STATEMENT BY WILL E. PURDY

Recently it was reported in the public press that I was getting signers to petitions, in Newberg, for a change of venue, in my H. D. Winters' case. Also it has been reported that the supreme court, of late, had decided against me.

For the benefit of my many inquiring friends I wish to state, that both of these reports are untrue.

I never circulated a petition in Newberg for a change of venue in my H. D. Winters' suit nor did the supreme court recently decide against me. The case was decided but once on its merits, in the supreme court, and that was several years ago. Here is the point: The decree was obtained by fraud. It is true that I have made several trials to get at this thing in the right way but have been misled by attorneys. But why should I worry, when I am now on the right track and can go on to win.

Our army is in Mexico. They have been misled as to the whereabouts of Villa on several occasions, but have they given up, or have they been ordered to stop? (Yes and no) Yes, by the jingo press. No, by those in authority. When they get their eyes on Villa, he will throw up the white flag. I am now on the right track and I expect soon to see the white flag flying.

Will E. Purdy.

Do you know What causes Cataract?

FIRST OF ALL. Only neglect on your part to take care of your eyes.

SECOND. By straining your eyes reading and studying when they need help.

THIRD. By using the cheap reading glasses fitted by some incompetent person.

Do you know that nine out of ten people who come to me with cataracts have no one to blame but themselves? For only a few dollars spent from time to time in keeping their eyes in proper shape their eyes would have been good as long as they lived.
