†Loop Special Saturday & Sunday

Frank Hadley is breaking in a new Ford this week.

Born—To Dr. and Mrs. H. C. Dixon on January 12, a son.

Mrs. D. B. Holmes, of Durham, was a guest of Mrs. A. J. Shrader Tuesday.

Mr. and Mrs. C. J. Edwards, of Tillamook, were over Sunday visitors in Newberg.

Mrs. Ed Hodges has been quite ill for the past five weeks but is gradually recovering.

Mrs. Elgin Van Blaricom went to Falls City the first of the week for a visit with her parents.

Mrs. Louis Balsiger was up from Tigard Tuesday visiting at the home of her father, A. T. McNay.

The Pacific College Woman's Auxiliary will meet Saturday afternoon at 2:30 in the dormitory parlors.

Mrs. Qvale from St. Paul, Minnesota, sister of Mrs. Paul Johnson and aunt of Mrs. E. P. Diment, is here for a visit.

Mrs. L. P. Round, Mrs. Bartlett and Miss Mildred Wills went to McMinnville Tuesday to attend the county W. C. T. U. convention.

There is mourning in the W. W. Nelson family since "Bob," the Fox terrier and household pet, took his departure Tuesday from the effects of poison.

Walter Everest shot a large coyote at his place east of town Wednesday morning. Few of these marauders have been seen in this section of late years.

Mr. and Mrs. T. J. Werth, of Willamina, who were on their way to Portland, stopped over here Tuesday between trains for a short visit with relatives.

On Wednesday of next week at 2 p. m. in the parlors of the Commercial Club the women of the Civic Improvement and Wednesday Clubs will give their annual silver offering for the Scholarship Loan Fund, to which all women are most cordially invited. Needlework.

Qualification

for compounding comes from long experience, careful training and the means for selecting drugs of the best quality. Our facilities, our equipment, our experience, and a complete stock of all drugs and chemicals especially invite your prescription trade here.

Parlor Pharmacy

E. W. WOODSON, Pharmacist

Attorney D. P. Price was out from Portland today on business.

Mrs. O. D. Hamstreet, the wife of the editor and publisher of the Sheridan Sun, has been in Newberg during the week taking treatment from her brother, Dr. Daniels, the chiropractor.

W. W. Silver, who took the body of his mother to Pendleton, Indiana, for burial, arrived home Tuesday afternoon. He said a storm was raging when he left Chic go, with the mercury below zero.

Dr. Kelty, who recently returned from New York where he took some special work, was here a day or two last week, visiting his brother, George L. Kelty. He contemplates locating either in Portland or Astoria.

Mr. and Mrs. W. E. Crozer brought President Pennington down from Salem last Saturday evening and remained over until Tuesday afternoon. While here they sold the Pemberton auto to Grant Heater, of Springbrook.

At the growers' meeting held last Saturday to talk corn growing for the cannery Roy Gill of Gill Bros., Portland, was the principal speaker, telling of the best varieties to grow and methods of planting and cultivation.

Apparently some auto driver failed on last Friday night to heed the "keep-to-the-right" sign at First and Meridian streets, for said sign was bumped into with sufficient force to bend the rod to an angle of a half pitch or more.

Mrs. Mary Agnes Cooley, aged 59 years, the mother of Mrs. W. E. Hert, died near Laurel in the McCormack neighborhood last Sunday. The body was taken to Troutdale in the Hollingsworth auto hearse on Wednesday for burial.

Judge H. M. Cake, who was prominent in Oregon politics several years ago, being the republican candidate for United States senator at one time, was in Newberg on business one day last week. He said he was out of active politics.

Mr. and Mrs. Ezra Cook, of Bloomingdale, Indiana, are here visiting with the Sanders and Mills families, after having spent a month or more at Whittier, California, visiting relatives. Their daughter, Miss Ethel, came with them but went on the first of the week in order to take a place in an Indianapolis business college that is awaiting her.

At the county W. C. T. U. convention held in McMinnville Miss Wills held a double medal contest, silver and gold, Tuesday night. Sheridan, McMinnville College, Chehalis Center and Newberg high school were represented. Miss Mina Ames, of the Newberg high school, was winner in the silver contest, then entered the gold contest and was again the winner. Quite a number of the students went from here to back their standard bearer.

