

INSURANCE WITHOUT COST

After the currency panic of 1907, with all the losses it entailed, what would you have been willing to pay for insurance against another such disastrous experience.

Today, through our membership in the Federal Reserve Banking System, we are able to offer it to you without any cost whatever.

You can secure this insurance and protection by becoming one of our depositors.

WEST CHEHALEM

De Vere Fendall made a business trip to McMinnville last Saturday.

Laurence Boyd and Kenneth Fendall were Sunday guests of Ralph Baker.

Mr. and Mrs. Charles Cortell and Miss Gladys Hesgard, of Portland, spent a few hours Sunday with Mr. and Mrs. Finch and family.

An epidemic of scarlet fever has broken out in this community and as a result the schools in Districts 10 and 61 are both closed indefinitely.

Florence, Clara and Clifford Calkins spent Sunday at home. Florence and Clara are attending Pacific College, while Clifford is a student at the Behnke-Walker institution of Portland.

The open meeting of the Farmers' Union held last Thursday was quite a success. The speaking was very good and it is entirely superfluous to say that the supper was enjoyed by all.

Mrs. Newton, formerly Mrs. Jones, the mother of Fielder Jones of base ball fame, visited last week at the home of Mrs. Wm. Sullivan. Mrs. Newton is now staying with her two sons in Portland.

C. E. services next Sunday evening will be in charge of De Vere Fendall, the topic being "Our Denominational and Foreign Mission Boards: Their History and Achievement." The C. E. society was to have held a social at the church Friday evening, November 16th, but it has been postponed because of the scarlet fever in the community.

Through some misunderstanding, Rev. E. C. Stannard failed to arrive last Sunday, and the time which would have been taken in preaching services was given to Supt. A. C. Stanbrough and Rev. H. G. Crocker of Newberg. They devoted their time to the solicitation of subscriptions for the Y. M. C. A. campaign, and though many people were not prepared for such a meeting, the amount subscribed was quite gratifying. The money which would ordinarily have been paid to the minister was, by vote of the congregation, turned over to the Y. M. C. A.

The school fair which was held at the Bwing Young school last Friday, though not widely advertised, was very well attended. Cash prizes on the exhibits were awarded to the extent of \$66. As was to be expected, District No. 10 "came in" for the largest share in the money, nearly every pupil of the school getting some prize. Miss Rosie Hesgard was the highest individual prize winner, gaining six firsts and two seconds. In the cow judging contest, Leonard Versteeg was high point winner, and his sister, Miss Beulah, was a close second. The program presented in the evening was highly entertaining and combined not only local talent but also the talent of County Agriculturists Shrock and Jameson of Yamhill and Washington counties respectively. Jameson gave a review of the exhibits and dwelt upon the standards to be attained in prize livestock and produce, while Shrock kept the crowd in an uproar with several comic recitations. We hope to see the school fair an annual event.

REX

Quite a number of Rex people attended quarterly meeting at Newberg Saturday.

Robert and Charles Garland, who are working in Portland, spent Sunday with their folks.

A son was born to Mr. and Mrs. A. L. McCaffree Monday, November 12. He has been named Harvey Andrew.

Mrs. Gottlieb Schaad and small daughter, and Mrs. August Schaad and two youngest sons left Tuesday for Eustis, Nebraska. This is their former home

and they will spend several weeks visiting relatives and friends.

Mr. and Mrs. J. Ditto came out from Portland Tuesday prepared to remain on their Rex acreage during the winter.

Mr. and Mrs. G. N. Hollister, of Tecumseh, Michigan, arrived Friday to spend the winter with their daughter, Mrs. F. D. Frost, and family.

Mrs. A. W. Nolan, of Portland, spent the week end with her aunt, Mrs. H. H. Peters, and family. Mrs. Nolan has a good number of friends at Rex who remember her as Miss Lula Day.

Miss Fleda Kane left for Portland Saturday to take a business course at the Behnke-Walker school. She was accompanied by her mother, Mrs. Jas. Kane, who returned Monday evening.

