NEW SERIES 17

The new Studebaker models sum up all the resources of the great Studebaker manufacturing organization—experience, efficient capability, unlimited factory equipment—and this means the last word in automobile designing, materials and workmanship.

Refinements have been incorporated in the new models and they now stand supreme as typical exemplars of the highest achievement of one of the world's great manufacturers of motor cars.

Owing to enormously increased volume and the unrivaled manufacturing facilities that Studebaker possesses, the prices are remarkably low for cars of such quality. But it is always remembered that Studebaker price is never a measure of Studebaker quality—that it has always been Studebaker policy to produce the highest grade possible without regard to price—that such low prices are possible only by reason of Studebaker leadership and superiority in equipment.

The Mulloy basketball team

met with defeat at Fernwood Saturday evening when they were walloped by the Fernwood team to the tune of 33 to 16. Many were present and the excitement was intense.

There will be a game Saturday night at the Hood View gym. between the Fernwood girl basketball team and the Hood View team. We are also informed that the Fernwood boys' second team will play the Hood View second team Saturday night at the same place.

The Fernwood schools had special exercises on Washington's birthday. The important feature of the programme was a debate participated in by the students on, "Resolved, that Lincoln is entitled to more praise for what he has done than Washington." The question was ably handled on both sides, but the "Lincoln side" secured the decision.

REX