The Valley Canning Co. has a force of teams and men at work making a fill of earth for the concrete floor for the new addition to the cannery building which is to be 63x150 feet. The walls are also to be built of concrete which will make it a practically fireproof building. After the earth is in place for the foundation for the floor the walls will be built and the concrete floor will be laid, after time has been given for the earth to settle. The earth for the fill is being gotten from parking strips on Illinois street where there is considerable of a cut, which makes it very convenient, being a short haul.

Vin Vincent has a very lame bicycle and is carrying some bruises as a result of an encounter with a Ford Tuesday evening on First street that veered from the course a well poised Ford is supposed to travel. Miss Lucile Dixon, who was at the wheel, did her best to avoid the collision.

G. F. Chambers is giving the campus the "once-over" this week-end. "Ted" was one of the popular students of the '16 class. He was a member of the local chapter of Kappa Sigma, chancellor of the Forum and a member of the Barometer staff, being sporting editor in his senior year during his under graduate days. "Ted," since his graduation, has been located at Baker, Oregon, in the employ of one of the large mining firms of Eastern Oregon.—O. A. C. Barometer.

THE USEFUL DATE PALM

The Mahometans have a tradition to the effect that when Adam was driven from Paradise he was allowed to take with him three things, a myrtle, because it bore the loveliest and most odorous of flowers, a wheat ear, because it yielded the most nourishment, and a date, because it was the most glorious fruit of the earth.

The Arabs liken the tree to a human being, because it dies as man does, when its head (summit) is cut off. Like a man also when a limb (branch) is cut off, it does not grow again.

The bark of the date yields a fiber useful in making mats, baskets and sacks. The leaves that the native huts and make cases for packing fruit. The stalks serve for firewood, or fencing for the cottage garden. The timber takes a good polish for cabinet work, the unripe dates can be boiled down for vinegar, the ripe fruit can be marketed or made into spirits. It can also be pressed to make an agreeable syrup. Finally, at an age of one hundred years, the tree can be tapped for an alcoholic beverage, a gallon of which can be drawn off each day for a whole fortnight—after which it ceases to be palatable. The date palm is now being successfully cultivated in the United States.—From The People's Home Journal for February.

FERNWOOD

Fred Ross made a business trip to Portland Monday.

Frank Wood was a pleasant caller at the W. A. Parrish home Sunday.

Fred Ross and mother visited the L. M. Metcalf and Roy Newby families in Springbrook Sunday afternoon.

Miss Irene Powell attended the oratorical contest at Chehalis Center Saturday evening, she being one of the contestants. A literary society has been organized in the school and will be held on the first and third Friday of each month. Visitors welcome.

There will be a basket ball game at the gym Friday evening between the Tigard school team and the school boys of Fernwood. Also a game between the Tigard girls and ours.

The basket ball game in the gymnasium Saturday evening between the Springbrook and Fernwood teams was a very closely contested one, the score being 22 to 21 in favor of Fernwood.

Several of our young people attended the concert given by the E. B. U. Glee Club at the Christian church in Newberg on Friday evening and all were very much pleased with the entertainment.

Mrs. T. E. Hobson and daughter, Mary, went to Portland Friday to visit relatives. Miss Mary will go to Westport to visit her sister, Mrs. Arthur Baird, before returning to her home in Fernwood.

OUR WEEKLY CHATS

With the Boys at "The Big Hardware Store"

There is general good feeling and lots of enthusiasm expressed by our farmer friends over the prospects for good strong local markets for their farm produce here all through the coming season. Such conditions mean more and better business for everybody and a promising future for this neck of the woods.

A lot of the farmers are taking advantage of this good weather and are using a little DuPont Powder to clean up their land. We have a good fresh stock on hand and our prices are just as good as Portland with freight added to Newberg. Can't beat DuPont for efficiency and it will save your back bone and grubbing hoe for future use.

Our friend, Joe Ego, purchased a new Monarch Malleable this week. Joe makes a practice of getting good stuff and he can pick out a good range just as quick as he can pick out a good horse and you'll go some when you beat him at that game. He won't be disappointed with the Monarch Malleable—they are made to give service and satisfaction, and we're here to see that they deliver the goods.

