as second-class matter.

\$1.50 Per Year in Advance

THURSDAY, AUGUST 30, 1917

The prudent housewife will figure on about seven pie-less days in the week now, with lard for shortening selling at 30 cents per pound.

The bill for the purpose of raising letter postage to three cents failed in the Senate. Had the bill become a law it is doubtful if it would have increased the revenue as much as its advocates believed it would, for it would doubtless have curtailed the number of letters mailed very materially.

Some hop pickers are out in the yards and the tree frogs are beginning to croak, but this combination which has hardly ever failed to break a "dry spell" in the past, has failed to bring the desired relief, so far. Just wait until the prune pickers are on the job and an old time soaker may reasonably be expected.

When those who are asking for and receiving free space regularly in both the Newberg newspapers for announcing their gatherings, go to a job office to get posters printed for announcing similar gatherings, the most charitable construction we can put on such a course is that the golden rule was torn out of the book they used when they went to school.

The season has been ideal for the propagation of the codling moth and the worms are vigorously contesting their rights in orchards. Where spraying is not kept up regularly apples and pears will be hit hard by these pests and no first class fruit can be expected from neglected orchards. Eternal vigilance will be the price paid for the marketable product.

There is no puffing of the engine and taking up slack when an electric train starts, for the pulling power is attached at both ends of the train and every wheel begins to turn at the same time. This, no doubt, accounts for a number of people who have been accustomed to steam trains and who in a deliberate way take time to bid friends a second good-bye here at the station get left when the train starts. Verily, neither time nor an electric train waits for man.

The uninitiated, on seeing the number of letters that reach the average newspaper office these days marked "Official Business," might readily conclude that the editor had a stand-in with the "war college" at the National Capital and that his advice was being sought with reference to grave and far reaching matters. But not so. It is simply a matter of asking free publicity for all kinds of propositions in the interest of the government. The newspapers have certainly done their bit in the past few months and they are willing to do more but there is a possibility of riding a free horse to death.

The Graphic recently furnished Fred Lockley a photograph of the Pacific Academy building and group of the teachers and students taken the year the school opened, to be used in a "Hoover" story he wrote for publication in the Oregon Journal. We are using the same picture this week, along with some information which we think is worth preserving. In referring to this picture the Willamina Times says O. K. Edwards of that town appears in the picture standing beside Bert Hoover. In this the Times is

mistaken. When this picture was taken O. K. was not of academy timber. It is his older brother, Walter, who stands on the left of Hoover. The one on the right is O. J. Hobson who is now living in Seattle.

TREATING PAPERS UNFAIRLY.

The State Editorial Association is making a vigorous protest against another Liberty Loan drive in November and December with free advertising demanded from the newspapers as was the case the first time. We should think the government officials would be ashamed to ride a free horse to death; but the proposal to impose a special tax on newspapers from which other lines of business are exempt, seems to come with very poor grace after the newspapers of the country gave the government millions of dollars' worth of publicity that cost them heavily, absolutely without charge. We are willing to help to the limit of our ability, but we certainly don't like the sort of appreciation manifested by our lawmakers—even though the Sentinel is in the class that the tax won't reach. It would be just as unreasonable to ask farmers to furnish free grain to the government as to demand free advertising from the newspapers and yet the government guarantees the farmer two dollars a bushel for his next year's wheat crop and at the same time asks the publisher to work for nothing and board himself.—Coquille Sentinel.

YAMHILL COUNTY W. C. T. U. CONVENTION

The annual convention of the Yamhill County W. C. T. U. will be held in the Baptist church in Newberg on Tuesday and Wednesday of next week. Following is the program:

TUESDAY MORNING
9:30 Evangelistic service.....
..... Rev. Louise P. Round

Song, "In Candy Land".....
..... by children
2:30 "Health and Hygiene in the Home"..... Dr. Rankin
Solo..... Miss Ethel Morris
3:00 "What Next in Reform Work".....
..... Rev. Lee

W. C. T. U. GLEANINGS

An exceedingly helpful meeting was held at the home of Mrs. Sanders last week. The annual election of officers was held, resulting in the re-election of the old ones.

Several reports of department work were made, and it was voted to meet on Wednesday afternoon of this week to engage in Red Cross work. Superintendents of departments will also be appointed.

Miss Lois Smith, formerly of Echo, now of California, was present and gave a timely address on national prohibition, purity and citizenship, and sang several selections.

MATTER OF INTEREST TO FARMERS

To the Editor—Would you kindly give me space in your valuable columns to sound a word of caution and advice to farmers who are preparing dressed meats to be sold in Portland and other cities within the state.

A great amount of this meat is condemned and ordered destroyed because of reaching the market in such a condition that it is unfit for food. This is not only a direct loss to the farmer who ships it, but in such times when we are exercising every effort in the line of food conservation, it is a loss to the consuming public, and we feel a great deal of such loss could be avoided if farmers and butchers would properly prepare their meats, taking necessary precaution to see that it reaches the market in the best possible condition.

Dr. E. E. Chase, chief meat inspector of the city health department of Portland, informs me that during the last 16 months there has been condemned 18,426 pounds of meat that was killed and dressed by farmers, and this condemnation has not been on account of a diseased condition of the meat but simply on account of what is termed "spoiled meat." We feel that if farmers and butchers will observe the following requirements much of this loss can be eliminated:

1st—The carcasses of veal and hogs must be entirely free from animal heat before being offered to the transportation company for shipment.

