AN APPRECIATION

We are sorry to lose from our midst the Davis family who have gone to make their home near Bend. They were members of the Christian church and the young people, Esther, Ruby and Alger were faithful and untiring workers in almost every department of the church.

During their brief sojourn here their attendance through all kinds of weather could be relied upon, and as such we sorely miss them; but our loss will be someone's gain. A Friend.

HEAR WITHOUT EARS

Police and Detectives Are Using Lip Reading in Place of the Dictagraph.

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired through our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopaedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri tf
