He visits the claim once each year and looks after the improvements being made, which must amount to one dollar per acre for each year. He will have charge of the Corvallis schools again the coming year.

GOLDEN WEDDING ANNIVERSARY

On Saturday, July 25, the relatives and friends celebrated the golden wedding of Mr. and Mrs. Soren Nelson, at the home of Mr. and Mrs. Carl Nelson, north of Newberg. This gathering served a double purpose, as it was also the birthday anniversary of their granddaughter, Miss Olive Johnson, of Portland.

After the informal gathering and presentation of tokens of remembrance, the guests marched to the dining room to the strains of Mendelssohn's Wedding March, played by Mr. Garfield Johnson, violinist, and Miss Olive Johnson, pianist. The room was decorated in green and gold.

After being seated at the table the dinner was partaken of amid the rehearsal of historical events of fifty or more years ago, each one trying to do justice to both.

The following guests were present: Mr. and Mrs. H. O. Hansen, Mr. and Mrs. S. J. Madison, Mrs. J. Madison, Mrs. T. E. Jones, Mr. and Mrs. G. W. Hutchison and children, Edwin and Earl, of Newberg; Mr. and Mrs. N. Nelson, Miss Rose Nelson, Victor Nelson, Mrs. W. Pearson and children, Virgil and Evelyn, of Carlton; Mrs. C. F. Johnson, Garfield Johnson, Miss Olive Johnson, Mr. and Mrs. A. E. Jones and daughters, Constance and Kathryn, Mrs. R. L. Dudrow, Mr. and Mrs. W. Wilson, of Portland.

After spending an enjoyable day the guests departed, wishing Mr. and Mrs. S. Nelson many happy returns of their wedding anniversary.

PHOTOPLAY FAVORITES.

A number of popular photo-players will appear in the drama and comedy at the Star theater this week Friday and Saturday.

Arthur Johnson, one of the oldest and best known motion picture actors, is featured in a two-part drama, "The Leader of Men," an excellent picture of a man's determination to rise in the world.

Andy Clark, the boy comedian, will be seen in the fourth series of "The Adventures of Andy."

Lillian Walker and Wallie Van are at their best in "Art for a Heart."

Coming Monday and Tuesday, the second series of "Dolly of the Daillies," also fifth series of "Perils of Pauline" and Pathe's Weekly.

PAIN OUR BEST FRIEND

Pain is the Body's Protector Both in Disease and in Injury.

By Dr. R. R. Daniels.

In the skin and throughout the body there are millions of tiny nerve endings connected by nerve fibers to the brain. These alarm boxes instantly notify us of any injury to the body, and the message they send we perceive as pain. Not only are we advised of the injury, its location and extent, but pain also helps us to avoid injury. The hand is instantly and automatically jerked away from a hot stove, the pain causing a contraction of the muscles.

PAIN GIVES THE ALARM.

Pain is of the greatest service in disease. It initiates the curative process. In acute appendicitis it tells you that something is seriously wrong and the location, it sends you to bed and it usually empties the stomach and bowels of offending food. Since food is dangerous it takes away the appetite and causes a protective rigidity of the muscles over the appendix.

PAIN SUMMONS THE DISEASE FIGHTERS.

The pain in appendicitis actually brings to the diseased part the aid of the entire body. The body rapidly manufactures quantities of the protective and reparative cells of the blood, and through the increased heart beats these are carried rapidly to the diseased area, where the blood vessels dilate and permit these cells to reach the scene of the trouble in great numbers. To protect the other parts of the body, the surrounding tissues build an actual wall about the diseased area, and within this

wall the cells of the blood, in constantly increasing numbers, overcome the disease and repair the injury.

DON'T KILL PAIN WITH DRUGS.

It is by this process that a large part of all of our diseases and injuries are cured. Pain is vitally necessary to this process. Drugs that stop pain frequently stop this process, and hence they are dangerous to life and to health.

YOUR EYE is the most used organ of your body; from the minute you awake it is working.

When the eye is not perfect more nerve force has to be sent to the eye to supply it than nature has planned for, thus robbing the other organs of the body.

From this constant strain, no matter how small on the muscles of the eye, comes headache, nervousness, stomach trouble, kidney trouble, etc.

Hundreds of people we have tested their eyes and fitted them with glasses have got relief.
