BUTTE RIOTERS FOR TIME CONTROL CITY

Attempt Is Made to Lynch Two Special Deputies and Intimidate Newspapers.

Butte, Mont.—An attempt to lynch two special deputy sheriffs, efforts to throttle the newspapers, intimidation of the fire department of the city and general rioting featured the Sunday disturbance brought about by the schism in the Miners' Union, which became wide Saturday during the celebration of the organization's 34th anniversary, and was capped by the dynamiting of the homes of two officials of the union.

Early in the afternoon a crowd took two prisoners from the jail; later took possession of an aerial fire truck, which was moved through the street by the city authorities in an effort to disperse the crowds, and threats to lynch Special Deputies Owen Cribben and Martin Harkins, failed to materialize only when police, with drawn guns, rescued the two men and backed down an alley with them.

A delegation visited the three newspaper offices and demanded that no further mention be made derogatory to the I. W. W. and that the words "mob" and "rioters" not appear in any newspaper story.

The riots were caused by long-standing ill-feeling between the regulars of the 9000 members of the Western Federation of Miners here and the insurgents, mostly members of the I. W. W. The members with sentiments in favor of the I. W. W. objected to heavy assessments levied against them by the Western Federation of Miners International officers and local officials as strike benefits for the Michigan copper mine strikers.

Washington.—Governor Stewart, of Montana, telegraphed President Wilson asking that federal troops be held in readiness to restore order in the Butte copper mine districts in event of further rioting.

MEXICAN ARMISTICE ASKED

Notify Carranza Must Cease Warfare Before Can Participate.

Niagara Falls, Ont.—The three South American mediators formally advised General Carranza by telegraph they would not admit his representatives to the conference here unless an armistice was declared and internal as well as international phases of the Mexican problem accepted as the scope of mediation.

This action followed the receipt of a note from Rafael Zubaran, special representative of Carranza in Washington, announcing the appointment of Fernando Iglesias Calderon, Luis Cabrera and Jose Vasconcelos as constitutional delegates to the mediation at which, according to the view of the constitutional chief, "it is sought to settle the international conflict which has arisen between the United States and the Mexican republic."

ORDER RESTORED IN ITALY BY SOLDIERS

Rome.—With the occupation of the disaffected provinces by the military forces, order is rapidly being restored and it is expected that within a day or two the district of Romagna, comprising the provinces of Bologna, Ferrara, Ravenna and Forlì will have resumed normal conditions.

An outstanding feature in the general strike situation was the proclamation of an Italian republic by the people of several towns bordering on the Adriatic, in northeastern Italy.

In some towns like Fabriano and Rimini scenes similar to those of the French revolution were enacted. The inhabitants, misled by reports issued from the headquarters of the anarchistic committee at Ancona, an important seaport on the Adriatic, to the effect that a revolutionary movement had been successful in overthrowing the monarchy, proclaimed a republic and substituted for the national flag the black banner of the Peasants' League.

Illinois Court Upholds Suffrage, Springfield, Ill.—Illinois women suffrage act, which permitted women in this state to vote for offices created by statute and on propositions presented to the electorate, was declared valid in a decision by the state supreme court.

Northwest Postmasters Named.

Washington.—The president nominated the following to be postmasters: Washington—S. S. Moritz, Dayton; Arthur A. Barnes, Pasco; Helen R. Whitney, Wapato; James M. G. Wilson, Waterville; Idaho—William T. Roberts, Bellevue.

Emil Seidel Nominated as Senator. Milwaukee, Wis.—Emil Seidel, ex-mayor of Milwaukee, was nominated by the Social Democratic party of Wisconsin for United States senator.

NEWS FROM OUR NATIONAL CAPITAL

President Declares Trust Legislation Will Be Pushed at Present Session.

Washington.—President Wilson came out with a flat declaration that, despite what he characterized as a deliberate campaign by certain interests to bring about an adjournment of congress and postponement of the administration's trust legislation program, he would use every influence at his command to get the pending bills through the senate at this session.

Choosing his words carefully, the president disclosed his belief that organized distribution of circular letters and telegrams among business men, members of congress and other public officials, calling for an adjournment of congress, a halt in the trust bills, an increase in freight rates for the rail roads and a "rest for business" was responsible for what he recently described as a "psychological depression."

Some Letters Made Public.

In support of that view the White House made public copies of such letters and telegrams which have been brought in by friends of the administration. One of the letters which fell into the hands of White House officials was circulated by the Simmons Hardware Company, of St. Louis, under date of June 9.

Just prior to that date President Wilson had offered to E. C. Simmons, president of that company, a place on the Federal Reserve Board. Just before the president expressed his views on the trust program, it was announced that Mr. Simmons had declined the appointment and that Charles S. Hamlin, of Boston, would be nominated in his stead.

Statements Create Sensation.

White House officials denied the Simmons letter had to do with the declaration of the appointment. It was said, moreover, that the president did not know of the letter when he offered Mr. Simmons the place.

The president's declaration and the publication of the letters created a mild sensation approaching that which followed the president's denunciation of the "insidious lobby" which, he said, was threatening the tariff bill last year.

Wilson Will Open Canal Formally.

