"It Serves You Right"

OUR WEEKLY CHATS

With the Boys at The Big Hardware Store

The hot weather has kept us so busy dishing up oil stoves to the women that we're just about all in, but if you haven't any and want one we'll get it on the job for you. They're cheaper to operate than a wood stove and the absence of heat in your kitchen will make you feel like a different human. We carry the Perfection and Puritan, and it will give us pleasure to demonstrate to you any time.

Our farmer friends are jogging in after that damaged binder twine that isn't damaged, just smoked a little and selling 2c per pound less than it was before the fire. Plymouth 650 ft. manila twine only 20c per lb. while our stock lasts, and it's worth 25c in Portland today.

There is only about 27 or 28 square inches of clean territory in our whole store, but if you put on a calico gown when you call you won't see the dirt you get on yourself and the special values you can pick up around the store will make you happy in spite of the dirt.

In spite of the dirt, we've got some paint to sell, and although our stock is down a little on some lines due to lack of room to put it on account of repairing the building, we'll dig up most any old thing in our line for you if you'll be patient and give us a little time to hunt it up.

Some day our troubles will be over, and our store will shine with a coat of new paint and we will be in position to serve you better than ever, as we are making some interior arrangements in stock that will enable us to give better and quicker service. Just remember we are on the map if we are dirty and black and will appreciate your business just the same. pd adv

When you wash a child's tam-o-shanter hat, dry it over a dinner plate and it will not shrink.

A white kitchen is not only cheerful, but it makes dirt so apparent that it has no chance to hide.
