Champ Clark has a daughter who is to be married soon and he has invited all residents of the state to attend the wedding. Champ has been pretty solid with Missourians at the polls before this, and they will make it unanimous at the next election.

There is general sorrow throughout the Northwest on account of the death of Mrs. Rose Bloch Bauer, the sweet singer of Portland, who was loved wherever known for her many beautiful traits of character, as well as for her bird-like voice which she often used in assisting in giving programs for philanthropic purposes.

Governor Johnson, of California, recently signed the bill requiring imported eggs to be sold under their proper designation. Since Oregon and Washington have such laws the long coast line is now pretty well fortified against the Oriental hen house. If anybody prefers the Chinese eggs to "home grown" we suppose they ought to be privileged to suit their fine sense of taste—in fact they may eat with chop sticks if they desire to, but their are a lot of people who prefer "home manufactured" stuff and they are entitled to protection from deception.

The county courts of Yamhill and Tillamook have entered into an agreement for the building of a new road through the Grand Ronde Indian agency section, each of the counties agreeing to spend the sum of ten thousand dollars in the construction of the same. The road is to be completed within two years. This stretch of road has been an eyecore to travelers to Tillamook coast points all these years, and the fact that it is to be put in good condition will be hailed with delight by all who have occasion to pass that way. Let the job be hurried to completion as fast as possible.

A Classy Job.

A man in the country once asked Cy Warman what he did for a living.

"I work for the Grand Trunk," said Warman.

"What kind of a job have you got—do you sell tickets or handle baggage?"

"O, I've got a better job than either of those," said Cy. "You know the man who goes along-side of the train and taps the wheels with a hammer to see that everything's all right. Well, I help him listen."