The way the P. C. boys took the honors from Mac this week wasn't slow and the high school boys really owe an apology to Tillamook for the large score they put over on them. Newberg ought to be proud of their local basket ball teams and give them good support throughout the season.

L. Oldenburg and Martin Adolph invested in a new Litchfield Spreader this week and their intentions are to sell shares in it to their near neighbors who desire to take advantage of this modern means of getting their fertilizer on the soil.

A Litchfield Manure Spreader is a good investment and two or three or more farmers can own one together and get more than the cost of it back in one year's use in increase in their crops. The up-to-date farmer is looking for results and is not satisfied until he gets them and he recognizes the fact that new and improved implements are of valuable assistance to him.

Ask us for the little booklet on Soil Sense. It's "free" and it's worth your time to read it. pd adv

PACIFIC COLLEGE

Last week Robert Dan led Y. M. C. A. with the subject "What Shall I Say?"

Mr. and Mrs. Fred Crozer, of Salem, were college visitors Monday and Tuesday.

This week-end the basket ball team has a two-game trip. They will meet the redskins at Chemawa on Friday night and play a return game with Philomath College on their floor Saturday.

The girls of the domestic science department served a cafeteria luncheon Tuesday and Wednesday. A very fine lunch was given at a reasonable rate. A total of over eighty people were served, including many friends outside of school.

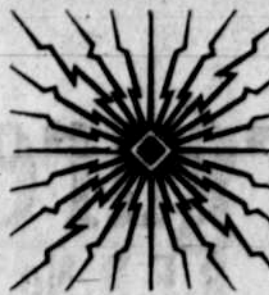

Among the chapel speakers of last week were H. V. White, of the Pacific School of Religion at Berkeley, and Rev. Lee, of the Presbyterian church. Mr. White spoke in the interests of the ministry as a life calling. Rev. Lee gave one of his interesting Bible readings.

After school Friday the Eugene Bible University Glee Club sang a couple of numbers in the auditorium and then invited the student body to attend their concert at the Christian church that evening. The music was appreciated but owing to the basket ball game few attended the concert.

Monday night the P. C. School of Music gave a recital at Wood-

The Best Light is Electric Light. The Best Lamps are Mazda Lamps

Get Both of the YAMHILL ELECTRIC COMPANY "It Serves You Right"

Mar hall. The program was enjoyed by an appreciative audience. There were piano solos and duets, violin and vocal solos. Next Monday night will occur the second free recital of the semester. It will be at Wood-Mar hall at eight o'clock and all are invited.

Debate and oratory are vying with basket ball for the center of interest this month. A dual debate will be held with Albany College probably about April 7. The question will be, "Resolved, That the United States Should Adopt the Essential Features of the Canadian System of Conciliation of Labor Disputes." The local tryouts will occur about February 8. There is a great deal of interest being shown and competition is keen. All of the class oratorical contests have been held. The local contest

will be held Saturday night of this week at Wood-Mar hall. There will be six contestants and the orations will be well worth hearing. Admission is 15 cents.

Last Friday night the McMinnville contingent which came to Newberg so jauntily went back a beaten crowd. In a slow rough game the Varsity defeated the "Mac" quintet 28 to 19. Many fouls were called which is usually the case in a slow game. There was a lack of pep on both sides. Guley played the best game for P. C. and Simpson was high basket man for the visitors. The line-up follows:

Pacific	McMinnville
10 Elliott.....	F.....
6 Hinchaw.....	F.....
10 Guley.....	C.....
2 Colcord.....	G.....
Guyer.....	G.....
Substitution, Larsen for Simpson.	
Referee, C. S. Botsford, of Reed College.	

41 Patterns for 1917

Nairn's Linoleum

Inlaid, Plaids, Congolium

Yes, you've heard of linoleum before—do you use linoleum?

Do you know that Nairn's linoleum is recognized as one of the best?

Do you know that linoleum is the most sanitary floor covering?

Do you know that linoleum saves hours of drudgery?

Thousands of homes are using linoleum on the Kitchen, Dining Room, Living Room, Bed Room and Bath Rooms.

This Means They Have Cut Drudgery to the Minimum

The new patterns comprise one-fourth of the line and the remainder are those of recognized merit.

Pattern samples in actual colors will be sent free on request.
