

When you buy a watch, you don't merely say, I want a Watch. You want to be safeguarded by a name that stands for reliability—standard quality.

The same method will protect you against inferior quality in Tents.

WILLAMETTE TENTS

represent the best materials, most skilled workmanship and highest all-around quality. For 31 years we have upheld the standard of tent-making.

Go to your dealer and tell him you want a genuine "Willamette" Tent. Be sure the "Willamette" trade mark is on it. It means the same guarantee of Tent Quality, as 14-karat means on a gold watch.

The leading dealers in town sell "Willamette" Tents.

PORTLAND, OREGON

LOOK OUT FOR FIRE

The Portland Chamber of Commerce Issues Timely Warning.

Dry weather will soon be here. So will thousands of tourists en route to or from the Panama-Pacific Exposition. We want them to enjoy our scenery and come again because Oregon attracts them.

Only one thing can prevent their enjoyment—smoke from Forest Fires.

Last season those who came to see the natural wonders of the state went away disgusted, for the air was filled with smoke which completely shut out our wonderful scenery.

We are spending thousands of dollars in building roads and pushing this work so this year's visitors may enjoy them; so that trips to points of scenic interest can be made quickly and comfortably and so that our wonderful timber resources and power possibilities may be realized.

If, however, we allow the atmosphere to become smoky, plans made and money expended with a view to impressing tourists will be largely lost.

We can prevent the smoke nuisance if we will, to do this, however, requires the best kind of co-operation on the part of every rancher, fisherman, hunter, automobilist, logger and in fact anyone going into the timberland or brush covered areas.

By preventing it for the sake of our visitors we will at the same time assist in preventing the destruction of one of our chief assets—timber.

From now on every public spirited citizen should preach prevention of forest fire.

Those having slashings to burn, should get them out of the way now if safety permits, or if not, leave them until fall.

Public officials—state, county and municipal, should cheerfully help in eradicating the smoke nuisance. Every one should exert a real effort to prevent the starting of forest fires.

Our fire protection service has been successful the past four years in preventing loss of timber. But they cannot without the best kind of co-operation from all residents of the state prevent fires from starting.

We should all work together in making Oregon free from smoke this summer. If this is not done we will miss a real opportunity to impress upon thousands of people the fact that Oregon is a good state in which

to live.

Follow these simple rules and see that others do the same and few fires will occur.

Don't toss away burning matches or tobacco.

Don't make a camp fire in leaves, rotten wood, or against logs, where it may spread or where you cannot be sure it is out.

Never leave a fire until it is out.

Don't burn slashings in the dry season without a permit, and without care to confine the fire.

Put out any fire you find if you can, if you can't, notify a fire warden, some other public officer, or the land owner, and don't be afraid to tell the other fellow he must also be careful.

Portland Chamber of Commerce.

WEST CHEHALEM

Floyd Worden, who has been in Eastern Oregon for the past two or three years, returned home Saturday evening and will stay a week or two.

Mrs. D. P. Shaw spent Saturday and Sunday in Newberg visiting with relatives.

Mrs. N. P. Nelson has been quite sick the past week but is some better now.

Mr. and Mrs. Omar Fendall and Miss Zelma Jones were Sunday guests at the E. G. Fendall home.

Last Thursday morning, while working on the new Patten barn, Mr. E. H. Anderson fell and broke a limb quite badly. He was also hurt internally. Mr. and Mrs. Anderson have lived in West Chehalis for only a few weeks but have made many friends who wish the speedy recovery of Mr. Anderson.

Howard Morris, who broke a limb two weeks ago, is getting along as well as could be expected.

Mrs. S. S. Obye, of Yamhill, spent a few days the first of the week with her brother, E. H. Anderson.

Mrs. Harry Kirkly returned to Portland Monday morning.

Earl Anderson and brother-in-law, Theodore Roth, motored from Salem Friday to visit their father, E. H. Anderson. Sunday morning, Earl Anderson came again with his family and spent the day.

Last Friday evening the Young People's Society met at the home of Mr. and Mrs. E. G. Fendall. After spending the evening playing games on the large lawn, Mrs. Fendall served ice cream and dainty cookies. The evening was a very enjoyable one to all who were present.

Last Sunday evening Mrs. Tilda Hesgard invited thirty-five young people to her home, in honor of the birthday of her brother, Victor Amoth. The young people went in a body to her home. On being sent to the front room, Victor was greatly

surprised to find the room occupied by many smiling faces. Delightful refreshments were served by the hostess. A pleasant evening was spent by all.

No. 9386 Report of the condition of The United States Nat'l Bank

At Newberg, in the State of Oregon, at the close of business, June 25, 1915
