IMPORTANT NOTICE TO ELECTORS

In order that we may correct our registration files of voters with as little inconvenience as possible to the registrars of this county, I am pursuing the following method:

If you have changed your residence since the last election, you should fill out the following coupon and mail it to the County Clerk. First, put in the precinct you were registered in last election, then the precinct that you are now living in and give the reasons for the change, that is, for instance, "I have moved." Or, if a member of your family who was registered, has died since last election, you should fill out the following coupon stating this fact and mail to the County Clerk in order that he may clear up the records and have no registrars on the files who should not be there.

Please attend to this matter at once as it will only be a short time until another election. If this matter is not attended to, the poll books, which are sent out from the Clerk's office will not be up-to-date and will cause you the inconvenience of being sworn in on election day.
