Many people in this community who are planning to attend the State fair are rejoicing over the fine weather.

Freda Kinney spent Saturday and Sunday in Newberg with her sister, Loma Kinney.

Ida Leach was a caller Sunday afternoon of Ila Heggard.

S. M. Calkins and family attended the county fair on Friday.

Miss Benson and Miss Nelson are visitors of Mrs. Swan Benson.

Florence, Lester, Clifford and Seth Noble were visitors of the fair on Friday.

Mr. and Mrs. M. D. Elbert made a business trip to La Fayette last Friday.

Harry Baker and family were Sunday guests of Mr. and Mrs. E. G. Fendall.

Dr. Hester was called Sunday morning to see Ruby Brisbane who is quite sick.

W. H. Baker and family were in McMinnville Friday to take in the fair.

Mrs. Tilda Heggard and Maude Stirely were visitors of the fair on Saturday.

The people from this community that attended the fair on Thursday were G. W. Worden and family, Ila, Rosie and Noal Heggard; Hazel Boyd, Mrs. George Bush, and Ethel and Stirely Bush.

Mrs. Tilda Heggard and daughter Ila, and Lewis and Victor Amoth spent Sunday evening at the home of Mr. and Mrs. S. M. Calkins.

Last Sunday Rev. Crocker and family and Mrs. Price, mother of Mrs. Crocker, were guests at the home of Mr. and Mrs. George Bush.

Mrs. G. N. Heggard was taken

very ill while in Portland and on Friday her mother, Mrs. L. H. Amoth and G. N. Heggard were called for.

Mr. and Mrs. John Winzensied, of Springfield, Oregon, who have been visiting with their daughter in Portland, motored out Sunday evening to Mr. and Mrs. M. D. Ebbert's and returned Monday morning. Mr. and Mrs. Winzensied are relatives of Mr. Elbert.

This summer N. P. Nelson had piping put in so that they could have good, pure water from a spring, which gives an immense flow of water. He has now installed a water motor which will make the washing, etc, much more convenient for Mrs. Nelson. Let the good work go on.

SOME POOR OLD MAN

in your neighborhood right here in town may need help, and you may feel like helping him out a little, and yet you may not feel exactly like handing him a thousand dollars or giving him a year's supply of provisions, but might very easily do some little thing that will not require much of your time and help the old fellow out quite materially.

For instance, the old man's eyesight may not be as good as it was in his younger days and he may overlook some of the advertising in his local paper and be spending his money in the wrong place. Kindly call his attention to the nice line of new heaters at Larkin-Prince Hardware Co's, that are selling at very popular prices because we may have a very cold winter and he may need one. He will appreciate the kindness, you will be doing one a favor, and Larkin-Prince Hardware Company will appreciate the business that you turn their way, and they'll give the trade their money's worth all the time.

COUNTY SCHOOL NOTES

Claude Proffitt, of District No. 27, and Gilbert Fones, of District No. 2, are the guests of the state at the State Fair this week. These boys were the Industrial Club winners of the county, and the State Fair trip is a part of their reward. Each one won many prizes at the county fair.

Henry Moore, of Newberg, won first prize on the best agricultural exhibit; Emmett Booth, of District No. 18, second, and Gilbert Fones, of No. 2, third.

In the contest for the best decorated booth in schools of more than one room, White Cloud, No. 2, won first; McMinnville, No. 40, second, and Hopewell, No. 49, third.

In the same contest for schools of one room only, Fairview, 24, won 1st; Pleasantdale, No. 64, 2nd, and The Island School, No. 94, 3rd.

The Island Rural School Improvement Club made a club exhibit that was a credit to the members. We hope to see the idea of club exhibits extended to other clubs next year.

The Industrial Club exhibit was extensive enough to show the possibilities of the movement, and the work will be carefully followed up during the entire school year.

The general exhibit contained many articles of the best quality, and was better than was expected for the present season.

Several districts participated this year that had not done so before, and the indications are that many new ones will do so another year.

WHEAT FOR EUROPEAN COUNTRIES

European wheat buyers, during the past few days, contracted for about 10,000,000 bushels of Oregon and Washington wheat to be delivered at Continental and British ships, via the Panama Canal. The reason, it is asserted, that foreign grain merchants dealt directly with the coast, is because of the unusual difference in price between the Chicago and the coast quotations—this difference amounting to about 10 cents a bushel over and above transcontinental freight charges. Portland and Puget Sound grain dealers expect that Europe will purchase most of its American bought grain directly from North Pacific Coast dealers.

GERMANS RUSH MEN INTO EAST PRUSSIA

One Corps a Day Added to Army in Preparation For Great Battle.

London.—"Germany is reinforcing her army in East Prussia at the rate of one army corps a day," says a dispatch from Petrograd to Lloyd's News Agency. "The reinforcements are being carried by 250 trains on all four available railways. Other troops are being hurried from Berlin and Schneidemuhl to Baltic ports and thence by sea to East Prussia.

"All this is in preparation for the great battle to be fought along the whole western line.

"At least 800,000 German troops are now gathered in an effort to balance the Austrian failures. The armies are already in touch and the grand battle is bound to come soon."

An official dispatch from Petrograd says that Przemysl, in Galicia, is now entirely invested by the Russians and that the main Austrian army is retiring behind the Carpathians. A Central News dispatch says:

"The right wing of the Austrians has been driven back beyond the Carpathians into Hungary, where they are being pursued by the Russians. The Austrian debacle is complete and they have lost all their artillery. The Austrian left wing has retreated to Cracow."

According to these same sources of information the Germans have thrown three army corps into the Cracow district, in preparation for the Russian attack which, it is expected, will not be delayed much longer.
