

CHEALEN CENTER

A large and appreciative audience listened to Mrs. Elizabeth Palmer deliver a very excellent sermon, Sunday evening on the question of National Prohibition. She said it should appeal to every mother and father for the sake of the boys and girls to banish the alcoholic liquor from the land.

As next Sunday is National Peace Sunday Mrs. Palmer will deliver a sermon along the lines of the peace question.

Owing to the inclemency of the weather there were not many ladies present last Wednesday at the W. C. T. U. meeting held at Mrs. K. L. Tangen's. However there were ten present and a very pleasant and profitable meeting was held. There were two petitions framed, one a protest to Congressman Sinnott, asking him to protest against "preparedness for war", and one a protest to P. M. Gen. Burleson asking him to not exclude peace literature from the mails. The glad hand was extended to one new member, Mrs. Esther Rundell. At the close of the meeting a very enjoyable social hour was spent, during which the hostess served a dainty repast. The next meeting will be with Mrs. Lizzie Everest in January.

Ye reporter failed to write up the Christian Endeavor Social held at the home of Mr. and Mrs. Stalley Friday evening, Dec. 3. Six new members were received in the C. E. and a very pleasant evening was spent playing games and singing songs.

Mrs. Margaret Shires entertained the Q. H. G. Club Monday afternoon, it being the anniversary of her birth. All were glad to do honor and wish her many, many happy returns. The time sped swiftly and pleasantly, while one quilt was knotted off, after that out came the fancy work and Christmas articles. Then the hostess served refreshments as follows: Sandwiches, pickles, cakes, one a very nice fruit cake as a birthday present, all the way from Illinois, a cup of tea and last, but not least that delicious pumpkin pie with whipped cream "frosting." All declared they had had a very pleasant time.

Andrew H. and, lately from Norway, and a cousin to K. L. Tangen is making them a visit.

He will remain until after Christmas.

There seems to be a fatality prevailing among the horses here in the neighborhood. Last week Mr. Stalley lost one and last Saturday while Frank Johnson had his team in Newberg one of them took sick and died in a few minutes. H. Walton also lost a fine young horse that day.

SPRINGBROOK

Springbrook was surely a lively place last Friday and Saturday, especially in the region of the school house when the bazaar was held. In the auditorium, seven gay and beautifully decked booths were in charge of the Committee of Ways and Means of the Ladies' Club, with Mrs. P. M. Tallman as chairman. Those in booths were as follows: Lunch—Mrs. A. P. Wallen, Mrs. Grant Heater, Mrs. Ray Newby; Handkerchiefs—Mrs. Wm. Shires, Mrs. C. E. Newhouse, Mrs. C. J. Clemenson; Candy—Ethel Cowgill and members of the Girls' S. S. Class; Fancywork—Mrs. F. Kincaid, Mrs. H. Stockman, Mrs. F. E. Hobson; Aprons—Mrs. L. M. Carey, Mrs. E. L. Heater, Mrs. A. R. Mills; Dolls—Mrs. F. M. Mills, Ethel Sawyer, Jennie Burke; Toys—Mrs. P. M. Tallman. Good entertainment was given each evening and a net profit of about \$90 was realized, which amount will be given to piano fund. This is Springbrook's first bazaar, and a great deal of the credit is due to those who have worked for several weeks upon it, as well as to those who patronized it so well. Newberg was well represented both days.

Mrs. Elizabeth Palmer is very ill and in charge of Dr. Hester, of Newberg.

of the officers of the various school districts in Yamhill county at McMinnville Saturday. He reported a very enthusiastic and interesting session.

Mr. and Mrs. Matvey of LaFayette were Guests of Mrs. S. Sanpolis Sunday.

At the poultry show in Portland last week, N. L. Wiley and Oscar Winters both exhibited choice fowls. Mr. Wiley won a ribbon on a Minorca cockerel and Oscar as usual carried off several prizes.

Those attending the poultry show Wednesday from Rex were Wm. Sanderman, C. H. Jones, C. G. Lewis, J. D. Kruze and Oscar Winters.

Miss Johanna Winters was unlucky enough to run a rusty nail completely through her foot Thursday, inflicting a painful and nasty wound. Dr. Rankin dressed the puncture and Johanna is able to hobble about at present.

Mrs. John Semmer and Mrs. A. H. Dean entertained for Mrs. Carl Greves Saturday on the eve of her departure for her new home in Washington. About fifteen guests were present, and all enjoyed to the utmost the hospitality of the two hostesses. Inasmuch as Mrs. Greves has a birthday in the near future, a beautiful birthday cake with the requisite number of candles on it was a feature of the afternoon, and all of Mrs. Greves' friends wished her many happy returns of the day and a safe and happy trip to her new home.

FOOD SUPPLY OF THE FARM HOME

Much public interest has been excited by the recent announcement of the United States Public Health Service, to the effect that the development of the disease known as pellagra in human beings depends on faulty diet. Among the suggestions of the Public Health Service for the modification of diet to prevent the development of pellagra are a number of items which emphasize the importance of the campaign of the department and the State Agricultural Colleges to increase the production of food supplies on the farm, especially to bring about a home supply of meat, eggs, milk, and butter.

Among other specific recommendations of the Public Health Service are—

- (a) The ownership of a milk cow; an increase of milk production for home consumption.
- (b) Poultry and egg raising for home consumption.
- (c) Stock raising.
- (d) Diversification and cultivation of food crops.

These four specifications give an added argument for the campaign of live-stock raising and farm diversification, which has been especially urged, particularly for the South. It is quite reasonable to presume, therefore, that the production of the family meat supply at the farm home will not only decrease considerably the expense of the family table and add somewhat directly to family revenue as well, but will have a profound effect on the health and well-being of the members of the family.
