F. Williamson, of Little Falls, Minnesota, visited Mr. and Mrs. Jack Sawyer Friday and Saturday on the last leg of a journey down the Mississippi, through all the southern states and up through California.

The culmination of the spirited contest between the two teams of the Sunday school was reached when the defeated side, with Miss Florence Doree as captain, entertained the winners, led by Merrett Woodworth, at the home of Mr. and Mrs. N. L. Wiley Friday evening. About fifty of the young folks were present and a very merry evening was spent with games and other jollifications, after which a bountiful lunch was served.

It looks as though O. Woodworth might actually get his embryonic lawn graded and seeded this spring if the season is long enough and all conditions favorable. There has been a gentle rivalry between Mr. Woodworth and Jack Sawyer for the last three years in the matter of lawns, each striving manfully in the spring to complete his first, but up to date the result is undecided, and matters may drift along for another year to decide the championship.

Practically the entire neighborhood turned out Monday evening to help Mr. and Mrs. N. L. Wiley celebrate the fiftieth year of Mr. Wiley's residence at Rex. A most enjoyable evening was passed, and Mr. Wiley was presented with a beautiful rocking chair, John Winters doing the honors, as a slight token of the great esteem in which he is held in the community. Mr. Wiley thanked the guests with a few well chosen words, and then in response to a unanimous request he told of the pioneer days when Portland was a small village and Rex was but a small part of the forest that stretched for miles in every direction. Most interesting was his account of crossing the plains in the sixties with an ox team, the trip taking five months, and their experiences along the way. He also displayed one of the old ox yokes and parts of the harness used during that trip. John Winters told some amusing stories of the time when he and Mr. Wiley attended the same little log school house, and Frank Gustin also told of the pioneer days, everyone listening with the greatest enjoyment. Mrs. Florence Eves repeated some interesting incidents of an uncle who made the trip to Oregon five times in the early days, each time he returned to his home in Pennsylvania the call of the west becoming too strong to resist until he finally settled in Oregon where he found a home and prosperity. The young men's quartet gave a number of enjoyable selections, after which a delicious lunch was served, and all of Mr. Wiley's neighbors united in wishing him another fifty years of peace and prosperity at Rex.