Rev. McClure was around bright and early Monday morning collecting \$25, Rex's quota for the army Y. M. C. A. As usual the majority were very liberal in responding and anxious to aid in this noble work. The amount collected was \$36.10 and more could easily have been added, had he not hurried it off by the first mail.

DUNDEE

Mrs. F. S. Hillsinger and son, Lyle, of Portland, spent the week end with relatives and friends in Dundee.

Dundee is feeling elated over the result of the Y. M. C. A. drive. At this writing, Tuesday evening, the fund is \$457 and returns not all in. The most pleasing donation was \$33.13 from the teachers and school children of the district.

News has been received of the death at Corvallis last week of Mr. Heath, father of Mrs. Newton Bailey. Mr. Heath had but recently moved from Raymond, Washington, to Corvallis in order that his daughters might attend school there.

Thomas Prince, Charles Trunk, Mr. and Mrs. T. A. Harper, Mr. and Mrs. E. S. Greer and G. A. Dearborn, from Dundee, attended the Western Walnut Association at McMinnville last week. At the tasting tryout Dundee had four high scores. A detailed report of the tryout will be published later.

The Dundee Red Cross auxiliary will meet as usual at Community hall on Friday from 10 a. m. till 4 p. m. Every woman and girl in the community is welcome at these meetings. Bring your lunch. At 1 p. m. Chairman Warner will hold a business meeting of the Red Cross members at which time committees will be announced.

CHEHALEM CENTER

Next Monday evening, November 19, is Parent-Teacher meeting. All are welcome to attend these meetings.

Mrs. Elizabeth Meyer and the Misses Ruth Meyer, Gladys Smail and Florence Leloh were visitors in Portland Saturday. Miss Ruth Meyer went down to enter the Behnke-Walker school.

Herman Vanderbeck, accompanied by Mrs. J. B. Vanderbeck, Miss Wilma and Clarence Vanderbeck, motored to Portland Saturday. They returned Monday, having visited relatives in the city.

While Wm. Graves and George Morris were out riding in the new Maxwell one day last week they had a serious accident as the machine in some way was inclined to run into a ditch. Will received two bad wounds, one on the hand and one on the face. The Misses Bessie Mackey and Frances Everest accompanied the boys. All escaped without serious injury except Will. The car was badly damaged.

We have a nice lot of Gray Winter Oats and Winter Seed Wheat. Newberg Feed & Seed Co. 51ft

FERNWOOD

Mrs. Ralph Gill and daughter, Isabel, are spending the week in Portland.

Mrs. E. L. Walther left for Idaho Monday where she will visit her daughter, Mrs. James Aldrich.

We are glad to note the return of Andrew Kersey and family to this neighborhood after an absence of several years.

A collection taken up in our schools Friday resulted in the sum of \$3.67 being given toward the Y. M. C. A. work.

Three new pupils have been added to our school this week, making an enrollment of seventy-five. No race suicide in Fernwood.

Mrs. George Woolston and children, who have been making an extended visit in Fernwood, left for their home in Canada Monday morning.

The regular monthly meeting of the Parent-Teacher Association will be held at the school house Friday p. m. The schools will give a program.

Quite a number of our people attended the lecture in Friends church in Newberg given by President Foster of Reed's College. The large audience felt fully repaid for going as the lecture was most excellent.

The W. A. Parrish family feasted on wild goose today, a nice fat specimen having been sent them from Eastern Oregon by their brother, Mike McKern. A good many of us would appreciate the result of a similar "wild goose chase" by our eastern friends.

Mr. and Mrs. Raymond White (nee Miss Goldie Hobson) who have been visiting at the T. E. Hobson home, went to Junction City last Saturday to visit relatives of Mr. White. They are expected back in Fernwood soon for a further visit here before going to their home near Wasco.

A goodly number of the men of Fernwood left their own work and turned out for the purpose of raising the new play shed last Friday. They all worked with a will. The ladies of the P. T. A. served hot coffee at noon. Another "bee" will be held in the near future when it is hoped the structure will be finished.

RAYBELL

George Hiller lost three cattle last week by wild turnip poisoning.

Miss Maude Olson called on Miss Anna Ringnes last Sunday evening.

