The secretary, C. R. Duer, says the outlook is good for a creditable showing of the various breeds of fowls.

W. S. Parker, who travels for a big Minneapolis wholesale house, spent the holidays at home helping invoice the stock in the Parker store. He also gave a big lift in helping to pull the load over the hill that last day of the endowment campaign for Pacific College, which was highly appreciated, coming as it did when every pound of "push" was needed.

HIGH SCHOOL

A week ago last Tuesday night the fast alumni basket ball team was defeated by the faster high school team by a score of 34 to 21. The alumni line-up was: Gause, Miller and Butt, forwards; Larkin and Bissett, centers; Fendall and Jacobson, guards. The high school line-up was: Cate and King, forwards; Allan, center, and Russel and Harrington, guards. The alumni team played a very good game, but Captain Harrington and Russel were too fast for their forwards, and Cate and King were too much for the used-to-be guards and consequently the first game of the season was a victory for the high school. Allan, at center, also played a good game for a new man. Russel Parker refereed the game.

After ten days of rest and vacation all the pupils are back to school again to finish out the remaining four weeks of this semester good and strong.

Professor Pruett, of McMinnville High, one of last year's faculty, was here just before vacation, inspecting the domestic science department. We are wondering whether he got hungry or needed sympathy.

Monday afternoon, as a token of appreciation for their battles for the honor of the high school, the foot ball team was presented with sweaters.

COLLEGE NOTES

The holidays saw a great scattering of faculty and students. Many of the latter went to their respective homes in Portland, Salem, Rosedale, Tillamook, Everett and elsewhere to enjoy the Christmas cheer. Misses Louella Beals and Henrietta Welch spent part of the time with friends in Salem, while Henry Keeney and Prof. Hawkins spent the vacation period with friends in Everett and Chehalis, respectively.

Professors, Marshall and McMinn used up some accumulated energy by walking across the Coast Range from Willamina. They were met by Lloyd Edwards with the auto and taken to Tillamook where they spent

a short time. From there they "hiked" up the beach to Seaside, whence they returned home via Astoria and Portland. They came up the Columbia by boat. The round trip occupied about five days.

The manager of the basket ball team is trying to arrange for a free game with an outside team as a part of the celebration which is to be held Friday night of this week to proclaim publicly the success of the recent endowment campaign. There will also be a literary program, followed by a bon fire celebration arranged by a committee from the student body.

Rev. Phipps spoke to the Y. M. C. A. this week on "Temptations." He also remained during the remainder of the day. We are always glad to have Mr. Phipps with us.

The basket ball team is rapidly rounding into shape, and a fast team is in prospect. The first league game of the season on the home floor will be January 22, when McMinnville, last year's league champions will be seen here. Mac has a fast team this year and will make a determined effort to annex another championship. Games are also being arranged with several teams outside of the league.

Prof. Hawkins and Delbert Replogle will go to Portland Saturday to meet on the new Athletic Council of the Independent Colleges of the state. This is a new organization being started under the leadership of Mr. Grilley of the Portland Y. M. C. A.

WHO KNOWS OF A CRIPPLED CHILD?

County Superintendent Duncan has received an appeal from the Oregon State Federation of Women's Clubs, asking him to tell their hospital committee about any crippled children in this county who could be aided by a state-wide organization to furnish free medical treatment of the most modern scientific kind in all cases where the family income is not sufficient for expensive consultation with specialists.

The federation, which includes a hundred women's clubs in all parts of the state, asks anyone who knows of a little victim of an accident, of spinal meningitis, of infantile paralysis, of tuberculosis in the bones or joints, or any other crippling cause, to write the details of the case to Mrs. Millie R. Trumbull, Secretary Child Welfare Commission, 250 1/2 Third Street, Portland, Oregon.

The club women maintain that these little cripples, besides being the most pitiful of all cases of helplessness, and besides being entirely without organized assistance in contrast with the great state institutions which care for the deaf, the blind, the feeble-minded and even the delinquent, are also the most curable if treated in time, and the most able when so treated to make good, strong, useful citizens instead of charges on public charity all their lives.

GONE BROKE

The American people to-day all seem to be looking for something for nothing. They seem to think they can find a place where some sickly fellow is in business for his health and is really selling \$1 worth of goods for 90 cents to everyone that comes in his store for 365 days in the year. The "Gone Broke," "Fire Sale," "Big Cash Discount" and other similar head lines attract us and we fall over ourselves and everybody else trying to get to the place to do business with this class of business concerns, when in reality we pay more real hard cash for the goods we get than if we purchased them of some concern that have one scale at prices for all of us that sell at good legitimate, popular prices the whole

year around, and make a specialty of carrying the best lines that American manufacturers produce. The best is none too good for us Americans and it's the cheapest in the long run.

Think of Old John Deere that gave to the world the steel plow, and old James Oliver that put the chill in the chilled plow. Their goods cost money but are today recognized by the most up-to-date American citizens to be the best plows that the world produces. Simonds saws, Stiletto axes and cutlery, DuPont Stumping powder, White sewing machines all bear the same reputation of quality and the American people that are willing to pay the price get this class of goods and they are money ahead at the end of the game. Look for the American made goods that have made for themselves a reputation on their own merit, and when it's hardware or implements you need, you'll find them at Larkin-Prince Hdwe. Co. It's a good place to trade and a lot of people in the vicinity of Newberg have found it out. They like it because they always get their money's worth when they go there.