President Wilson will leave Washington on March 5, 1915, for Panama, to attend formal opening ceremonies of the Panama canal at a date to be determined later. The president will leave the capital the day after congress goes out of session. He will make the journey to Panama on the battleship New York. The date of the formal opening ceremony for the canal will be decided before the president leaves here and the exercises will take place soon after he reaches there.

On the old battleship Oregon, which attracted world-wide attention on her famous run around the Horn just before the Spanish War, the president with members of his cabinet will make the first official passage through the canal, and then proceed to the Panama-Pacific Exposition at San Francisco.

National Capital Brevities.

Peace treaties will soon be signed by the United States, Great Britain and France, after plans suggested by Secretary of State Bryan.

Action on the Hobson national prohibition amendment has been postponed by the house rules committee until July 1.

Immunity of members of congress from civil and criminal action as result of their official duties, has been strengthened as by ruling of the United States supreme court.

Impeachment charges were presented in the house against A. G. Dayton, United States district judge for the northern district of West Virginia.

The interstate commerce commission suspended until October 13, the proposed increase of the carload minimum weight on mixed carload shipments of vegetables from California points to points in Oregon. Hearings will be held before fall to determine the reasonableness of suspended order.

The unusually prolonged fight in congress over canal tolls ended when the house, after a brief debate and without the formality of a conference, accepted by a vote of 216 to 71 the senate amendment specifically reserving all rights the United States may have under the Hay-Pauncefote treaty or otherwise.

The house of representatives passed Congressman Sinnott's bill amending the homestead law by providing that homesteaders may divide their five months' leave of absence each year into two periods if they so elect, provided they reside on their homestead seven months in each year. As the law now stands the leave of absence must be taken during five consecutive months.

MANY MEASURES FOR VOTERS OF OREGON

Taxation Proposals Are Held to Be of Far-Reaching Importance to the State.

Salem.—That the electorate of the state will have nearly the same number of proposed bills and constitutional amendments to wrestle with at the November election as it had at the last general election is indicated by the number referred by the last general assembly and those filed with the secretary of state for approval as to form. The general assembly referred eight amendments and three bills and 16 other amendments and 10 measures to be initiated have been filed with the secretary of state.

Nearly all measures suggested, discussed and "rumored" have been filed and, July 2 being the last day for filing completed petitions, it is not likely there will be many more.

The measures probably of the most far-reaching importance to be determined at the coming election relate to taxation. The \$1500 tax exemption constitutional amendment is certain to go on the ballot, for the petitions for it have been completed.

This measure provides that every person be exempt from tax on \$1500 of the total assessed value of his dwelling, household furniture, livestock, machinery, orchard, vines, bushes, shrubs, nursery stock, merchandise, buildings and other improvements, in and under his lands made by clearing, ditching and draining.

A constitutional amendment creating the office of lieutenant-governor is referred by the legislative assembly.

Officers of the State Grange, State Federation of Labor, People's Power League, Farmers' Union, Farmers' Society of Equity and the Proportional Representation Bureau have filed a constitutional amendment to abolish the state senate. The amendment is in all respects self-executing and if approved shall be immediately operative.

With all the agitation for abolition of state boards and commissions, only three measures have been filed looking to this end.

Jonathan Bourne, Jr., ex-United States senator, offers a measure to "prohibit the giving or promising of any valuable consideration to induce another to circulate or secure signatures to any petition for the initiative, referendum or recall, or for placing any name on any official ballot, and to provide penalties for violation thereof."

The Socialist party of Oregon has a constitutional amendment which would establish a department of industry and public works to be under the control of the state labor commissioner. Its function would be to establish industries, systems of transportation, distributing stations and public works for the employment of unemployed persons and for the sale and distribution of their products.

The money for operating the department would be derived from a tax upon the estates of dead persons appraised at \$50,000 or more and from appropriations that may be made for the purpose. The tax on estates shall not be less than 10 per cent and may be graduated above that percentage by law.

Typhoid Germs For Militia.

Eugene.—Six tubes of typhoid germs, prepared for inoculation purposes, have been received by Colonel Creed Hammond of the Oregon Coast artillery corps for use among the members of the two militia companies in Eugene. The men will be treated in small groups after working hours.

Dry Flour Saves His Life.

Pendleton.—His life saved by the prompt application of dry flour to an ugly cut in his throat, William Fursler, a farmhand, is in a Heppner hospital recovering from the effects of an automobile accident which happened on the Sand Hollow road between this city and Heppner.

Mrs. Potts' Body Sought By Ghouls.

Canyon City.—While attempting to steal the body of Mrs. Charles E. Potts from the local cemetery, four men, three of whom are associated with the defense of Potts, now on trial for the murder of his wife, were arrested.

Shifting Wind Saves Town.

Bandon.—Three blocks in the heart of the business section were destroyed by fire here. A shifting wind was all that saved the entire town from destruction. The loss is estimated at \$300,000.

Peach Crop Is Promising.

Cottage Grove.—The peach crop in this section promises to be unusually large this season. While this crop is usually the most susceptible to frosts, and there were several late frosts this year that caused some injury to cherries and berries, peaches seem to have escaped entirely.