2nd—All carcasses of veal should have two sticks, one in the thoracic cavity, the other in the abdominal cavity, so as to spread the carcass and hold it apart. In hogs weighing over 200 pounds it would be well to have them split through the hips and shoulders, as hogs sour very quickly during hot weather. Thoroughly wash the inside of the veal with hot water and wipe with a clean cloth until all slime and dampness is thoroughly removed. The sprinkling of cayenne pepper on the inside of the carcass tends to prevent the work of flies.

All carcasses, except veal, must be wrapped in a clean cloth before being offered for shipment.

J. D. Mickle,
Dairy and Food Commissioner.

SERVICES AT NEWBERG CHURCHES

METHODIST
The union services are over and we begin our regular work at the M. E. church.

Sunday school 9:45. Classes for all ages.

D. M. NAYBERGER

McMINNVILLE, OR.

8 p. m.—"The Reward of Labor."

Prayer service on Wednesday evening. Let all the members of the church renew their zeal and prepare for a successful season's work.

NAZARENE

Special meetings begin Sunday at the Nazarene church. Evangelist Fred St. Clair comes from Everett, Washington, where he held a most successful meeting. He is a forceful, interesting and earnest speaker. The first service is at 11 a. m. and 3 p. m. and again at night at 8. A cordial welcome is extended to all by the church.

YAMHILL COUNTY VETERAN'S ASSOCIATION MEET SEPT. 20

Editor Graphic: Will you kindly announce that the Yamhill County Veteran's Association will meet in the auditorium in McMinnville on Thursday, Sept. 20. There will be a free dinner for the veterans and their families.

The only program as yet announced is a lecture by Rev. I. B. Sell, of Fairview, at the evening session. His subject will be "A Green Soldier Boy." Comrade Sell was one of those East Tennesseans who made his escape through the confederate lines, joining Col. Brownlow's first term cavalry and earned a lieutenant's commission at 18 years of age. I understand his lecture is from his personal experiences during the civil war.

Yours truly,
H. S. Maloney,
Pres. Y. C. V. A.

LOCAL NEWS

Mrs. J. C. McLain, of Portland, has been in town during the week visiting at the home of brother, W. W. Hollingsworth.

Mrs. Elizabeth Champney, a well known author whose books meet with ready sale, and her son, Friar Champney, who is an architect, as well as a landscape painter of considerable note, were here from Seattle last week as the guests of the Hull family.

Vernon T. Hinshaw who was one of the number who contracted typhoid fever by drinking water from a well in McMinnville when attending the funeral of Judge Dodson, is now able to get about a little. Mrs. Hinshaw is also able to be up some and will soon be out. Mrs. W. E. White, another victim, is showing good progress on the road to recovery.

Mr. and Mrs. E. L. Evans received a cable message from France the first of the week announcing the safe arrival in that country of their son, Arlie, and the other Newberg boys.

Rev. Richard Haworth and children, who are on their way from Iowa to Long Beach, California, where he will take the place as pastor of one of the Friends churches in that city, are here visiting his brothers, John and Justin Haworth.

Miss Eunice Lewis drove to Portland in the auto one day last week where she met Prof. Rosa E. Lewis, of Penn College, Iowa, and Miss McCracken and Miss Johnson, of the Pacific College faculty, and took them for a drive over the Columbia River Highway.

Jim Henry, the city marshal, is having all kinds of trouble with auto drivers who fail to comply with the law requiring all machines to display rear lights. Walter Cook and a Portland man named Failing had a collision one evening recently at the corner of First and Main streets which is said to have been the result of laxness in this respect. Jim says all auto drivers look alike to him and he proposes to see that the law is complied with.

B. S. Cook is out from Portland today closing up an exchange of the W. P. Heacock

property located in the outskirts of Newberg to the northwest, with B. B. Brumwell, of Lents, for property there. The two families expect to make the exchange as soon as the abstracts are completed and the papers exchanged. The Heacock family came to Newberg from Santa Clara, California, and have been residents here long enough to see most of the growth of the town. About the first job Mr. Heacock had here was on a new school building which has since been added to until we have the present grade building. He is now working for a silo company in Portland.

The home of Mrs. R. E. Brown, of Springbrook, on the afternoon of August 27, from two till five o'clock, was the scene of a gay little birthday party in honor of little Miss Alda's eighth birthday. The dining room was decorated in pink, the color scheme being carried out in the ice cream and birthday cake. Miss Sylva Clemenson presided over the luncheon table. Many little interesting games were played, much to the enjoyment of the little girls. The prizes were carried off by Grace Heater, Vera Hornbeck and Bernice Newhouse. Those enjoying the hospitality were the little Misses Mary and Florence Burgoyne, Bernice Carlisle, Grace Heater, Vera Hornbeck, Delight Cowgill and Bernice Newhouse.

PACIFIC COLLEGE

A home institution that offers to young men and young women the benefits of a liberal education under good influences at a minimum expense.

Its courses of study are arranged to give that broad culture which should be the possession of every intelligent man and woman, which includes **Philosophy, History and Political Science, the Languages, Biblical Literature and History, Mathematics, Biology, Chemistry, Physics, Public Speaking, Home Economics, Music.**

Last year a **Commercial Course** was added, which proved to be popular.

The date of opening the new school year is October 1.
