raise money to pay a debt he owed. He is now boarding with Sheriff Henderson at McMinnville, awaiting trial.

A number of milk cows have been stolen from Newberg owners in the past few years and it is gratifying to note that one of the thieves has been caught.

## DAYTON POSTOFFICE ROBBED

On last Sunday night the post-office at Dayton was robbed, the burglars getting away with about \$1000 worth of stamps and some cash. The safe was blown and a general clean-up made of everything that was considered worth while.

The Dayton branch store of the Miller Mercantile Company, of Newberg, was also entered and an attempt made to blow the safe, but without avail, though the door of the safe was ruined. The safe was one that was bought by the first banking company that was organized in Dayton, which failed. A little more than \$20 was taken from the cash register, and this with the damage done to the safe, Mr. Miller estimates at about \$125.

### W. C. HAWLEY

#### Candidate for Re-nomination

At the Republican District Primary on Friday, May 15, 1914

He has gained a high standard and useful experience in Congress, which is at the service of every locality in the District.

He freely and gladly does all that can be done for every man, woman and child in the District who makes a request, and has aided thousands.

When Congress is not in session, he spends the time going over the District, learning its needs and the wishes of the people.

Members of the Rivers and Harbors Committee have said that he knows more about the waterways in his district and presents their merits more effectively than any other who appears before them.

FOUR PER CENT of the WHOLE amount appropriated in the present Rivers and Harbors bill is for this District.

He has already secured over \$4,000,000 for waterways, buildings and other public purposes and will add to that at this session over \$2,000,000 more, which is an average of over \$870,000 per year.

HE IS JUST AS DILIGENT, PERSISTENT AND SUCCESSFUL IN ALL OTHER MATTERS PROMOTING THE WELFARE OF THE PEOPLE AND THE COUNTRY.

A VOTE FOR HIM IS A VOTE FOR A FAITHFUL, INDUSTRIOUS, HONEST, ABLE AND EFFICIENT PUBLIC SERVANT.

Congress being now in session he leaves his candidacy in the hands of the voters, to whom he is profoundly grateful, while he serves their interests in Washington.

He will appreciate all that is said and done in his behalf. Paid Adv.
