\*Saturday night only.

R. H. Jacobson has located in Portland.

Born to Mr. and Mrs. Jasper Bates on Thursday of last week, a daughter.

Rev. C. T. Whittlesey was here from Philomath on business last Saturday.

Roy Beech was here from Dayton Tuesday visiting with Harold Moore.

Born to Mr. and Mrs. Leslie Moore, of Scholls, on last Monday, a son.

Jonathan Arms, the Dayton real estate man, was in Newberg on business Tuesday.

Mrs. T. D. Yarns and children are here from Salem visiting at the home of her parents, Mr. and Mrs. L. F. Moore.

Mrs. Eva Magoon and little sons were here from Portland over Sunday visiting with her sister, Mrs. Will Rees.

Mrs. Omar Pendall was called to McMinnville last Monday on account of the sickness of her sister, Mrs. C. B. Wilson.

M. J. Conrad, a former resident of this community who now lives at Turlock, California, is here for a visit with relatives.

The remains of Mrs. Elizabeth Knight, formerly known as Mrs. Cook, were brought here from Portland Tuesday evening for burial.

Col. and Mrs. W. A. Westfall will go to Newport next week with a view of remaining for some time if the salt air agrees with them.

A small sawmill is being erected on the George Emerson place over on Chehalis Mountain north of Springbrook where it is said there is seventy acres of saw timber.

The little baby daughter of Mr. and Mrs. Garnett Cooke died at their home out west of Newberg a half mile, on Wednesday, at the age of about fourteen months.

An Easter cantata entitled "Baxter Angels," by J. S. Farris, with twenty-four voices under the leadership of Vernon Gould, will be given at the M. E. church on Sunday night.

J. M. Wentz has been up from Tualatin during the week visiting with his daughters. The brick and tile plant where he was working has closed down and he thinks of locating at Oregon City.

G. A. Candeaux, of Helena, Montana, who recently bought the Ed. Hobson home located below Newberg on the road to the old Gearin lerry, moved out from Portland Wednesday with his family and took possession of the place.

The prune blossom fair which was being planned for by committees from the Commercial and Civic clubs has been called off, as the conclusion was reached that business conditions would not justify the expenses incident to holding such a fair at the present time.

W. T. Anderson of the Oregon Hardware & Implement Co. is still mourning the loss of his pet fox terrier "Billy" and is still keeping up the hunt for him. He says he has had several answers to his advertisement but when he follows the various leads he finds that he has the wrong dog by the ears.

Joe Carr and family moved to Willamina on Wednesday.

Mrs. Maude Breatherton, of Salem, visited in Newberg last week with Mrs. L. F. Moore.

The regular meeting of the Civic Improvement Association will be held Friday, 8 p.m., at club rooms.

Mr. and Mrs. Sidney Ruhl and babe have gone to the home of his parents at Princeton, Idaho, for an extended visit.

E. S. Craven who was out from Portland on business Tuesday, said he had not been in good health for several months.

J. C. Gregory is almost a stranger in town since he began on a big job of wood-cutting on a piece of land he purchased of Dr. Harry Littlefield out west of Newberg some time ago.

The "drowth" is now well broken by a welcome soaker that has driven the angle worms near the earth's surface, apparently for the convenience of the anglers at the opening of the fishing season.

Granville Everest was over from his Laurel farm Tuesday, and while he has been keeping bachelor's hall while Mrs. Everest and the girls have been in Newberg on account of school privileges, he looked like he had been well fed.

L. M. Parker received a short note last week from Mrs. Ernest Hill, of Whittier, California, telling of the death of their fifteen-year-old son, Everett who will be remembered by many Newberg people as a little black curly headed boy. The note said he fell from a cliff and died the following day. No particulars were given.

Harry Perkins is circulating a petition which he will present to the city council at the next meeting, asking for the purchase of lumber by the city for the erection of a bridge across the canyon on Fulton street, north of the college campus. He says he will donate the work on the bridge if the city will buy the lumber, which he estimates will cost about \$400.

S. A. Mills has sold his garage and automobile business to W. R. Ballard, taking in exchange the latter's home and acreage near the railroad trestle on the outskirts of town to the north-east, and has since sold this property to Prof. Russell Lewis. He expects to move to Greenleaf, Idaho, soon, where he has bought land. Sorry to see the Mills family go, but they will return again—they always do.

Mr. and Mrs. F. W. Brusso who recently arrived here from Fort Madison, Iowa, have rented the Col. Westfall property on Sheridan street and will remain. Mr. Brusso is an auctioneer, as will be seen from his professional card in the Graphic, and he has taken the place of Col. Westfall who wants to take a rest on account of his health. He is of a genial disposition and will easily make a way for business by getting acquainted with the people. Mrs. Brusso has a son located here who works at the creamery.

The entertainment furnished by the members of the college faculty at Wood-Mar Hall on last Monday evening for the benefit of the piano fund, was quite well attended and the program throughout was thoroughly enjoyed, as was evidenced by the hearty cheers that were given. Prof. Oliver Wegner presided, with the dignity and decorum the occasion demanded and there was not a weak number on the program, which consisted of readings, vocal and instrumental music and chemical laboratory experiments.

