RECRUITING FOR MERCHANT MARINE

Rexall Store Government Enrolling Station for U. S. Shipping Board

In the window of the Rexall Drug Store on First street, there is displayed a double page advertisement from a current issue of a great national weekly that brings the war on the sea directly home to this section, and to the store where the advertisement appears. The proprietor of the store has a personal interest in the advertisement also, for it relates to war work that he is doing for the Government. Furthermore, he helped pay for it—and the cost of the "ad" for the single issue was \$10,000.

The advertisement asks for 50,000 men, between 21 and 30, for service in the new Merchant Marine. In the language of its headline, it offers "50,000 jobs at sea" to clean-cut young Americans. It states that the U. S. Shipping Board will give them special training before putting them into actual sea service, carrying supplies to our armies and Allies in the fighting fields of Europe. So much importance is attached to this work that men accepted for it are exempted from a call to military duty.

The advertisement relates further, that "the Rexall Stores throughout the United States, nearly 7,000 of them, have been designated by the Government as enrolling stations for the U. S. Shipping Board. At these stores, right in their own home towns, young men may now 'sign on' for training and subsequent sea duty in the U. S. Merchant Marine."

The personal interest of Mr. Lynn B. Ferguson in common with other Rexall druggists, in this striking war announcement, is contained in the concluding words of the advertisement, which are: "This use of the stores and the expense of this advertisement are a contribution by the Rexall Stores to the cause of Liberty."

WATCH FOR THE ECLIPSE SATURDAY

Will Begin at 12:38 O'clock—
Use Smoked Glasses to
Protect Your Eyes

Our valued exchange, the Coquille Sentinel, has taken the time to glean the following from the World Almanac relative to the eclipse of the sun, which will be of interest to our readers:

The moon's shadow will strike the earth at sunrise, in the Pacific ocean, almost directly south of Japan. In its sweep eastward it crosses that ocean and touches the United States just to the south of Seattle, Washington. It then sweeps in a southeasterly direction across lower Washington, upper Oregon, Idaho, southwest Wyoming, Utah, Colorado, Kansas, Oklahoma, Arkansas, Mississippi, Alabama and upper Florida.

The width of the shadow path up in Washington is 66 miles and South Bend, Montezano, Chehalis and Goldendale are located in the dark area where the sun will be entirely blanketed by the moon. In Oregon, Hood River, Heppner and Baker City will be favored by the full show, the latter city being almost in the center of the totality; but the width of the darkest shadow will be reduced there to 64 miles. The total strip will continue in a southeasterly course across the country to Orlando, Florida, where it is only 40 miles wide. At the same time the length is a great deal less, the total observation lasting just two minutes on the Pacific coast and considerably less than one on the Atlantic coast.

Apparently while only thirteen states will be favored with totality the eclipse will be visible everywhere in the United States that the skies are clear.

At Portland the eclipse will begin at 12:38 clock time or 1:38 sun time, the greatest darkness will be at 2:58 sun time, and the end of the eclipse at 4:11 sun time. The hours will be the same at Coquille only varying a few seconds at the most. But while at Portland 99-100 of the sun's diameter will get behind the moon, down here we shall see only 95-100 of the orb or day submerged.

preparation and effort and reflected much credit on their instructor, Lloyd Bartlett. Mr. and Mrs. F. D. Frost sang a duet and Mr. Frost a solo, and Miss Ethel Morris, of Newberg, gave one of her inimitable readings. County Superintendent Duncan rounded up the evening by an address to the graduates and a rousing patriotic talk.
