Elliott was chosen to serve on the finance committee and E. H. Woodward on the executive committee.

Dr. Hester was called to Greenleaf, Idaho, Saturday, on account of the serious illness of his sister, Mrs. Rhoda Mills, who had been a sufferer for many months. She passed away on Sunday morning, just before her brother's arrival. She was the wife of S. A. Mills, a long time resident of Newberg and former owner of the Newberg Auto Co. Garage. The Mills have many friends and relatives here who feel keenly this loss as well as a deep sympathy for the family.

G. N. Hesgard returned last week with Chester Noble and Leslie Blanchard from Cardston, Alberta, where they have been working for M. H. Galt, formerly with the First National Bank in this city. Mr. Hesgard has been with Mr. Galt since last spring. He says that the Galt place consists of 1,250 acres of first class land, with 500 acres in crop, mostly wheat, and that the land produces big crops. He threshed 9,000 bushels of wheat for Galt this season, and also did a lot of threshing for other parties. Mr. Galt's place lies south of Cardston.

The following was recently received from H. A. Hyde: "Will write a few lines to let Newberg people know where we are. We are at Prairie City now, arrived here O. K. Monday evening. Had the time of our lives in Eagle eating peaches. We mourned because we could not eat more of them and keep them from rotting on the ground. Are meeting lots of old friends and acquaintances. Last night was the first frost of the season to hurt anything. Threshing is in full blast. I have been helping dig spuds. Yesterday three of us dug one ton. Regards to all Newberg friends."

Mrs. Sarah Hicks recently received a letter from her brother, Dan B. Jenkins, who lives at Holbrook, Nebraska, saying he was attending a peace jubilee of the Blue and the Gray at Vicksburg, Mississippi. This is a very interesting trip for Mr. Jenkins as he and three brothers fought for the Union on this territory.

Ervin Scott, recently of California, has purchased the 7½ acre tract situated northeast of town just outside the city limits, of Thomas E. Miles. One thing about the transaction is interesting and commendable to our state and to this community, for twelve years ago Mr. Scott sold this same tract to Mr. Miles. Mr. Scott then moved to Portland and was employed in the city mail carrier service for several years, then moved back to Marion, Indiana, where he worked in a glass manufacturing plant, continuing in this business until the plant gave up glass manufacturing and began making munitions of war. He being of good Quaker stock, could not conscientiously engage in this business, so he resigned his position, and the western fever soon came over him again. He returned last spring and spent the summer in California caring for a peach crop, but it appears that Newberg had the greatest pull on him, for he has returned and bought from Mr. Miles his old home place. From the way he wears the smile one would think that his desire to roam had been fully satisfied.

W. W. Lunger, who aspires to become county judge, was in town a short while on Tuesday evening adding spices to the political pot. He made it clear to his friends that if he received the nomination and was elected County Judge he would only ask for the one term.

H. S. Butts and wife of Dallas, schoolmates of the Eckerson brothers years ago in Michigan, spent a couple of days with them while on their way back to the old home for a visit. They stopped off to carry back messages from the Eckersons to their old friends and acquaintances.

George Howland and family had quite a disappointment Wednesday when they went out to the Clackamas Camp to see their son Will. It seems Will had the day off and came home to see the folks for his last visit, as the boys leave Friday for North Carolina, and he passed them on the way.

T. W. Simons, of Juneau, Alaska, is in the city visiting at the home of his aunt, Mrs. A. E. Richards. T. W. is employed in a big cannery near Juneau and has been on the job for seventeen years. He spends some time each year fishing and hunting big game, and to sit and listen to him unwind some of his yarns makes a fellow itch to be there. Mr. Simons ships a barrel of fine salmon of his own canning, put up in brine, every fall to Mrs. Richards.

Saturday's Oregonian had an account of a Walter Brown being hit by a motorcycle on the streets of Portland Friday and sustaining a fractured skull and of his being in the Good Samaritan hospital. He is the son of Mr. and Mrs. I. W. Brown, of Springbrook, and a friend of the family who saw the account notified the family. As the address given was the address of their son they hastened to Portland on the next train and found Walter as above stated. They called friends on the phone the first of the week and reported that Walter had regained consciousness and seemed very much improved. His many friends here will be glad to learn of his improved condition.

Buying eight Liberty Bonds and having them drawn up in his mother's name is the commendable patriotic duty performed by Charles E. Reynold, a Newberg boy, who is a member of the mechanics corps, Co. C., now stationed at Clackamas. While offering his own life in the fight for the freedom of the world, with the feeling that he would ultimately be sent to the front and probably never return, this brave lad looked into the future to provide for his mother as she grew aged, purchasing the Liberty Bonds for her with his savings, thus doing a double duty for his country. Mr. Reynolds also carries life insurance to further protect his parent. Mrs. W. A. Kemp, of 400 River street, is the proud mother of Mr. Reynolds.