Mrs. M. J. Carpenter is reported to be very sick of pneumonia at her home on the farm at the foot of Chehalis Mountain north of Newberg and her recovery is considered quite doubtful. She is being nursed by Mrs. H. Schutte, a near neighbor. Later, Mrs. Carpenter died on Tuesday.

Bart Paulsen says he "Shooed" a fellow away so suddenly recently who was violating the law by shooting grouse out of season, that he dropped his gun and fled and has not called for it since. He says further that the gun is in his possession and will be delivered to the owner if he will call for it.

Mr. and Mrs. J. W. Zebley, of Dayton, Washington, who were here in December visiting with relatives and who went South on an extended visit, returned here on Tuesday and will remain until the first of the week before going to their home. They saw the fair at San Francisco but say it is quite incomplete in many respects, some of the foreign exhibit buildings not yet being finished.

Arthur Lyons and Miss Susan Hadden stole away to McMinnville Wednesday where they were married, Rev. Thompson of the Presbyterian church officiating. The groom is an exemplary and industrious young man of good habits, and the bride, who is the daughter of Richard Hadden, has a large circle of admiring friends, many of whom have known her as one of the modest young dining room girls at the Imperial where she worked for a long time. The young people will take up housekeeping in the groom's home, already prepared on Tenth and Willamette streets.

### COLLEGE NOTES

The annual Y. M. C. A. Cabinet Conference, held here last week, was quite successful. The sessions were under the direction of Miss Fox, student secretary for the Northwest, and Miss Blanchard, of New York City. They were assisted by other speakers, especially Dr. Marcotte, of Portland, and Pres. Pennington. There were fifty-four registered delegates in attendance, representing Pacific University, McMinnville College, Oregon Normal School, Reed College and Pacific College. The sessions opened with a reception for the visiting delegates Friday evening and closed with a vesper service Sunday afternoon.

Twenty-three dollars was added to the piano fund as a result of the faculty entertainment Monday night of this week. The new piano is expected in about two weeks.

The newly chosen officers of the Christian associations were installed Wednesday morning at a joint meeting held in the auditorium. The officers for the coming year are as follows: For the Y. M. C. A.—President, Paul H. Lewis; vice president, Meade G. Elliott; secretary, Ledra Williams; treasurer, Henry Keeney. For the Y. W. C. A.—President, Lyra Miles; vice president, Norma Harvey; secretary, Myrtle Thomas; treasurer, Myrtle Mills.

Following the installation of officers of the Y. M. C. A. and Y. W. C. A. on Wednesday the members of the two organizations listened to an address by Secretary H. W. Stone of the Portland Y. M. C. A. He spoke on the association secretaryship as a life work. Mr. Stone urged the claims of the Christian associations upon the college men and women who wished to reach the largest number of people in the most effective way. He emphasized the fact that this work is a "calling" rather than a profession, a position or a mere job.

Ralph M. Gilbert, of Bridgeport, Indiana, was a guest of Prof. Hawkins Monday. Mr. Gilbert has been in San Francisco for the past two months setting up the Indiana educational ex-

hibit and stopped off for a few hours on his return trip to re-new acquaintances. He and Prof. Hawkins were school-mates in common school and at Central Academy at Plainfield, Indiana. Mr. Gilbert expressed himself as being much more favorably impressed with Oregon than California. He insists that California would not amount to much were it not for the "Hoosiers" who are living there.

### GREAT LECTURER

COMING APRIL 9

Dr. Thos. E. Green has for the past ten or twelve years been one of the most powerful lecturers on the American lyceum platform. Few men have had a wider hearing and exerted a wider influence than he. One of his leading lectures, "The Key to the Twentieth Century," he has delivered over 1500 times. The popular magazines use everything he can find time to put into written form. At the present International Peace Conference at St. Louis the Globe Democrat stated among all the great speakers that Dr. Green easily eclipsed them all. During 1911 and 1912 he completed a journey around the world. In the spring of 1913 he visited Panama and the historic islands of the Spanish Main. No man has a wider or more diversified knowledge of current conditions than has Dr. Green.

### COUNTY SEAT TO

HAVE BALL TEAM

McMinnville will have a local ball team the coming summer. Financial arrangements were made by P. P. Wright in a short time on Wednesday, whereby the expenses of such a team are to be financed by eleven local citizens, who pledged their credit for a fund, which is to be reimbursed by gate receipts. The ball grounds are to be located near the condenser and are to be fitted up by Giesch & Joplin, who will also provide uniforms for the ball players. The team is to be known as the "Yellow-birds," which is the name of the condensed milk product put out by the aforesaid firm.

The ball players will be local men, or men within the confines of Yamhill county. The battery will consist of Courtney and Foster.—Telephone Register.

### NEW SONG FOR OREGONIANS

The beauties of Oregon so impressed Mrs. Lynette Arnold Henderson, of Sioux City, Iowa, that she recently put these impressions into words and these words are the lyrics for the 1915 Rose Festival song. Mrs. Henderson donated the lyrics and John C. Abbott, well known railroad man and musician, of Portland, wrote the music. The song has a fine catchy swing to it which the whole state will soon be whistling.

