The sawmill started the wheels to going again the first of the week, giving employment to a large number of men who had been out of work for many weeks. As to how steady the plant will run will depend on the lumber trade, which seems to show some signs of revival from the stagnation that has existed since the change in the tariff laws.

W. W. Rich, better known as "Dutch", was here from Washington, last Saturday. Judge Wm. M. Ramsey was down from McMinnville on business last Tuesday. He grew up in this community and attended his first school out northwest of Newberg, on the Hess donation claim. Afterward he attended McMinnville College, when that institution was young. He said, in speaking of his experiences there, that the only playground they had was on a vacant lot that joined up close to the college building, which was owned by a private party. The owner of the lot took offense at something that occurred, and he accordingly hauled in rails and built a high, old-fashioned worm fence around the lot. The following night a company of the boys removed the rails and erected a fence around some of the outbuildings that stood in the rear of the college buildings, though the judge says he did not assist in the undertaking, as he knew nothing of it until the following morning. One of the fellows got cold feet and gave it away a few days later, and the bunch were indicted by the grand jury, and on pleading guilty were fined \$10 each. Judge Thomas McBride being one of the number. The judge says he recently asked McBride about the second escapade, when the fence was again removed, and the latter said they were careful to avoid having anyone along that would squeal, and consequently they escaped.

Mr. E. E. Goff, manager of Newberg Telephone Co.: My Kryptok glasses are great.

Mr. Goff was wearing the old style cemented bifocal until we fitted him with Kryptok.

PROGRESS SHOWN

BY BOYS' CLUB

At a meeting of the Willamette Club held last Sunday at the Baptist church, much of importance was done for the new organization. A committee of three was appointed by President Miller to consult with the advisory committee, which was appointed at the men's mass meeting held at the Friends church two weeks ago.

The two committees decided upon a schedule for the admission of honorary members. Since so many men of the town have shown a great deal of interest in the new club and have expressed a wish to help in the movement, it has been decided to have an honorary membership, comprised of the adult friends of the club. In this way the boys will have the financial and moral support of the men, and the latter will be enabled to keep in touch with their younger friends and to help them to provide for a clean, wholesome social meeting-place for their spare moments. A membership committee of the club will canvass the town for this membership at a later date.

The success of the club up to the present time has been noteworthy. Its effect has been noticeable on the streets, and the interest taken in it is widespread. Members and friends of the club are confident that it is an institution which has come to stay.

RESOLUTIONS OF CONDOLENCE

At a regular meeting of Shiloh Post No. 77, Department of Oregon, Grand Army of the Republic, held January 23, 1915, the following resolutions were unanimously adopted.

Whereas—It has pleased Almighty God in his infinite wisdom to take from our ranks our beloved Comrade Benjamin R. Bass, who died at his home in Newberg, January 10, 1915.

Therefore be it Resolved—That in the death of Comrade Bass, this Post is called to mourn the loss of a tried and true comrade of The Grand Army of the Republic, and as citizen of the country in which he lived, Comrade Bass was loyal, peaceable and law abiding.

As a soldier he enlisted in Co., I, 32nd Wisconsin Infantry, and served out his enlistment, being honorably discharged after giving the best part of his life to the service of his country. As a comrade he was faithful and true, exemplifying in his daily life those crowning principles of our order, fraternity, charity

and loyalty, we deeply deplore his loss.

We extend to his bereaved widow, who was for many years his faithful wife, and his sorrowing family, our sincere sympathy.

Be it further Resolved—That a copy of these resolutions be tendered to the bereaved widow of our deceased comrade, a copy spread on the minutes of the Post, and a copy to the press of this city.

D. E. Way,
N. B. Britt,
Committee.

HIGH SCHOOL

In the big "Railroad Question" debate, held at the High School last Thursday night, between Oregon City and Newberg, the former won by a vote of 2 to 1. There was quite a bit of doubt as to the decision given by the judges, as our team, the affirmative, had much the stronger argument and rebuttal. At Salem our negative team was defeated by a vote of 3 to 0. But, despite the fact that both teams were defeated, Miss Menzies must be congratulated for coaching the team into as good shape as they were, which was very good, considering the fact that it is exceedingly hard to pick six good debaters out of so small a school. President Bushnell, of Pacific University, of Forest Grove, who was to be one of the judges here, failed to arrive, so after some delay Mayor Jesse Edwards was secured in his place.

Miss Mary Wolcott, Miss Nana Wenstron and Mr. Fred Shultz represented the debating team which went to Salem last Thursday. Prof. Stanbrough accompanied them.

Last Friday morning the High School basket ball team journeyed to Corvallis, and that evening defeated Corvallis High by a score of 26 to 23. Allan, Newberg's regular center, was barred from playing on account of his being a post-graduate.

These new rules barring post-graduates, four-year men and men over 21 years of age from high school athletic activities has only recently gone into effect. On Saturday night, in the same city, the boys were defeated by the O. A. C. "Rooks," by a score of 26 to 15. Although the boys were defeated, they held these old high school stars and "will be" varsity men down to a low score. This defeat does not count on the state championship, as it was an outside game. The boys have won all their high school games so far, so they have a chance for the state championship. This would certainly look

good to Newberg.

Last Monday afternoon John Larkin, the postmaster, spoke to the assembly on the efficiency of the postal system of the United States.
