The Fisk Rubber Company Plant, Chicopee Falls, Mass.

Industrial development has made such rapid strides in the last few years that nowadays a person is not supposed to register surprise when he awakes in the morning to find on the vacant lot across the way a full grown factory where at sunset there was the neighborhood baseball lot.

By no means has the development of the plant of the Fisk Rubber Company been as spectacular as that, but as things go the growth of this New England tire manufacturer has been remarkable to a degree.

In 1897, this concern received its papers of incorporation and the manufacture of tires was commenced in a little factory of only 27,000 feet of floor space. At first only a few dozen tires a day were produced, but as the demand for pneumatics increased, the Fisk Rubber Company obtained a generous share of the growing business. New buildings were constantly required so that more and more tires could be made to keep abreast of the rapidly increasing demand for the Fisk product. At times the building department was hard pressed to keep up with the demands for the erection of additional manufacturing buildings.

The Fisk Company has never stopped growing and even now

more additions are contemplated for the near future. The great plant at Chicopee Falls is one of the largest industrials in New England, with superb equipment and every facility for efficient operation. Some twenty buildings are included in the property and the floor space now in actual use totals more than 30 acres. The latest addition to the Fisk plant is a huge building six stories in height and measuring 600 feet long.

The administration offices of the Fisk Rubber Company are housed in a beautiful modern building which is a model for efficient and convenient arrangement. Three restaurants, rest rooms and even a small hospital are included in the equipment.

The popularity of the Fisk Tire on the coast is indicated by the constant increase in the number of distributing branches which are required to care for the business of this district. Of the 125 direct factory branches which the Fisk Company operates in the principal cities of the United States, no less than 15 are located west of the Rockies. These branches may be found in Fresno, Hollywood, Los Angeles, Oakland, Pasadena, Phoenix, Portland, Reno, Riverside, Sacramento, San Diego, San Jose, San Francisco, Seattle and Tacoma.

In addition to these branches, there are over 5,000 automobile supply houses and garages which sell the Fisk tire up and down the coast, thus making it possible to obtain the popular make of pneumatic in almost

every city and town.

Roy L. Sergeant, of San Francisco, district manager for the coast states, is one of the best known men in the tire business. He is particularly well known around Los Angeles where he has spent a great deal of the time during the past few years, but in his frequent travels over the entire length of the coast he has cultivated a wide acquaintance.

why the Newberg Bakery's Bread is becoming the favorite in so many of Newberg's homes. Mothers know that for pure, unadulterated wholesomeness it has no equal. Women who used to bake at home find it offers all the quality of the home-made article, and saves work and money. Try it and see.

FERNWOOD

Noah Parrish and son, Chas., have gone to Washington for the summer.

Mr. and Mrs. L. M. Metcalf, of Springbrook, visited with the Ross family Sunday.

Miss Mae McLeod, of Portland, spent the week end at the W. A. Parrish home.

Mr. and Mrs. Huhlman spent a few days at their farm home in Fernwood last week.

Some of the children of Claude Fairbank have been sick with tonsillitis but are improving.

We are glad to learn that Grover Livengood is getting nicely over his attack of measles.

Mr. Crow, of Newberg, has rented the Noah Parrish house, and it is said will move sometime this week.

Gottlieb Schmidt came down from Vancouver Saturday evening to see his parents and many friends, returning Sunday evening. He preached an excellent sermon in the gymnasium Sunday morning. He looks "every inch a soldier" in his military uniform. We will hope he will come home uninjured "when this cruel war is over."

REX

Mr. and Mrs. Frank Swartzon welcomed a nine pound boy to their home Sunday. All are doing finely.

Among other Portland shoppers Saturday were Mr. and Mrs. H. Quittenbaum and daughter, Freda, and Misses Rachael and Ethel Brown.

F. Henrich was in McMinnville Tuesday getting his naturalization papers fixed up. He was accompanied by H. Strate and E. Hoening as witnesses.

Mrs. Florence Eves and Mr. and Mrs. A. J. Heskett attended the program of the New York Symphony Orchestra under Damrosch in Portland Sunday afternoon.

Mrs. C. G. Lewis returned home Monday after spending Saturday and Sunday with her daughter, Mrs. Robert Burton, and taking her weekly treatment.

The neighbors are all making

the air odoriferous trying to get their belated spraying done between showers. Scarcely any planting has been done, and unless the weather takes a turn for the better it will make things decidedly late this year.

Ladies' Aid met with Mrs. A. J. Heskett Thursday afternoon with a fair attendance. The president, Mrs. John Winters, conducted the business meeting, after which a short program was given by the committee. The May meeting will convene with Mrs. Rose West.

A party of young poultry students from Corvallis stopped at Rex between trains Friday morning. They visited the up-to-date duck ranch of Moore Bros. where they were shown around by the genial and obliging manager, J. W. Moore, after which they attended the opening exercises of the school, taking the 9:24 train on to Portland.

The many friends of E. M. Conway who has a farm at Rex will be pleased to know of his appointment as colonel by the government. In that capacity he will help in the drilling of recruits at Leavenworth, Kansas. He left last week with his wife and children. Before his marriage Mr. Conway attended a military school at Roswell, N. M., for five years where he was captain of his regiment and his letters of recommendation upon leaving the school were the highest. Mr. Conway is a young man of the greatest industry and worth and his good fortune is richly deserved.

LADIES OF M. L. ENTERTAIN

One of the most pleasing social affairs of the spring season took place at the Moose club rooms last Friday evening, when the ladies of the Moosheart Legion royally entertained the gentlemen Moose of Chealem No. 540 at five hundred.

The committee in charge, who arranged the affair in a very efficient manner, consisted of Mrs. Blanche VanBlaricom, Mrs. Harriet Farr and Mrs. Lela Coyle.

Refreshments were served and suitable prizes were awarded Miss Dorothy Paxson and Orla Ballard for their ability in obtaining the highest scores. Sixty members attended.