George Wenger, of Ribbon Ridge, was a Sunday visitor at the Zenzen home.

Adam Zenzen, who is working in Portland, visited with his family last Sunday.

The traveling library for this district has arrived and Miss Ringnes hopes it will be well patronized.

Several of the farmers of this community have been plowing the past week and a large acreage will be sown to winter wheat.

C. L. Gell's new house is nearing completion and when finished will be a most modern, convenient and good looking farm home.

Every card sent out by Miss Ringnes in the Hoover food conservation campaign was signed, making a record of 100 per cent for Raybell district.

Mrs. Marie Pantenberg and children visited with the Zenzen family on Monday. We hear that the Pantenbergs are going to move to Portland soon.

Last Saturday evening the C. L. Gell family, accompanied by Miss Anna Ringnes, drove to the home of Mr. and Mrs. W. Dillon, in the vicinity of North Yamhill. They returned Sunday evening.

At the road meeting held at the school house on November 1 a five mill tax was voted to com-

plete the road in this district. There was not a dissenting vote, which shows that the people of this community are not "slack-ers" when it comes to road building.

The pupils of Raybell school who were neither absent nor tardy the last month are, Nick-lus, Hubert and August Zenzen, Lula Silvers, May, Agnes, Robert and Cecil Groth, Frances Olson, Florence Ray, Wayland Bassett, Norman Yeager, Donald McNamara.

CHATS WITH THE BOYS AT "THE BIG HARDWARE STORE"

This week it's army Y. M. C. A. that we're all interested in. Next week it's something else, and so goes the world. But in the midst of the whirl don't forget your eyes and spoil them by using a poor light to read by. You may want to be a soldier later on, who knows? No chance if your eyes are poor. An Aladdin lamp is the family safeguard against poor eyesight, and it makes "sunshine" in your home. A lamp that is safe, noiseless, beautiful and economical to operate—burns common coal oil—let us demonstrate.

Wood is high priced like some other things nowadays, but coal oil is the same old price. Get a Perfection Oil heater, you'll find it a comfort in your home. You can move it to any cold corner in the house and make it cozy in a few minutes. They don't cost much, either.

If you're a daddy or a mother you can get a world of pleasure watching your little one perform on a "Kiddie Kar." A real practical, strong and durable little three wheeled rig, made in four different sizes for children from one to five years of age.

Helps the children amuse themselves and keeps them off the floor. Yep, we've got 'em and they're the latest thing out for the kiddies, 1918 model.

We expect maybe some people are putting off the "evil day" of buying a heater, just because they think they're awful high priced. Well, they're up a little, but our prices are not half bad. We bought our stock early, and are giving our trade the benefit. Don't shiver around all winter, get a heater how.

There are flash lights, and makeshifts called flash lights being sold to the public. If you want to make sure of quality in both flash lights and batteries, look for the name "Kwik-Lite."

That's the kind we sell. Our batteries fit any old kind of a light you may have.

Thanksgiving time is almost here. How about food choppers, roasters, and such like that you will need to help you "Hooverize" on the annual dinner?

We are agents for the Vaughn wood saw. These are the original and best little outfits of this kind on the market and the price is \$155.00—and you get complete equipment with a 4 h. p. engine.

Who said butcher knives? We did, as we have a few left that were fire victims, not seriously damaged, just smoke, just as good as ever for service and priced 20 per cent off from old prices.

We are on the job, six days every week, and we're always glad to see you, whether you just want to warm up or to buy some goods. It makes no difference, you are always welcome at "The Big Hardware Store." adv

The Flag at Trenton.

The flag "that Washington had with him when he crossed the Delaware to attack Trenton" was not the Stars and Stripes. Washington crossed the Delaware in December, 1776, and the Stars and Stripes did not have an existence until the June of 1777, when it was voted into being by the congress. The flag that waved over General Washington on his way to and from Trenton consisted of thirteen stripes, alternate red and white, as at present, with a blue canton emblazoned with the crosses of St. George and St. Andrew, as in the British flag. The first time the present Stars and Stripes were flown to the breeze was on the day of the battle of Oriskany at Fort Stan-wix, Aug. 6, 1777. —Exchange.