Through the courtesy of A. H. Biers, well known music dealer of Portland, the festival song will be given wide spread circulation. Copies will be sent to glee clubs, orchestras, bands and singing societies of the state and efforts will be made to make "The Whole World Knows the Portland Rose," the song hit of the year.

The lyrics of the new song which Oregon's scenic wonder's, climate, rivers, streams and mountains suggested to Mrs. Henderson, are as follows:

"The Whole World Knows the Portland Rose."

Out west the purpling haze lies close

Over wondrous snow-clad peaks.

Out west the gleaming waterfall

In dazzling brilliance leaps.

Out west the sweet, pine-scented breeze

From the fragrant forest blows.

Out west there's a wealth of glorious bloom,

Out west is the Portland rose.

CHORUS.

The whole world knows the Portland Rose!

Its queenly air, its beauty rare

Within the hearts which all adore!

## WINDOW GLASS, PUTTY, PAINTS, OILS, VARNISH

WHEN YOU BUILD THAT NEW HOUSE OR REPAIR THE OLD ONE, REMEMBER THAT GOOD PAINT IS NOT ONLY NEEDED FOR APPEARANCE, BUT ABSOLUTELY NECESSARY FOR PRESERVATION. PAINT IS AN INVESTMENT AS WELL AS A LUXURY.

ASK THE PAINTERS WHO USE OUR PAINTS, PUTTY AND GLASS IF THEY ARE NOT THE BEST.

## Oregon Hardware & Implement Co.

CORNER FIRST AND MERIDIAN STS.

No other rose is half so fair.  
Its tint the glint of sunrise showal.  
Its soft blush glows! It gaily throws  
Its fragrance to the passing breeze.  
The whole world knows the Portland rose!

Out west there is wealth for all who come  
With a brave, undaunted will.  
The orchards yield their perfect fruit,  
The streams run many a mill.  
There's precious hidden ore to mine,  
Golden grain luxuriant grows.  
There's wealth in the herds of peaceful kine,  
There's wealth in the Portland Rose.  
(Chorus.)

Out west the men and women stand  
Side by side for all that's fair.  
They bravely fight for civic right,  
The hardest tasks they dare.  
They greet you with their outstretched hands,  
With the spirit the west bestows.  
Their hearts are as pure, and sweet,  
and good,  
As the heart of the Portland Rose.  
(Chorus.)

### MUCH DISCUSSED ROAD THROUGH INDIAN COUNTRY

(Meridian Sun.)

Joe Steward, Jap Lady, the county engineer and the county court returned Tuesday from their five days investigation trip on the old and the proposed road in the vicinity of the Dolph hill and the much cursed and discussed toll way, and while their findings are not yet made public it is surmised that conditions presented themselves that will lead to something being done for the relief to the traveling public in the Tillamook direction. The one great obstacle to be first surmounted is the high climb over the Dolph hill and the elimination of the closed toll gate. This, it is thought, can well be accomplished by starting near the B ranch and circling the hill on a nearly water grade that will not exceed a 2 per cent climb. By this way it would necessitate an extra mile and a half travel but would reduce the elevation more than 300 feet and cut out the "hold-up" proceedings at the stand-and-deliver-gate. The appropriation made for this road by the court might not be sufficient to complete the work necessary and also do the necessary repair work this side of the toll road but by making a good plank road for some distance the fifteen thousand dollars would make itself known if expended by judicious management. Polk county is quite anxious to form an alliance with Yamhill county in the construction of a main thoroughfare, but Polk county desires the location of the road at a different point and this seems not to suit the residents in this county that are most vitally interested, and whether both counties can get together or not on the proposition is the question that is uppermost in the minds of some of

the settlers. Tillamook is not particularly interested in either of the two proposed roads so long as it is connected with one or the other, as would probably be the case in the Baxter vicinity. It is understood that the state engineer will now look over the proposed routes and make his suggestions and recommendations, but as the state failed to come through with the appropriation that it was supposed to do it can have no financial interest in the expenditures of the two counties.

### FOR BETTER BABIES

Have you a baby in your home? If so, read this announcement:

The Oregon Congress of Mothers will hold an eugenic test for babies, in the Newberg Public Library, some time during the latter part of April. It is to be under the auspices of the Parent-Teacher's Associations of Newberg and Springbrook.

Mothers are invited to bring their babies and have them examined by skilled physicians. The test will be strictly private, for babies and their mothers only. A registration fee of 25 cents for each child will be charged.

Further announcement concerning place and time for registration will be made in next week's paper.

Caston, Ore., Mar. 15, 1915  
Mr. C. A. Morris, Newberg, Ore.

Dear Sir: I received my glasses some time ago and like them fine. The redness does not bother me when I study now. My eyes feel so much better. My glasses seem to be just the thing.

Thanking you for fitting my eyes so well, I remain,

Sincerely yours,  
Eliza L. Jensen.

We can give you hundreds of such recommendations. Your eyes are worth too much to you for you to neglect them.

Come at Once, TODAY!

**C. A. MORRIS**
